About this Prospectus

This Prospectus relates to the offer by National Australia Bank Limited ABN 12 004 044 937 of NAB Capital Notes to raise \$1.25 billion, with the ability to raise more or less.

This Prospectus is dated 25 February 2015 and a copy of this Prospectus was lodged with ASIC on that date. This is a replacement prospectus, which replaces the prospectus dated 17 February 2015 and lodged with ASIC on that date ("**Original Prospectus**"). This Prospectus expires on the date which is 13 months after the date of the Original Prospectus and no NAB Capital Notes will be issued on the basis of this Prospectus after that date.

Neither ASIC nor ASX take any responsibility for the contents of this Prospectus or the Offer.

Exposure Period

Under the Corporations Act, NAB was prohibited from processing Applications in the seven day period after 17 February 2015, being the date on which the Original Prospectus was lodged with ASIC.

This period is referred to as the Exposure Period. The purpose of the Exposure Period is to enable the Prospectus to be examined by market participants before the raising of funds. Applications received during the Exposure Period were not processed during the Exposure Period. No preference will be conferred on Applications received during the Exposure Period.

NAB Capital Notes are not deposit liabilities of NAB, are not Protected Accounts or any other accounts with NAB and are not insured or guaranteed by any government, government agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction, by any member of the Group or by any other party. This investment is riskier than a bank deposit. NAB Capital Notes are complex and may not be suitable for all investors.

NAB Capital Notes are issued by NAB under the Terms and Holders have no claim on NAB except as provided in those Terms.

Key risks

Investment products such as NAB Capital Notes are subject to risks which could affect their performance, including Distribution Rate risk and market price fluctuation. These risks could result in the loss of your investment and any associated income. NAB does not warrant or guarantee the future performance of NAB or the investment performance of NAB Capital Notes (including the market price).

NAB must immediately Convert all, or in some cases, some, NAB Capital Notes into Ordinary Shares if a Loss Absorption Event occurs. A Loss Absorption Event may occur where NAB encounters severe financial difficulty. In the event of a Conversion following a Loss Absorption Event, depending on the market price of Ordinary Shares at the relevant time, Holders are likely to receive Ordinary Shares that are worth significantly less than \$101 for each NAB Capital Note they hold. If NAB Capital Notes are not Converted at that time they will be Written Off and you will lose your money. A Conversion or Write Off following a Loss Absorption Event is not subject to any conditions and you will not be given any choice if that happens.

Information about the key risks of investing in NAB Capital Notes is detailed in Section 1.2 "Key Risks of NAB Capital Notes" and in Section 6 "Key Risks of NAB Capital Notes".

ASX quotation

NAB has applied for NAB Capital Notes to be quoted on ASX.

Financial information and forward looking statements

Section 5 sets out financial information in relation to NAB. The basis of preparation of that information is set out in Section 5. All financial amounts contained in this Prospectus are expressed in Australian dollars and rounded to the nearest million unless otherwise stated. Any discrepancies between totals and sums of components in tables contained in this Prospectus are due to rounding.

This Prospectus contains forward-looking statements which are identified by words such as "may", "could", "believes", "estimates", "expects", "intends" and other similar words that involve risks and uncertainties.

Any forward-looking statements are subject to various risk factors that could cause actual circumstances or outcomes to differ materially from the circumstances or outcomes expressed, implied or anticipated in these statements. Forward-looking statements should be read in conjunction with the risk factors as set out in Section 6, and other information in this Prospectus.

No representations other than in this Prospectus

No person is authorised to provide any information or to make any representation in connection with the Offer that is not contained in this Prospectus. Any information or representation not contained in this Prospectus must not be relied upon as having been authorised by NAB.

None of the Joint Lead Managers, Co-Managers or the Registrar has made any statement that is included in this Prospectus or any statement on which a statement made in this Prospectus is based. Each of those parties expressly disclaims all liability in respect of, makes no representations regarding, and takes no responsibility for, any statements in, or omissions from, this Prospectus.

Unless otherwise indicated, all information in this Prospectus, while subject to change from time to time, is current as at the date of this Prospectus.

This Prospectus does not provide financial product or investment advice – You should seek your own professional investment advice

The information provided in this Prospectus is not investment advice and has been prepared without taking into account your investment objectives, financial situation or particular needs (including financial and taxation issues).

It is important that you read this Prospectus in full before deciding to invest in NAB Capital Notes and consider the risks that could affect the performance of NAB Capital Notes.

If you have any questions, you should seek advice from your financial adviser or other professional adviser before deciding to invest in NAB Capital Notes.

Defined words and expressions

Some words and expressions used in this Prospectus have defined meanings. These words and expressions are capitalised and are defined in Appendix B “Glossary” or if not there, in Appendix A “Terms of NAB Capital Notes”.

If there is any inconsistency between the description of the terms of NAB Capital Notes in the Prospectus and in the Terms, the Terms prevail.

A reference to \$ or cents in this Prospectus is a reference to Australian currency. Unless otherwise specified, a reference to time in this Prospectus is a reference to Melbourne, Victoria, Australia time.

Diagrams

The diagrams used in this Prospectus are illustrative only. They may not necessarily be shown to scale. The diagrams are based on information which is current as at the date shown.

Obtaining a Prospectus and Application Form

- the Prospectus is available electronically to you only if you are accessing and downloading or printing the electronic copy of the Prospectus in Australia.

Questions about the Offer

If you have any questions about NAB Capital Notes or the Offer, you should seek advice from your financial adviser or other professional adviser. You can also call the NAB Information Line on 1300 367 647 (within Australia) or on +61 3 9415 4299 (International) (Monday to Friday 8.00am – 7.30pm AEDT) (with an Interactive Voice Response Facility also available 24 hours a day, 7 days a week) during the Offer Period, and for a week following.

Restrictions on foreign jurisdictions

This Prospectus does not constitute an offer in any place in which, or to any person to whom, it would not be lawful to make such an offer.

The distribution of this Prospectus in jurisdictions outside Australia may be restricted by law and persons who come into possession of this Prospectus should seek advice on and observe any of these restrictions. Failure to comply with these restrictions may violate securities laws. Applicants who are resident in countries other than Australia should consult their professional advisers as to whether any governmental or other consents are required or whether any other formalities need to be considered and followed.

In particular, NAB Capital Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“**Securities Act**”) or the securities laws of any state or other jurisdiction of the United States and may not be offered, sold or resold in the United States or to, or for the account or benefit of, any “U.S. person” (as defined in Regulation S under the Securities Act) except pursuant to an effective registration statement or an exemption from the registration requirements of the Securities Act. Neither this Prospectus nor any Application Form or other materials relating to the Offer may be distributed in the United States.

Collecting your personal information

If you apply for NAB Capital Notes, NAB (or the Registrar as NAB’s agent) will collect and hold your personal information. See Section 9.8 “Personal information” on how NAB (as well as its subsidiaries and third party suppliers) collect, use and disclose your personal information.

How to apply for NAB Capital Notes

1. Read the Prospectus

It is important that you read and consider the Prospectus in full before making an Application.

You should have particular regard to the:

- Investment Overview in Section 1 and About NAB Capital Notes in Section 2;
- Key risks of NAB Capital Notes in Section 6; and
- Terms of NAB Capital Notes in Appendix A.

You should carefully consider the risks and other information in the Prospectus in light of your investment objectives, financial situation and particular needs (including financial and taxation issues).

NAB Capital Notes do not constitute deposit liabilities of NAB, are not Protected Accounts for the purposes of the Banking Act or any other accounts with NAB and are not guaranteed or insured by any government, government agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction, by any member of the Group or by any other party.

2. Speak to your professional adviser and consider ASIC guidance for retail investors

If you are unsure whether to apply for NAB Capital Notes, you should speak to your professional adviser about the Offer.

In addition, ASIC has published guidance on hybrid securities on its MoneySmart website which may be relevant to your consideration of NAB Capital Notes. You can find this guidance by searching “hybrid securities” at www.moneysmart.gov.au. The guidance includes a series of questions you may wish to consider, and a short quiz you can complete to check your understanding of how hybrids work, their features and risks.

3. Complete and submit an Application Form

If you wish to apply, you must complete and submit an Application Form before the Closing Date.

Please see Section 3 of this Prospectus and the Application Form for complete information of the Application process.

Applications must be for a minimum of 50 NAB Capital Notes (\$5,000). If your Application is for more than 50 NAB Capital Notes, then you must apply in incremental multiples of 10 NAB Capital Notes – that is, for incremental multiples of \$1,000.

If you are applying under the Securityholder Offer, your application must be received by 16 March 2015. If you are applying under the Broker Firm or Institutional Offers, your application must be received by 19 March 2015.

Applications under the Securityholder Offer must be made either online at www.nab.com.au/ncnoffer or by lodging a completed Application Form with the Registry. Applications will not be accepted at NAB’s registered office or any other NAB office or branch.

Investment Overview

This section provides a summary of the key features and risks of NAB Capital Notes and the Offer. You should read the Prospectus in full before deciding to apply for NAB Capital Notes.

1.1 Key features of the Offer and NAB Capital Notes

Topic	Summary	Further Information
Issuer	National Australia Bank Limited (“NAB”) The Group is a financial services group that provides a comprehensive and integrated range of financial products and services, with over 12,700,000 customers and 42,800 employees, operating more than 1,750 stores and business banking centres globally. Our main operations are based in Australia, with interests in New Zealand, Asia, the United Kingdom and the United States of America. NAB is a public limited company, incorporated on June 23, 1893 in Australia, which is NAB’s main domicile. NAB’s registered office address is Level 1, 800 Bourke Street, Docklands, Victoria 3008, Australia.	Section 4
Offer Size	\$1.25 billion, with the ability to raise more or less.	
Use of proceeds	The net proceeds of the Offer will be used for general corporate purposes. APRA has provided confirmation that NAB Capital Notes, once issued, will qualify as Additional Tier 1 Capital for the purposes of NAB’s regulatory capital requirements.	
Type of security	Convertible notes directly issued by NAB which are not guaranteed or secured. NAB Capital Notes are not deposit liabilities of NAB and are not Protected Accounts for the purposes of the Banking Act.	
Face Value	\$100 per NAB Capital Note	
Term	Perpetual. NAB Capital Notes do not have a fixed maturity date. However, NAB must Convert NAB Capital Notes into Ordinary Shares on the Mandatory Conversion Date (23 March 2022) (subject to the Mandatory Conversion Conditions being satisfied). NAB must also Convert NAB Capital Notes into Ordinary Shares if another entity acquires NAB, subject to certain conditions. In addition, with APRA’s prior written approval, NAB may elect to Convert, Redeem or Resell NAB Capital Notes on 23 March 2020, or earlier following the occurrence of certain events.	Sections 2.2 – 2.7

Topic	Summary	Further Information
Distributions	<p>NAB Capital Notes are scheduled to pay quarterly, floating rate Distributions in arrears in cash until all NAB Capital Notes are Converted, Redeemed or Written Off.</p> <p>The Distribution Rate is calculated in accordance with the following formula:</p> <p>Distribution Rate = (Bank Bill Rate + Margin) × (1 – Tax Rate)</p> <p>Where</p> <ul style="list-style-type: none"> • Margin is 3.50% as determined under the Bookbuild. The Margin will not change for the term of the Notes. • Tax Rate is the Australian corporate tax rate applicable to the franking account of NAB on the relevant Distribution Payment Date. <p>A Distribution will only be paid if:</p> <ul style="list-style-type: none"> • The Directors resolve to pay it; and • A Payment Condition does not exist on the Distribution Payment Date. <p>This means a Distribution may not be paid.</p> <p>The Distribution Payment Dates are 23 June, 23 September, 23 December and 23 March.</p> <p>The first Distribution is expected to be paid on 23 June 2015. Distributions paid on NAB Capital Notes are expected to be fully franked. However, Holders should be aware that franking is not guaranteed.</p> <p>Distributions are non-cumulative, which means that unpaid Distributions do not add up or accumulate. Holders will not have any right to compensation if NAB does not pay Distributions. Failure to pay a Distribution when scheduled will not constitute an event of default.</p> <p>If a Distribution is not paid in full on a Distribution Payment Date, subject to certain exceptions NAB cannot declare, determine to pay, or pay dividends on its Ordinary Shares, or buy-back or reduce capital on any of its Ordinary Shares, until the next Distribution Payment Date (unless the Distribution is paid in full within 3 Business Days of the relevant Distribution Payment Date).</p>	Section 2.1
Mandatory Conversion on Mandatory Conversion Date	<p>On the first to occur of 23 March 2022, and the first Distribution Payment Date after that date, on which the Mandatory Conversion Conditions are satisfied, NAB must Convert all (but not some) NAB Capital Notes on issue at that date into Ordinary Shares.</p> <p>Details of the Mandatory Conversion Conditions are set out in Section 2.3 of this Prospectus and in the Terms.</p>	Section 2.3

Section One:

Investment Overview

1.1 Key features of the Offer and NAB Capital Notes

Topic	Summary	Further Information
Conversion conditions / What Holders receive on Conversion	<p>The Conversion conditions are designed to ensure that upon a Conversion (other than following a Loss Absorption Event) Holders receive approximately \$101 worth of Ordinary Shares for each NAB Capital Note they hold, and that the Ordinary Shares they receive following the Conversion are capable of being sold on the ASX.</p> <p>The number of Ordinary Shares that Holders will receive on a Conversion will not be greater than the Maximum Conversion Number.</p>	Sections 2.3, 2.4, 2.6 and 2.7
Optional Conversion, Redemption or Resale	<p><i>Optional Conversion</i></p> <p>With the prior written approval of APRA, NAB may elect to Convert into Ordinary Shares all or some NAB Capital Notes on 23 March 2020.</p> <p>Conditions apply to any Conversion in these circumstances. Details are set out in Section 2.4 of this Prospectus and the Terms.</p> <p><i>Optional Redemption or Resale</i></p> <p>NAB may also, with the prior written approval of APRA, elect to Redeem or Resell all or some NAB Capital Notes for the Face Value (\$100) in cash on 23 March 2020.</p> <p>There are restrictions on NAB's ability to Redeem or Resell NAB Capital Notes on 23 March 2020. Details are set out in Section 2.5 of this Prospectus and the Terms.</p> <p><i>Date of optional Conversion, Redemption or Resale</i></p> <p>In order to be eligible as Additional Tier 1 Capital, NAB cannot have the right to redeem or resell NAB Capital Notes earlier than the fifth anniversary of the Issue Date or later than two years before the first scheduled Mandatory Conversion Date.</p> <p>Accordingly, the date for a Conversion, Redemption or Resale at NAB's election (and with APRA's prior written approval) is 23 March 2020.</p> <p> Holders should not expect that APRA's approval, if requested, will be given for an optional Conversion, Redemption or Resale.</p>	<p>Section 2.4</p> <p>Section 2.5</p>

Topic	Summary	Further Information
Conversion, Redemption or Resale in other circumstances	<p>With the prior written approval of APRA, NAB has the option to Convert, Redeem or Resell all or some NAB Capital Notes following the occurrence of a Tax Event or Regulatory Event. NAB also has the option to Convert NAB Capital Notes following a Potential Acquisition Event. Holders should not expect that APRA's approval will be given in these circumstances. For any Conversion, Redemption or Resale which occurs on a day that is not a scheduled quarterly Distribution Payment Date, Holders of NAB Capital Notes which are being Converted, Redeemed or Resold will also receive a Distribution in respect of these NAB Capital Notes for the period from (and including) the immediately preceding Distribution Payment Date to (but not including) the date on which the Conversion, Redemption or Resale occurs (provided the conditions to payment are met, including the Directors resolving to pay the Distribution).</p> <p>Conditions also apply to any Conversion, Redemption or Resale in these circumstances. Details are set out in Sections 2.4 and 2.5 of this Prospectus and the Terms.</p>	Sections 2.4 and 2.5
Mandatory Conversion following a Loss Absorption Event or Acquisition Event	<p>NAB must convert a number of NAB Capital Notes into Ordinary Shares (or, in the case of an Acquisition Event, all NAB Capital Notes) in the following circumstances:</p> <ul style="list-style-type: none"> • if an Acquisition Event occurs; or • if a Loss Absorption Event occurs. <p>A Conversion following an Acquisition Event is subject to conditions being met – see Section 2.6.</p> <p>A Conversion following a Loss Absorption Event is not subject to any conditions.</p> <p>A Loss Absorption Event may occur where NAB encounters severe financial difficulty. In the event of a Conversion following a Loss Absorption Event, depending on the market price of Ordinary Shares at the relevant time, Holders are likely to receive Ordinary Shares that are worth significantly less than \$101 for each NAB Capital Note they hold. If NAB Capital Notes are not Converted at that time they will be Written Off. The consequences of a Write Off are set out in Section 2.7 of this Prospectus and the Terms.</p>	Sections 2.6 and 2.7
Holders have no right to a return of capital	<p>Holders will have no right to require NAB to Convert NAB Capital Notes into Ordinary Shares, or to Redeem or Resell NAB Capital Notes.</p> <p>Holders should be aware that NAB Capital Notes do not have a fixed maturity date and that the mandatory conversion events under the Terms are subject to conditions which may never be met or contingencies which may never occur. Accordingly, if NAB Capital Notes are not Converted, Written Off, Redeemed or Resold in accordance with the Terms, they could remain on issue indefinitely. It is expected that NAB Capital Notes will be quoted on the ASX, and that Holders will be able to buy and sell NAB Capital Notes on the ASX at the prevailing market price.</p>

Investment Overview

Table 1: Summary of certain events that may occur during the life of NAB Capital Notes

The table below summarises certain events that may occur during the life of NAB Capital Notes, and what Holders may receive upon the occurrence of such events. The events are dependent on factors including share price, the occurrence of contingencies and in some cases election by NAB and, accordingly, may not occur.

	When?	Is APRA approval required?#	Do conditions apply?	What value will a Holder receive?	In what form will that value be provided to Holders?
Mandatory Conversion	On 23 March 2022 or the first Distribution Payment Date after that date on which the Mandatory Conversion Conditions are satisfied	No	Yes	Approximately \$101*	Variable number of Ordinary Shares
Optional Conversion	On 23 March 2020	Yes	Yes	Approximately \$101*	Variable number of Ordinary Shares
Optional Redemption or Resale	On 23 March 2020	Yes	Yes	\$100 (Face Value)	Cash
Conversion in other circumstances	If a Tax Event, Regulatory Event or Potential Acquisition Event occurs	Yes	Yes	Approximately \$101**	Variable number of Ordinary Shares
	If an Acquisition Event occurs	No	Yes	Approximately \$101**	Variable number of Ordinary Shares
	If a Loss Absorption Event occurs	No	No	Depending on the market price of Ordinary Shares, likely to receive significantly less than \$101	Variable number of Ordinary Shares If NAB Capital Notes are not Converted for any reason into Ordinary Shares within the required time, NAB Capital Notes will be Written Off [^]
Redemption / Resale in other circumstances	If a Tax Event or Regulatory Event occurs	Yes	Yes	\$100 (Face Value) [†]	Cash

Holders should not expect that APRA approval will be given if requested.

* On the basis of the Conversion calculations (the value of Ordinary Shares received on Conversion may be worth more or less than \$101). The number of Ordinary Shares that Holders will receive will not be greater than the Maximum Conversion Number.

† If a Conversion (other than on account of a Loss Absorption Event), Redemption or Resale occurs on a day that is not a scheduled quarterly Distribution Payment Date, Holders of NAB Capital Notes which are being Converted, Redeemed or Resold will also receive a Distribution in respect of these NAB Capital Notes for the period from (and including) the immediately preceding Distribution Payment Date to (but not including) the date on which the Conversion, Redemption or Resale occurs (provided the conditions to payment are met, including the Directors resolving to pay the Distribution).

[^] If a NAB Capital Note is Written Off, all rights (including to Distributions) in respect of that NAB Capital Note will be terminated, and the Holder will not have their capital repaid.

Ranking

In a winding up of NAB, NAB Capital Notes rank ahead of Ordinary Shares, equally amongst themselves, equally with Equal Ranking Instruments and junior to Senior Creditors (which includes depositors), as shown in Table 2. However, the amount of any return in a winding up will be adversely affected if a Loss Absorption Event has occurred.

Table 2: Illustration of ranking on winding up

		Examples	Examples of existing NAB obligations and securities ¹
Higher ranking			
	Senior obligations	Liabilities preferred by law and secured debt	Liabilities in Australia in relation to Protected Accounts under the Banking Act (generally, savings accounts and term deposits) and other liabilities mandatorily preferred by law including employee entitlements, liabilities to secured creditors and in respect of covered bonds
		Unsubordinated unsecured debt	Bonds and notes, trade and general creditors
		Term subordinated unsecured debt issued before 1 January 2013	NAB Subordinated Notes and other dated subordinated unsecured debt obligations issued before 1 January 2013
		Term subordinated unsecured debt issued after 1 January 2013 and perpetual subordinated unsecured debt	NAB Undated Subordinated Floating Rate Notes issued in 1986 and €750 million Subordinated Notes due 2024
	Equal ranking obligations	Preference shares and other equally ranked instruments	NAB Capital Notes² , and any securities expressed to rank equally with NAB Capital Notes, which include: <ul style="list-style-type: none"> • NAB CPS II. • NAB CPS. • The preference shares comprised in the National Income Securities. • The preference shares which may be issued under the TPS, TPS II³, AUD NCI and EUR NCI (if issued). • The 2009 Capital Notes.
	Lower ranking obligations	Ordinary shares	Ordinary Shares
Lower ranking			

¹ This is a very simplified capital structure of NAB and does not include every type of security or other obligation issued by NAB. NAB has the right to issue further debt, deposits or other obligations or securities of any kind at any time. NAB Capital Notes do not limit the amount of senior debt, deposits or other obligations or securities that may be incurred or issued by NAB at any time.

² If a Write Off of a NAB Capital Note occurs following a Loss Absorption Event, the rights of Holders to distributions and returns of capital in respect of that NAB Capital Note will be terminated, the NAB Capital Note will not be Converted, Redeemed or Resold on any subsequent date and the Holder will not have their capital repaid. If a NAB Capital Note is Converted, the Ordinary Shares a Holder receives on Conversion will rank equally with other Ordinary Shares in a winding up of NAB.

³ NAB has given notice on 22 January 2015 that the TPS II will be redeemed on 23 March 2015.

Section One:

Investment Overview

1.2 Key risks of NAB Capital Notes

You should read Section 6 “Key Risks of NAB Capital Notes” in full before deciding to invest. The key risks outlined in that section include risks associated with an investment in NAB Capital Notes and an investment in NAB. Some of these risks are summarised below.

1.2.1 Key risks associated with an investment in NAB Capital Notes

Topic	Summary	Further Information
NAB Capital Notes are not deposit liabilities or Protected Accounts	NAB Capital Notes do not constitute deposit liabilities of NAB, are not Protected Accounts for the purposes of the Banking Act or any other accounts with NAB and are not guaranteed or insured by any person.	Section 6.1.1
Distributions may not be paid	<p>There is a risk that Distributions will not be paid, including where the Directors do not resolve to pay a Distribution or where a Payment Condition exists on the Distribution Payment Date.</p> <p>As Distributions are non-cumulative, if a Distribution is not paid then NAB has no liability to pay that Distribution and Holders have no claim or entitlement in respect of such non-payment. Failure to pay a Distribution when scheduled will not constitute an event of default.</p>	Section 6.1.2
The Distribution Rate will fluctuate	The Distribution Rate will fluctuate up and down. There is a risk that the return on NAB Capital Notes may become less attractive compared to returns on other investments.	Section 6.1.3
Market price of NAB Capital Notes	The market price of NAB Capital Notes may fluctuate up or down and there is no guarantee NAB Capital Notes will trade at or above their Face Value. The price at which NAB Capital Notes trade may, for example, be affected by how the Distribution Rate of NAB Capital Notes compares to that of other comparable instruments.	Section 6.1.4
Liquidity of NAB Capital Notes	The liquidity of NAB Capital Notes may be low, which means that, at certain times, you may be unable to sell your NAB Capital Notes at an acceptable price, if at all.	Section 6.1.5
Liquidity and price of Ordinary Shares	<p>Where NAB Capital Notes are Converted, the market for Ordinary Shares may be less liquid than that for comparable securities issued by other entities at the time of Conversion, or there may be no liquid market at that time.</p> <p>The market price of Ordinary Shares will fluctuate due to various factors, including investor perceptions, domestic and worldwide economic conditions, NAB’s financial performance and position and transactions affecting the share capital of NAB. As a result, the value of any Ordinary Shares received by Holders upon Conversion may be greater than or less than anticipated when they are issued or thereafter.</p> <p>The market price of Ordinary Shares is also relevant to determining whether Conversion will occur (except for Conversions on account of a Loss Absorption Event) and the number of Ordinary Shares you will receive. Depending on the market price of Ordinary Shares at the relevant time, Conversion may not occur.</p> <p>See on page 15 the heading “Conversion or Write Off following Loss Absorption Event” and Section 6 for further information on the Conversion or Write Off of NAB Capital Notes following a Loss Absorption Event.</p>	Sections 6.1.4, 6.1.5, 6.1.6 and 6.1.9

Topic	Summary	Further Information
NAB Capital Notes are perpetual and may not Convert	<p>NAB Capital Notes have no fixed maturity date but will Convert into Ordinary Shares on 23 March 2022 if the Mandatory Conversion Conditions are satisfied. If these conditions are not met on 23 March 2022, Conversion will occur on the first Distribution Payment Date on which they are satisfied.</p> <p>If the Mandatory Conversion Conditions are never satisfied, there is a risk that NAB Capital Notes may never Convert.</p>	Section 6.1.9
Holders have no right to request early redemption	<p>Holders have no right to request that their NAB Capital Notes be redeemed. Absent a Conversion, Redemption or Resale, in order to realise their investment, Holders would have to sell their NAB Capital Notes on the ASX at the prevailing market price. That price may be less than the Face Value, and there may be no liquid market in NAB Capital Notes (see Sections 6.1.4 and 6.1.5).</p>	Section 6.1.11
NAB has certain early Conversion, Redemption and Resale rights	<p>Subject to the prior written approval of APRA and certain conditions being met, NAB has the right to Convert, Redeem or Resell NAB Capital Notes on 23 March 2020, or because of a Tax Event or a Regulatory Event and to Convert NAB Capital Notes because of a Potential Acquisition Event. Holders should not expect that APRA's approval, if requested, will be given for any Conversion, Redemption or Resale of NAB Capital Notes.</p>	Sections 6.1.11 – 6.1.14
Conversion or Write Off following Loss Absorption Event	<p>If Conversion occurs following a Loss Absorption Event, depending on the market price of the Ordinary Shares at that time Holders are likely to receive significantly less than \$101 worth of Ordinary Shares per NAB Capital Note and in cases where NAB Capital Notes are not Converted for any reason (within five days after the Loss Absorption Event Conversion Date), NAB Capital Notes will be Written Off (with effect on and from the Loss Absorption Event Conversion Date).</p> <p>If a Write Off occurs following a Loss Absorption Event, the rights of Holders to Distributions and returns of capital will be terminated, NAB Capital Notes that are Written Off will not be Converted, Redeemed or Resold on any subsequent date and a Holder will not have their capital repaid.</p>	Section 6.1.14
Ranking in a winding up of NAB	<p>In a winding up of NAB, NAB Capital Notes rank ahead of Ordinary Shares, equally with all Equal Ranking Instruments, but behind the claims of all Senior Creditors (which includes depositors).</p> <p>On a winding up of NAB, there is a risk that Holders may lose some or all of the money they have invested in NAB Capital Notes. See also the above and Section 6.1.14 in relation to returns of capital following a Write Off. If NAB Capital Notes are Written Off, Holders will not have their capital repaid and will not be entitled to any return in a winding up.</p>	Sections 6.1.14 and 6.1.15
NAB may issue further securities	<p>There is no limit on the amount of senior debt, deposits or other obligations or securities that may be incurred or issued by NAB at any time, which may affect Holders' ability to be repaid on a winding up of NAB.</p>	Section 6.1.16

About NAB Capital Notes

Section Two: About NAB Capital Notes

The following is an overview of the key terms of NAB Capital Notes. It is important that you read this Prospectus and the Terms in full before deciding to invest in NAB Capital Notes. If you have any questions, you should seek advice from your financial adviser or other professional adviser.

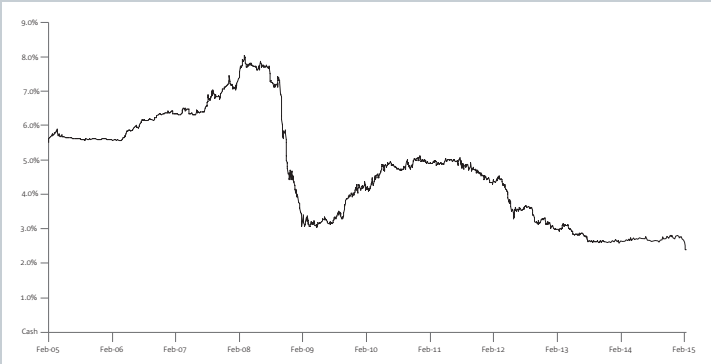

The full Terms are contained in Appendix A. Rights and liabilities attaching to NAB Capital Notes may also arise under the Corporations Act, ASX Listing Rules and other applicable laws.

2.1 Distributions

NAB Capital Notes are expected to pay quarterly Distributions, which are expected to be fully franked. A Distribution will be paid provided the Directors decide to pay it, and provided a Payment Condition does not exist on the Distribution Payment Date. A Payment Condition is where NAB is prevented from paying the Distribution by prudential regulatory requirements, applicable law or insolvency.

The Distribution Rate is a floating rate (i.e. it will fluctuate), and is equal to the sum of the Bank Bill Rate plus a Margin (as determined under the Bookbuild), adjusted for NAB’s tax rate.

Distributions are non-cumulative.

Topic	Summary	Further Information										
<p>Distribution Rate</p>	<p>The Distribution Rate for each quarterly Distribution will be calculated using the following formula:</p> <p>Distribution Rate = (Bank Bill Rate + Margin) x (1 – Tax Rate)</p> <p>where:</p> <ul style="list-style-type: none"> • Bank Bill Rate is a benchmark interest rate for the Australian money market. It is based on an average of rates at which major Australian financial institutions lend short-term cash to each other over a 90 day period. It changes to reflect supply and demand in the cash and currency markets. The Bank Bill Rate for each Distribution Period is set on the first Business Day of the relevant Distribution Period; • Margin is 3,50% as determined under the Bookbuild. The Margin will not change for the term of the Notes; and • Tax Rate is the Australian corporate tax rate applicable to the franking account of NAB on the relevant Distribution Payment Date. <p>For example, if the Bank Bill Rate was 2,3900%, the Margin is 3,5000% and the Australian corporate tax rate was 30%, assuming the Distribution is fully franked the Distribution Rate for that Distribution Period would be calculated as follows:</p> <table border="1" data-bbox="389 1375 999 1563"> <tr> <td>Bank Bill Rate</td> <td>2,3900% per annum</td> </tr> <tr> <td>plus Margin</td> <td>3,5000% per annum</td> </tr> <tr> <td></td> <td>5,8900% per annum</td> </tr> <tr> <td>Multiplied by (1 – Tax Rate)</td> <td>x 0,70</td> </tr> <tr> <td>Distribution Rate=</td> <td>4,1230% per annum</td> </tr> </table> <p>The graph below illustrates the movement in the Bank Bill Rate over the last 10 years. Calculation of Distribution	<p>Distributions scheduled to be paid on a Distribution Payment Date will be calculated using the following formula:</p> $\frac{\text{Distribution Rate} \times \text{A\$}100 \times \text{N}}{365}$ <p>where:</p> <p>N is the number of days in the Distribution Period calculated as set out in the Terms.</p> <p>Using the above formula, if the Distribution Rate was 4.1230% per annum, then the Distribution on each NAB Capital Note for the first Distribution Period (if the Distribution Period was 92 days) would be calculated as follows:</p> <table border="0"> <tr> <td>Indicative Distribution Rate</td> <td>4.1230 % per annum</td> </tr> <tr> <td>Multiplied by the Face Value</td> <td>x \$100</td> </tr> <tr> <td>Multiplied by the number of days in the Distribution Period</td> <td>x 92</td> </tr> <tr> <td>Divided by 365</td> <td>/ 365</td> </tr> <tr> <td>Indicative cash Distribution payment for the first Distribution Period for each NAB Capital Note</td> <td>\$1.0392</td> </tr> </table> <p>Distributions paid on NAB Capital Notes are expected to be fully franked, and accordingly Holders are expected to receive a combination of cash Distributions and franking credits.</p> <p>The above example is for illustrative purposes only and does not indicate, guarantee or forecast the actual Distribution payment for the first or any subsequent Distribution Period. Section Two:

About NAB Capital Notes

2.2 Term

Topic	Summary	Further Information
Term	<p>NAB Capital Notes do not have a fixed maturity date and if they are not Converted, Written Off, Redeemed or Resold in accordance with the Terms, they could remain on issue indefinitely and accordingly are perpetual securities.</p> <p><i>Conversion</i></p> <p>NAB Capital Notes will Convert into Ordinary Shares on 23 March 2022 if the Mandatory Conversion Conditions are satisfied.</p> <p>In addition, under the Terms, there are various other circumstances where NAB Capital Notes may Convert into Ordinary Shares, including prior to 23 March 2022. In some circumstances, APRA's prior written approval may be required.</p> <p>On a Conversion of NAB Capital Notes (except in the case of a Loss Absorption Event), each Holder should receive Ordinary Shares worth approximately \$101 (determined on the basis of conversion calculations described below, although the market value of Ordinary Shares received may be worth more or less than \$101). For a Conversion following a Loss Absorption Event, depending on the market price of Ordinary Shares at the relevant time, Holders are likely to receive significantly less than \$101 worth of Ordinary Shares per NAB Capital Note. The number of Ordinary Shares that Holders will receive on a Conversion will not be greater than the Maximum Conversion Number. If a Conversion occurs on a day that is not a scheduled quarterly Distribution Payment Date, Holders of NAB Capital Notes which are being Converted will also receive a Distribution in respect of these NAB Capital Notes for the period from (and including) the immediately preceding Distribution Payment Date to (but not including) the date on which the Conversion occurs (provided the conditions to payment are met, including the Directors resolving to pay that amount). No Distribution is payable where the Conversion is on account of a Loss Absorption Event.</p> <p>Any Conversion (other than on a Loss Absorption Event) is subject to conditions. These conditions may never be satisfied. Accordingly, NAB Capital Notes may never Convert into Ordinary Shares.</p> <p>Further information in relation to the circumstances in which NAB Capital Notes may Convert into Ordinary Shares is set out in Sections 2.3, 2.4, 2.6 and 2.7 of this Prospectus.</p>	<p>Sections 2.3, 2.4, 2.6 and 2.7</p>
	<p><i>Redemption</i></p> <p>NAB may, with the prior written approval of APRA, elect to Redeem all or some NAB Capital Notes for the Face Value (\$100), on 23 March 2020, or where certain events occur. If a Redemption occurs on a day that is not a scheduled quarterly Distribution Payment Date, Holders of NAB Capital Notes which are being Redeemed will also receive a Distribution in respect of these NAB Capital Notes for the period from (and including) the immediately preceding Distribution Payment Date to (but not including) the date on which the Redemption occurs (provided the conditions to payment are met, including the Directors resolving to pay the Distribution).</p>	<p>Section 2.5</p>
	<p><i>Resale</i></p> <p>NAB may also, with the prior written approval of APRA, elect to Resell all or some NAB Capital Notes for the Face Value (\$100), on 23 March 2020, or where certain events occur. If the Resale occurs on a day that is not a scheduled quarterly Distribution Payment Date, Holders of NAB Capital Notes which are being Resold will receive a Distribution in respect of these NAB Capital Notes for the period from (and including) the immediately preceding Distribution Payment Date to (but not including) the date on which the Resale occurs (provided the conditions to payment are met, including the Directors resolving to pay the Distribution).</p>	<p>Section 2.5</p>

No right to return of capital

Clause 12.2 of the Terms

There can be no certainty that NAB Capital Notes will be Converted, Redeemed or Resold under the Terms. Holders will have no right to request NAB to Convert, Redeem, or Resell NAB Capital Notes. Holders should not expect that APRA's approval, if requested, will be given for any optional Conversion, Redemption or Resale.

2.3 Mandatory Conversion

NAB must convert all (but not some) NAB Capital Notes into Ordinary Shares on 23 March 2022, if NAB Capital Notes have not been Converted, Written Off, Redeemed or Resold beforehand, provided that certain conditions are met. These conditions may never be satisfied and accordingly NAB Capital Notes may never Convert into Ordinary Shares. The number of Ordinary Shares that Holders will receive on a Mandatory Conversion will not be greater than the Maximum Conversion Number.

The conditions to Mandatory Conversion and the associated Conversion calculations (as set out below) are designed to ensure that Holders receive approximately \$101 worth of Ordinary Shares for each NAB Capital Note they hold, and that the Ordinary Shares they receive following the Conversion are capable of being sold on the ASX.

Topic	Summary	Further Information
Mandatory Conversion Date	<p>The Mandatory Conversion Date is 23 March 2022, provided the Mandatory Conversion Conditions are satisfied on that date and NAB Capital Notes have not been otherwise Converted, Written Off, Redeemed or Resold prior to that date.</p> <p>If any of the Mandatory Conversion Conditions are not satisfied on this date, NAB Capital Notes will continue to be on issue and the Mandatory Conversion Date will be the next Distribution Payment Date on which they are satisfied.</p>	Clause 3.2 of the Terms
Mandatory Conversion and consequences	<p>If the Mandatory Conversion Conditions are satisfied on the Mandatory Conversion Date, NAB Capital Notes will be Converted and Holders will receive Ordinary Shares.</p> <p>Upon Conversion on a Mandatory Conversion Date, based on a Face Value of \$100 and with the benefit of a 1% discount, Holders will receive approximately \$101 worth of Ordinary Shares per NAB Capital Note. The number of Ordinary Shares that Holders will receive will not be greater than the Maximum Conversion Number (see below).</p> <p>This calculation is based on the VWAP (the volume weighted average price of Ordinary Shares) during a period of 20 Business Days on which trading in Ordinary Shares took place before the Mandatory Conversion Date.</p> <p>The VWAP used to calculate the number of Ordinary Shares that Holders receive is an average price and, accordingly, may differ from the Ordinary Share price on or after the Mandatory Conversion Date. This means that the value of Ordinary Shares received may be more or less than approximately \$101 when they are issued or at any time after that.</p> <p>Following a Conversion of NAB Capital Notes to Ordinary Shares, Holders will become holders of Ordinary Shares in the capital of NAB, which will rank equally with existing Ordinary Shares from the date of issue and which may be sold on the ASX at the prevailing market price (provided that trading in Ordinary Shares on the ASX has not been suspended at the relevant time).</p>	<p>Clause 3.1 of the Terms</p> <p>Clause 7.1 of the Terms</p>

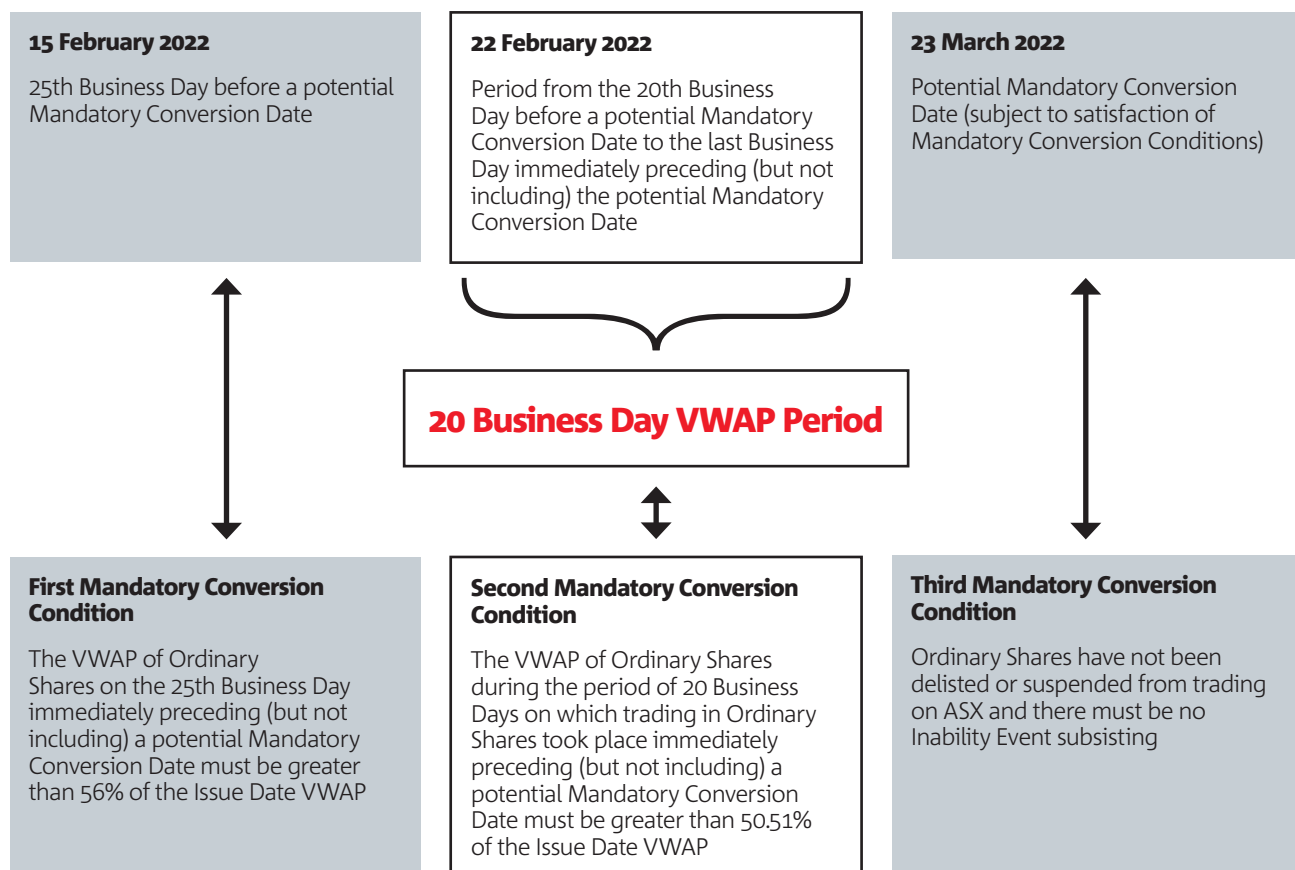

Section Two:

About NAB Capital Notes

2.3 Mandatory Conversion (continued)

Topic	Summary	Further Information
Mandatory Conversion Conditions	<p>There are three Mandatory Conversion Conditions, each of which must be satisfied.</p> <p>The First Mandatory Conversion Condition and the Second Mandatory Conversion Condition are intended to provide protection to Holders against receiving less than approximately \$101 worth of Ordinary Shares per NAB Capital Note on Conversion (based on the VWAP during the VWAP Period (20 Business Days before the Mandatory Conversion Date)).</p> <p>The percentages used in these conditions (see below) are derived from market precedents and the cap on the number of ordinary shares that is permitted to be issued under applicable prudential rules and ratings guidance. Worked examples follow.</p> <p>The Third Mandatory Conversion Condition is intended to provide protection for Holders by making Conversion conditional on Holders receiving Ordinary Shares which are capable of being sold on ASX.</p> <p>The Mandatory Conversion Conditions are as follows:</p> <ul style="list-style-type: none"> • First Mandatory Conversion Condition: the VWAP of Ordinary Shares on the 25th Business Day immediately preceding (but not including) a possible Mandatory Conversion Date must be greater than 56% of the Issue Date VWAP; • Second Mandatory Conversion Condition: the VWAP of Ordinary Shares during the period of 20 Business Days on which trading in Ordinary Shares took place immediately preceding (but not including) a possible Mandatory Conversion Date is greater than 50.51% of the Issue Date VWAP; and • Third Mandatory Conversion Condition: no Delisting Event applies to Ordinary Shares in respect of a possible Mandatory Conversion Date (broadly, a Delisting Event occurs when NAB is delisted, its Ordinary Shares have been suspended from trading for a certain period, or an Inability Event subsists preventing NAB from Converting NAB Capital Notes of Holders generally (i.e. where NAB is prevented by applicable law or order of any court or action of any government authority or any other reason from Converting NAB Capital Notes)). <p><i>Satisfaction of Mandatory Conversion Conditions</i></p> <p>By way of example, if the Issue Date VWAP is \$35.00, the relevant VWAP for the First Mandatory Conversion Condition to be satisfied would need to be greater than \$19.60, and for the Second Mandatory Conversion Condition would need to be greater than \$17.68. The Third Mandatory Conversion Condition will be satisfied where the Ordinary Shares are able to be traded on the ASX at the relevant time and no Inability Event subsists.</p>	<p>Clause 3.3 of the Terms</p>

The following diagram illustrates the timeframes that are relevant for the Mandatory Conversion Conditions, using the date of 23 March 2022 as a potential Mandatory Conversion Date. These dates are indicative only and may change.

Section Two:

About NAB Capital Notes

2.3 Mandatory Conversion (continued)

Topic	Summary	Further Information
Conversion Number	<p>On a Mandatory Conversion Date, a Holder will receive a number of Ordinary Shares per NAB Capital Note ("Conversion Number") which is the lesser of:</p> <p>(a) the number (N) calculated in accordance with the following formula:</p> $N = \frac{\$100}{99\% \times \text{VWAP}}$ <p>where:</p> <ul style="list-style-type: none"> • "VWAP" broadly is the volume weighted average price of Ordinary Shares during the VWAP Period. For a Mandatory Conversion, the VWAP Period is the 20 Business Days on which trading in Ordinary Shares took place immediately preceding (but not including) the Mandatory Conversion Date. <p>and:</p> <p>(b) the Maximum Conversion Number ("MCN") calculated in accordance with the following formula:</p> $\text{MCN} = \frac{\$100}{\text{Issue Date VWAP} \times \text{Relevant Fraction}}$ <p>where:</p> <ul style="list-style-type: none"> • "Issue Date VWAP" is the VWAP during the 20 Business Day period on which trading in Ordinary Shares took place immediately preceding (but not including) the date on which NAB Capital Notes were issued. • "Relevant Fraction", for Conversion on a Mandatory Conversion Date, is 0.5¹. <p>Adjustments to Issue Date VWAP and Maximum Conversion Number</p> <p>The Issue Date VWAP, and consequently the Maximum Conversion Number, will be adjusted to reflect a consolidation, division or reclassification of Ordinary Shares and pro rata bonus issues as set out in the Terms (but not other transactions, including rights issues, which may affect the capital of NAB).</p> <p>No adjustment shall be made to the Issue Date VWAP where such adjustment (rounded if applicable) would be less than one per cent of the Issue Date VWAP then in effect.</p>	<p>Clauses 7.1, 7.2, 7.3, 7.4, 7.5, 7.6 and 7.7 of the Terms</p>

¹ This fraction reflects the ratings agency requirement that the maximum number of shares issued on a Conversion of this kind not exceed the number that would be issued if the Ordinary Share price fell from the price it was at the Issue Date to 50% of that price.

Topic	Summary	Further Information
<p>Number of Ordinary Shares Holders will receive on Mandatory Conversion Date – worked example</p>	<p>Worked example: Scheduled Mandatory Conversion Date</p> <p>Assume the VWAP from 22 February 2022 to 22 March 2022 (being the 20 Business Days on which trading in Ordinary Shares took place immediately preceding 23 March 2022) is \$32.00 and the Issue Date VWAP is \$35.00. Holders would be entitled to receive the Conversion Number of Ordinary Shares which is the lesser of:</p> <p>a) $N = \frac{\\$100}{99\% \times \\$32.00} = 3.1566 \text{ Ordinary Shares per NAB Capital Note; and}$</p> <p>b) the MCN = $\frac{\\$100}{\\$35.00 \times 0.5} = 5.7143 \text{ Ordinary Shares per NAB Capital Note.}$</p> <p>Since N is less than the MCN (see above), the total number of Ordinary Shares to which a Holder of 100 NAB Capital Notes would be entitled would be N, that is 315 (i.e. 100 x 3.1566, which number is rounded down to disregard the fraction of the Ordinary Share). Assuming a prevailing market price equal to the VWAP of \$32.00, this would represent a market value of \$10,080 (i.e. 315 x \$32.00) which is slightly more than \$10,000 (the Face Value of 100 NAB Capital Notes).</p> <p>This example is for illustrative purposes only. The figures in it are not forward-looking statements and do not indicate, guarantee or forecast the Issue Date VWAP or future VWAP or other price of Ordinary Shares.</p>	<p>Clause 7.1 of the Terms</p>

Section Two:

About NAB Capital Notes

2.4 Optional Conversion

On 23 March 2020, NAB may elect to Convert NAB Capital Notes into Ordinary Shares with APRA's prior written approval. Subject to APRA's prior written approval, NAB may also elect to Convert NAB Capital Notes into Ordinary Shares following the occurrence of certain events (related to tax, regulation and takeovers).

As with a Mandatory Conversion, there are conditions to an optional Conversion which are designed to ensure that Holders receive approximately \$101 worth of Ordinary Shares for each NAB Capital Note they hold, and that Holders receive Ordinary Shares that are capable of being sold on ASX.

The number of Ordinary Shares that Holders will receive on a Conversion in these circumstances will not be greater than the Maximum Conversion Number.

The conditions to an optional Conversion may never be satisfied and accordingly, NAB Capital Notes may never Convert into Ordinary Shares. Holders should not expect that APRA's approval, if requested, will be given for any Optional Conversion.

Topic	Summary	Further Information
Optional Conversion	<p>NAB may, with APRA's prior written approval, elect to Convert:</p> <ul style="list-style-type: none"> • All or some NAB Capital Notes on 23 March 2020; • All or some NAB Capital Notes following the occurrence of a Tax Event or a Regulatory Event; or • All or some NAB Capital Notes following the occurrence of a Potential Acquisition Event. <p>An optional Conversion is subject to further conditions as set out below.</p> <p>In addition, Holders should not expect that APRA's approval, if requested, will be given for a Conversion of NAB Capital Notes in these circumstances.</p>	Clause 6.1 of the Terms
Tax Event	<p>A Tax Event will broadly occur if, on or after the Issue Date, NAB receives advice that as a result of a change in law or regulation, judicial decision or administrative position or practice in Australia (which NAB did not expect at the time of issue of NAB Capital Notes), there is a more than insubstantial risk that a Distribution would not be frankable (or would only be frankable subject to requirements which the Directors determine to be unacceptable) or that NAB would be exposed to an increase in taxes or other costs, which is not insignificant, in relation to NAB Capital Notes.</p>	Clause 24.1 of the Terms
Regulatory Event	<p>A Regulatory Event will broadly occur if:</p> <ul style="list-style-type: none"> • NAB receives legal advice that, as a result of a change of law or regulation or statement of APRA on or after the Issue Date, additional requirements would be imposed on NAB in relation to NAB Capital Notes (which were not expected by NAB prior to the Issue Date) which the Directors determine to be unacceptable; or • The Directors determine that, as a result of a change of law or regulation or statement of APRA on or after the Issue Date, NAB is not or will not be entitled to treat some or all NAB Capital Notes as Additional Tier 1 Capital, except where the reason is or will be because of a limit or other restriction on the recognition of Additional Tier 1 Capital which is in effect on the Issue Date or which on the Issue Date is expected by NAB may come into effect. 	Clause 24.1 of the Terms
Potential Acquisition Event	<p>A Potential Acquisition Event will broadly occur if:</p> <ul style="list-style-type: none"> • A takeover bid is made to acquire some or all of NAB's Ordinary Shares, the offer is, or becomes, unconditional and the bidder has a relevant interest in more than 50% of the Ordinary Shares on issue or a majority of Directors recommend acceptance of the offer in the absence of a higher offer; or • A court orders the holding of meetings to approve a scheme of arrangement with respect to NAB which would result in a person having a relevant interest in more than 50% of the Ordinary Shares on issue after the scheme is implemented. 	Clause 24.1 of the Terms

Topic	Summary	Further Information
Optional Conversion Restrictions	<p>Broadly, in addition to APRA approval, there are two categories of restrictions that may prevent an optional Conversion from occurring:</p> <ul style="list-style-type: none"> Restrictions that may prevent NAB from sending a notice to Holders advising them that NAB wishes to Convert NAB Capital Notes; and Restrictions that may prevent NAB from actually Converting NAB Capital Notes. <p><i>Restrictions that may prevent NAB from sending conversion notice</i></p> <p>NAB may not elect to Convert NAB Capital Notes if on the Non-Conversion Test Date (broadly, the second Business Day before the date on which NAB is to send a notice advising Holders that it wishes to Convert NAB Capital Notes):</p> <ul style="list-style-type: none"> The VWAP of Ordinary Shares on the Non-Conversion Test Date is less than or equal to 22.50% of the Issue Date VWAP; or A Delisting Event applies. <p><i>Further restrictions that may prevent NAB from Converting NAB Capital Notes on conversion date</i></p> <p>In addition, if, on the date on which Conversion is to occur (“Optional Conversion Date”) either:</p> <ul style="list-style-type: none"> The Second Mandatory Conversion Condition (applied as if it referred to 20.20% of the Issue Date VWAP); or The Third Mandatory Conversion Condition, <p>would not be satisfied in respect of that date, then the proposed Conversion must be deferred until the first Distribution Payment Date on which the Mandatory Conversion Conditions would be satisfied if that Distribution Payment Date were a Mandatory Conversion Date (with those conditions applied as if the percentage of the Issue Date VWAP were 22.50% for the First Mandatory Conversion Condition and 20.20% for the Second Mandatory Conversion Condition).</p> <p>The percentages used in the above restrictions are derived from market precedents and the cap on the number of Ordinary Shares that is permitted to be issued under applicable prudential rules.</p>	Clauses 6.4 and 6.5 of the Terms
Conversion Number	<p>If an optional Conversion proceeds, the Conversion Number of Ordinary Shares will be calculated in the same manner as for a Mandatory Conversion – see Section 2.3. However, for the purposes of the optional Conversion calculations, the Relevant Fraction is 0.2 rather than 0.5².</p>	Clause 7.1 of the Terms
If Conversion does not occur on Optional Conversion Date	<p>If NAB elects to but cannot Convert NAB Capital Notes on the Optional Conversion Date, NAB will notify Holders and the Conversion will be deferred until the next Distribution Payment Date on which the Mandatory Conversion Conditions would be satisfied as if that Distribution Payment Date were a possible Mandatory Conversion Date, unless NAB Capital Notes are otherwise Converted, Written Off, Redeemed or Resold in accordance with the Terms. For the purposes of the Conversion calculations in these circumstances, the Relevant Fraction is 0.2 rather than 0.5.</p>	Clause 6.5 of the Terms

² This percentage reflects the prudential regulator’s requirement that the maximum number of shares issued on a Conversion of this kind not exceed the number that would be issued if the Ordinary Share price fell from the price it was at the date of issue to 20% of that price.

Section Two:

About NAB Capital Notes

2.5 Optional redemption and optional resale

On 23 March 2020, NAB may elect to Redeem or Resell NAB Capital Notes with APRA's prior written approval. NAB may also elect to Redeem or Resell NAB Capital Notes following the occurrence of certain events (related to tax and regulation), again with APRA's prior written approval.

If a Redemption or Resale occurs, a Holder will receive the Face Value (\$100) in cash for each NAB Capital Note that it holds.

There are restrictions on NAB's ability to Redeem NAB Capital Notes for cash. Most importantly, NAB may only elect to Redeem NAB Capital Notes if APRA is satisfied that NAB's regulatory capital position will remain adequate following the Redemption. This is intended to protect NAB's creditors (including depositors).

Holders should not expect that APRA's approval, if requested, will be given for any Redemption or Resale.

Topic	Summary	Further Information
Optional Redemption	<p>NAB may, with APRA's prior written approval, elect to Redeem:</p> <ul style="list-style-type: none"> All or some NAB Capital Notes on 23 March 2020; or All or some NAB Capital Notes following the occurrence of a Tax Event or a Regulatory Event. <p> Holders should not expect that APRA's approval, if requested, will be given for any Redemption of NAB Capital Notes under the Terms. Holders do not have a right to request Redemption.</p>	Clause 8.1 of the Terms
Restrictions on Redemption	<p>NAB may only elect to Redeem NAB Capital Notes if APRA is satisfied that either:</p> <ul style="list-style-type: none"> NAB Capital Notes proposed to be Redeemed are replaced concurrently or beforehand with a capital instrument of the same or better quality and the replacement of the instrument is done under conditions that are sustainable for NAB's income capacity; or The Group's capital position will remain adequate after NAB elects to Redeem NAB Capital Notes. 	Clause 8.4 of the Terms
Optional Resale	<p>NAB may also, with APRA's prior written approval, elect to Resell:</p> <ul style="list-style-type: none"> All or some NAB Capital Notes on 23 March 2020; or All or some NAB Capital Notes following the occurrence of a Tax Event or a Regulatory Event. <p> Holders should not expect that APRA's approval, if requested, will be given for any Resale of NAB Capital Notes under the Terms. Holders do not have a right to request Resale.</p> <p>In the event of a Resale, each Holder is bound under the Terms to sell NAB Capital Notes to one or more third party purchasers at the Face Value.</p>	Clauses 10.1 and 11.4 of the Terms

Topic	Summary	Further Information
Appointment of Nominated Purchaser	<p>If NAB elects to Resell NAB Capital Notes, it must appoint one or more third party purchasers (“Nominated Purchasers”) to purchase NAB Capital Notes offered for Resale.</p> <p>If NAB appoints more than one Nominated Purchaser in respect of a Resale, all or any NAB Capital Notes held by a Holder which are being Resold may be purchased by any one or any combination of the Nominated Purchasers, as determined by NAB for the Resale Price (being \$100 per NAB Capital Note).</p> <p>The Nominated Purchaser must not be NAB or any Related Entity of NAB.</p>	Clauses 11.2 and 11.3 of the Terms
Failure by Nominated Purchaser to pay Resale Price	<p>If a Nominated Purchaser does not pay the Resale Price when the Resale Price is due, the Resale to that Nominated Purchaser will not occur and Holders will continue to hold NAB Capital Notes in accordance with the Terms until NAB Capital Notes are otherwise Redeemed, Converted or Resold in accordance with the Terms.</p>	Clause 11.6 of the Terms

2.6 Conversion following an Acquisition Event

NAB is also required to Convert NAB Capital Notes into Ordinary Shares where NAB is taken over by way of takeover bid or scheme of arrangement which meets certain requirements (which are described below).

As with other types of Conversion, there are conditions to Conversion in these circumstances which are designed to ensure that Holders receive no less than approximately \$101 worth of Ordinary Shares for each NAB Capital Note they hold, and that Holders receive Ordinary Shares that are capable of being sold on the ASX.

There is a risk that these conditions may never be satisfied. Accordingly, NAB Capital Notes may never Convert into Ordinary Shares.

Topic	Summary	Further Information
Acquisition Event	<p>In summary, an Acquisition Event means either:</p> <ul style="list-style-type: none"> • A takeover bid is made to acquire all or some of NAB’s Ordinary Shares and the offer is, or becomes, unconditional, all necessary regulatory approvals have been obtained and: <ul style="list-style-type: none"> – The bidder has a relevant interest in more than 50% of the Ordinary Shares on issue; or – A majority of Directors recommend acceptance of such offer; or • A court orders the holding of meetings to approve a scheme of arrangement under Part 5.1 of the Corporations Act, which when implemented will result in a person having a relevant interest in more than 50% of NAB’s Ordinary Shares on issue, and: <ul style="list-style-type: none"> – All classes of members of NAB pass all resolutions required to approve the scheme by the majorities required under the Corporations Act; and – All conditions to the implementation of the scheme, including any necessary regulatory approval, have been satisfied or waived. <p>An Acquisition Event will not occur where NAB is acquired by an Approved NOHC.</p>	Clauses 5 and 24.1 of the Terms

About NAB Capital Notes

2.6 Conversion following an Acquisition Event (continued)

Topic	Summary	Further Information
Conversion following an Acquisition Event	<p>If an Acquisition Event occurs, NAB must (by giving an Acquisition Conversion Notice) Convert all (but not some only) NAB Capital Notes into a number of Ordinary Shares with a value of approximately \$101 (based on the VWAP during a period, usually 20 Business Days, before the Acquisition Conversion Date, but a lesser period if trading in Ordinary Shares in the period after the Acquisition Event and before the Acquisition Conversion Date is less than 20 Business Days) provided that certain conditions are met. The number of Ordinary Shares that Holders will receive on a Conversion will not be greater than the Maximum Conversion Number.</p> <p>As with an optional Conversion, there are two categories of restrictions that may prevent a Conversion following an Acquisition Event from occurring:</p> <ul style="list-style-type: none"> • Restrictions that may prevent NAB from sending an Acquisition Conversion Notice to Holders; and • Restrictions that may prevent NAB from actually Converting NAB Capital Notes. <p><i>Restrictions that may prevent NAB from sending conversion notice</i></p> <p>NAB is not required to give an Acquisition Conversion Notice to Holders and will not be required to Convert NAB Capital Notes if on the Non-Conversion Test Date (broadly, the second Business Day before the date on which NAB is to send a notice advising Holders that it wishes to Convert NAB Capital Notes as a result of an Acquisition Event):</p> <ul style="list-style-type: none"> • The VWAP of Ordinary Shares on the Non-Conversion Test Date is less than or equal to 22.50% of the Issue Date VWAP; or • A Delisting Event applies. <p><i>Further restrictions that may prevent NAB from Converting NAB Capital Notes on conversion date</i></p> <p>In addition, NAB may not proceed to Convert NAB Capital Notes if, on the date on which Conversion is to occur (“Acquisition Conversion Date”) either the Second Mandatory Conversion Condition (applied as if it referred to 20.20% of the Issue Date VWAP) or Third Mandatory Conversion Condition would not be satisfied in respect of that date.</p>	Clauses 5.1, 5.3, 5.4 and 7 of the Terms
Conversion Number	<p>If Conversion proceeds, the Conversion Number of Ordinary Shares will be calculated in the same manner as for a Mandatory Conversion – see Section 2.3. However, for the purposes of the Conversion calculations in these circumstances the Relevant Fraction is 0.2 rather than 0.5.</p>	Clause 7.1 of the Terms
If Conversion does not occur on Acquisition Conversion Date	<p>If NAB is not required to give an Acquisition Conversion Notice or the further restrictions prevent Conversion on the Acquisition Conversion Date, NAB will give a new Acquisition Conversion Notice on or before the 25th Business Day prior to the immediately succeeding scheduled quarterly Distribution Payment Date, unless the restrictions to the giving of an Acquisition Conversion Notice also apply at that time.</p> <p>The new Acquisition Conversion Notice will give notice of a new Acquisition Conversion Date. Conversion will not occur on the new Acquisition Conversion Date if the further Conversion restrictions apply on that date.</p> <p>This process will be repeated until Conversion occurs.</p>	Clause 5.4 of the Terms

2.7 Conversion following a Loss Absorption Event

NAB Capital Notes have certain loss absorption features, which may be triggered where NAB encounters severe financial difficulty. These features are required to be included in the Terms of NAB Capital Notes for prudential regulation purposes.

The occurrence of a “Loss Absorption Event” requires the Conversion of NAB Capital Notes into Ordinary Shares. A Loss Absorption Event may occur at any time and on any day, whether or not the day is a Business Day. The Mandatory Conversion Conditions do not apply to a Conversion following a Loss Absorption Event. The number of Ordinary Shares that Holders will receive on a Conversion in these circumstances will not be greater than the Maximum Conversion Number.

As a Conversion in these circumstances is likely to occur during a time of financial difficulty for NAB, depending on the market price of Ordinary Shares at the relevant time, Holders are likely to receive significantly less than \$101 worth of Ordinary Shares per NAB Capital Note and a Holder may suffer loss as a consequence. The calculations set out below are illustrative only and designed to demonstrate the potential number and value of Ordinary Shares that a Holder would receive on a Conversion where there is a Loss Absorption Event.

Where NAB Capital Notes are not Converted into Ordinary Shares for any reason, those NAB Capital Notes will be Written Off. In the event of a Write Off, the rights of Holders to Distributions and returns of capital will be terminated, and Holders will not have their capital repaid.

Topic	Summary	Further Information
Loss Absorption Events	<p>A Loss Absorption Event is each of:</p> <ul style="list-style-type: none"> • A Common Equity Trigger Event; and • A Non-Viability Trigger Event. 	Clause 4.1 of the Terms
Common Equity Trigger Event	<p>A Common Equity Trigger Event occurs when the ratio of NAB’s Common Equity Tier 1 Capital to risk weighted assets (the “Common Equity Tier 1 Ratio”) as determined by NAB or APRA at any time is equal to or less than 5.125%, calculated on the basis of either or both of the NAB Level 1 Group and the NAB Level 2 Group.</p> <p>NAB must immediately notify APRA in writing if it makes such a determination.</p> <p>If a Common Equity Trigger Event occurs, NAB must immediately convert into Ordinary Shares or write off all Relevant Tier 1 Capital Instruments, which includes NAB Capital Notes, or a proportion of Relevant Tier 1 Capital Instruments with the result that each of the Common Equity Tier 1 Ratio in respect of the NAB Level 1 Group and the Common Equity Tier 1 Ratio in respect of the NAB Level 2 Group is at a percentage above 5.125% determined by NAB for that ratio.</p>	Clause 4.2 of the Terms
Non-Viability Trigger Event	<p>A Non-Viability Trigger Event means APRA has provided a written determination to NAB that without:</p> <ul style="list-style-type: none"> • The conversion or write off of Relevant Tier 1 Capital Instruments, which includes NAB Capital Notes; or • A public sector injection of capital into, or equivalent capital support with respect to, NAB, <p>APRA considers that NAB would become non-viable.</p> <p>If a Non-Viability Trigger Event occurs, NAB must immediately convert into Ordinary Shares or write off:</p> <ul style="list-style-type: none"> • All Relevant Tier 1 Capital Instruments; or • If a Non-Viability Trigger Event occurs which does not involve a determination by APRA that a public sector injection of capital would be required and APRA is satisfied that conversion or write off of a proportion of Relevant Tier 1 Capital Instruments will be sufficient to ensure that NAB will not become non-viable, that proportion of Relevant Tier 1 Capital Instruments. 	Clause 4.3 of the Terms

About NAB Capital Notes

2.7 Conversion following a Loss Absorption Event (continued)

Topic	Summary	Further Information
<p>Conversion or Write Off of Relevant Tier 1 Capital Instruments (including NAB Capital Notes)</p>	<p>If a Loss Absorption Event were to occur, depending on how much Common Equity Tier 1 Capital NAB needs, NAB may be:</p> <ul style="list-style-type: none"> • Permitted to Convert only a proportion of NAB Capital Notes and other Relevant Tier 1 Capital Instruments; or • Required to either convert or write off all Relevant Tier 1 Capital Instruments (such as NAB Capital Notes). All Relevant Tier 1 Capital Instruments must be converted or written off where the Loss Absorption Event is a Non-Viability Trigger Event involving a determination by APRA that a public sector injection of capital would be required. <p>If NAB is permitted to Convert only a proportion of NAB Capital Notes, NAB must endeavour to treat Holders on an approximately proportionate basis, but may make adjustments among Holders to take account of the effect on marketable parcels of NAB Capital Notes and other logistical considerations.</p> <p>If NAB is required to convert or write off Relevant Tier 1 Capital Instruments, Holders should be aware that all Relevant Tier 1 Capital Instruments such as NAB Capital Notes will be converted or written off before any Relevant Tier 2 Capital Instruments are converted or written off.</p>	<p>Clauses 4.2, 4.3 and 4.4 of the Terms</p>
<p>Conversion as a result of a Loss Absorption Event</p>	<ul style="list-style-type: none"> • On the date on which a Loss Absorption Event occurs (the “Loss Absorption Event Conversion Date”), NAB must immediately determine the number of NAB Capital Notes that will Convert and the number of other Relevant Tier 1 Capital Instruments which will convert into Ordinary Shares or be written off. • On the Loss Absorption Event Conversion Date, the relevant number of NAB Capital Notes will then Convert immediately and irrevocably. Holders will not receive prior notice of Conversion or have any rights to vote in respect of any Conversion. • The Mandatory Conversion Conditions do not apply and Conversion may occur automatically without the need for any further act or step by NAB. In that case, NAB will treat a Holder in respect of its NAB Capital Notes as having been issued the Conversion Number of Ordinary Shares. • NAB expects that any ASX trades in NAB Capital Notes that have not settled on the date a Loss Absorption Event occurs will continue to settle in accordance with the normal ASX T+3 settlement, although NAB expects the seller will be treated as having delivered, and the buyer will be treated as having acquired, the Conversion Number of Ordinary Shares into which NAB Capital Notes have been Converted as a result of the occurrence of the Loss Absorption Event. • NAB may make such decisions with respect to the identity of Holders whose NAB Capital Notes will Convert on the Loss Absorption Event Conversion Date as may be necessary or desirable to ensure Conversion occurs in an orderly manner, including disregarding any transfers of NAB Capital Notes that have not been settled or registered at that time. 	<p>Clause 4.4 of the Terms</p>

Topic	Summary	Further Information
<p>Number of Ordinary Shares Holders will receive on Loss Absorption Event Conversion Date</p>	<p>As with any Conversion under the Terms, Holders will receive the lesser of the Conversion Number and the Maximum Conversion Number.</p> <p>The Conversion Number is calculated in accordance with the same formula as for a Mandatory Conversion – see Section 2.3, except that:</p> <ul style="list-style-type: none"> • The VWAP Period used to determine the VWAP in this case is the 5 Business Days on which trading in Ordinary Shares took place immediately preceding the Loss Absorption Event Conversion Date; and • The Relevant Fraction will, in all circumstances, be 0.2. <p>The VWAP of Ordinary Shares at the time of a Loss Absorption Event may vary according to the severity of the Loss Absorption Event. This may impact the number and value of Ordinary Shares that will be received by a Holder under a Conversion following a Loss Absorption Event.</p> <p>In addition, since the Mandatory Conversion Conditions do not apply to a Conversion following a Loss Absorption Event, the Ordinary Shares a Holder may receive on account of such a Conversion are likely to be worth significantly less than \$101 per NAB Capital Note and a Holder may suffer a loss as a consequence.</p> <p>On a Conversion following a Loss Absorption Event, Holders will receive the lesser of:</p> <ul style="list-style-type: none"> • The number (N) calculated according to the following formula: $N = \frac{\$100}{99\% \times \text{VWAP}}$ <p>And</p> <ul style="list-style-type: none"> • The Maximum Conversion Number (MCN), calculated in accordance with the following formula: $\text{MCN} = \frac{\$100}{\text{Issue Date VWAP} \times \text{Relevant Fraction}}$	<p>Clause 7.1 of the Terms</p>

<p>Worked examples of Conversion following Loss Absorption Event</p>	<p>Below are two worked examples of Conversion following a Loss Absorption Event using:</p> <ul style="list-style-type: none"> • A VWAP of \$1.00 (i.e. in extreme circumstances); and • A VWAP of \$10.00 (i.e. in less severe circumstances). <p>Both examples assume an Issue Date VWAP of \$35.00.</p> <p>1 Using a VWAP of \$1.00</p> <p>Assume that on 11 May 2018 a Loss Absorption Event occurs, and that the VWAP in the VWAP Period is \$1.00.</p> <p>Holders would receive the lesser of:</p> $N = \frac{\$100}{99\% \times \$1.00} = 101.0101 \text{ Ordinary Shares per NAB Capital Note; and}$ $\text{the MCN} = \frac{\$100}{\$35.00 \times 0.2} = 14.2857 \text{ Ordinary Shares per NAB Capital Note.}$ <p>Since the MCN is less than N, the total number of Ordinary Shares to which a holder of 100 NAB Capital Notes would be entitled would be the MCN, that is 1,428 (ie. 100 x 14.2857, rounded down to the nearest whole Ordinary Share).</p> <p>The market value of the Ordinary Shares received based on the MCN and a prevailing market price equal to the VWAP of \$1.00 is \$1,428 (i.e. 1,428 x \$1.00), which is considerably less than \$10,000 (the Face Value of 100 NAB Capital Notes).</p> <p>2 Using a VWAP of \$10.00</p> <p>In this example, assume that the VWAP in the VWAP Period is \$10.00.</p> <p>“N” calculated according to the above formula would be 10.1010 and the MCN would again be 14.2857.</p> <p>Since N is less than the MCN, the total number of Ordinary Shares to which a holder of 100 NAB Capital Notes would be entitled would be N, that is 1,010 (i.e. 100 x 10.1010 rounded down to the nearest whole Ordinary Share).</p> <p>The market value of the Ordinary Shares received in this case based on a prevailing market price equal to the VWAP of \$10.00 would be \$10,100 (i.e. 1,010 x \$10.00), which is slightly more than \$10,000 (the Face Value of 100 NAB Capital Notes).</p> <p>The above examples are for illustrative purposes only. The figures in it are not forward-looking statements and do not indicate, guarantee or forecast the Issue Date VWAP or future VWAP or other price of Ordinary Shares.</p>

Write Off of NAB Capital Notes where NAB Capital Notes are not Converted on Loss Absorption Event Conversion Date	<p>If, following a Loss Absorption Event, Conversion has not been effected within 5 days of the Loss Absorption Event Conversion Date for any reason (including where NAB is prevented by applicable law or court order or for any other reason from Converting NAB Capital Notes (broadly an “Inability Event”)), those NAB Capital Notes will not be Converted but instead will be Written Off.</p> <p>Broadly, Written Off means that the relevant Holders’ rights (including to payments of Distributions and Face Value) in relation to a NAB Capital Note are immediately and irrevocably terminated and written-off with effect on and from the Loss Absorption Event Conversion Date and the NAB Capital Note will not be Converted, Redeemed or Resold on any subsequent date, without any requirement for the approval of Holders.</p> <p>The laws under which an Inability Event may arise include laws relating to the insolvency, winding up or other external administration of NAB. Those laws and the grounds on which a court or government authority may make orders preventing the Conversion of NAB Capital Notes, or other reasons which prevent Conversion, may change.</p>	Clause 4.5 of the Terms
Notice of Loss Absorption Event and resulting Conversion or Write Off	NAB must give Holders notice as soon as practicable following the occurrence of a Loss Absorption Event, including the number of NAB Capital Notes Converted or Written Off and the relevant number of Relevant Tier 1 Capital Instruments converted into Ordinary Shares or written off. Ranking	<p>NAB Capital Notes are unsecured.</p> <p>NAB Capital Notes do not constitute deposit liabilities of NAB, are not Protected Accounts for the purposes of the Banking Act or any other accounts with NAB and are not guaranteed or insured by any government, government agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction, by any member of the Group or by any other party.</p> <p><i>Ranking in a winding up</i></p> <ul style="list-style-type: none"> In a winding up of NAB, NAB Capital Notes rank in priority to Ordinary Shares, equally and without preference amongst themselves and Equal Ranking Instruments, and junior to Senior Creditors (which includes depositors). This means that, on a winding up, there is a risk that Holders will lose all or some of their investment. If NAB Capital Notes have been Converted into Ordinary Shares prior to a winding up of NAB, the Ordinary Shares received on Conversion will rank equally with other Ordinary Shares and rank lower than they would have had they still remained NAB Capital Notes. If NAB Capital Notes are Written Off, Holders will not have their capital repaid and will not be entitled to any return in a winding up. <p><i>Ranking in relation to Distributions</i></p> <ul style="list-style-type: none"> In respect of payment of Distributions, NAB Capital Notes rank in priority to Ordinary Shares, equally and without preference amongst themselves and Equal Ranking Instruments, and junior to Senior Creditors (which includes depositors). Regulatory capital of ADIs	<ul style="list-style-type: none"> APRA classifies the regulatory capital of ADIs into two tiers for its supervisory purposes – referred to as Tier 1 Capital and Tier 2 Capital. From the perspective of the ADI, Tier 1 Capital is generally considered a higher quality capital than Tier 2 Capital, generally due to features such as longevity and loss absorption. Under the Basel III Prudential Standards, Tier 1 Capital is comprised of: <ul style="list-style-type: none"> – Common Equity Tier 1 Capital; and – Additional Tier 1 Capital. Common Equity Tier 1 Capital is recognised as the highest quality component of capital for ADIs. Common Equity Tier 1 Capital for ADIs (and their non-operating holding companies) comprises paid-up ordinary shares, retained earnings, other disclosed reserves permitted for inclusion by APRA and certain other items permitted by APRA adjusted for regulatory adjustments applied in the calculation of Common Equity Tier 1 Capital. The non-common equity components of Tier 1 Capital which do not satisfy all of the criteria for inclusion in Common Equity Tier 1 Capital are referred to as Additional Tier 1 Capital. These instruments must be able to absorb losses on a going-concern basis, and can include both instruments that are classified as equity and instruments that are classified as liabilities for accounting purposes.

Regulatory treatment of NAB Capital Notes	<ul style="list-style-type: none"> APRA has provided confirmation that NAB Capital Notes, once issued, will qualify as Additional Tier 1 Capital for the purposes of NAB's regulatory capital requirements. NAB Capital Notes and NAB's other regulatory capital help to protect NAB's depositors and other creditors by providing a loss absorbing capital buffer which supports losses that may be incurred on NAB's assets.

Topic	Summary	Further Information
NAB may issue further NAB Capital Notes or other instruments	<p>NAB has the right to issue additional convertible notes on the same or different terms as NAB Capital Notes offered under this Prospectus. NAB may also issue notes on different terms.</p> <p>NAB also has the right to issue further debt, deposits or other obligations or securities of any kind. These debt, deposits or other obligations or securities may have the same or different terms to NAB Capital Notes. For example, they may rank for payment of face value, interest or other amounts (including on an insolvency of NAB) after, equally with, or ahead of NAB Capital Notes. NAB Capital Notes do not limit the amount of senior debt, deposits or other obligations or securities that may be incurred or issued by NAB at any time.</p> <p>Holding NAB Capital Notes does not confer any right to participate in further issues of securities by NAB.</p>	Clause 20 of the Terms
Voting rights	A NAB Capital Note does not entitle its Holder to vote at a general meeting of NAB.	Clause 17.2 of the Terms
Amendment of Terms	<p>NAB may amend the Terms and the NAB Capital Notes Deed Poll without the approval of Holders in certain circumstances. NAB's right to do this is subject to NAB complying with all applicable laws, the amendment being, in NAB's opinion not materially prejudicial to the interests of Holders as whole, and APRA's prior written approval where required. The circumstances may include amendments which may affect the rights of Holders, including changes to dates or time periods necessary or desirable to facilitate a Conversion, Redemption or Resale.</p> <p>NAB may also, with APRA's prior written approval where required, amend the Terms if the amendment has been approved by a Special Resolution.</p> <p>APRA's prior written approval to amend the Terms is required only where the amendment may affect the eligibility of NAB Capital Notes as Additional Tier 1 Capital.</p>	<p>Clause 18.1 of the Terms</p> <p>Clause 18.2 of the Terms</p> <p>Clause 18.4 of the Terms</p>

<p>Approved NOHC</p>	<p>A NOHC Event is an event initiated by the Directors which would result in NAB having an ultimate holding company which is a “non-operating holding company” within the meaning of the Banking Act (“NOHC”) and where following the occurrence of that event:</p> <ul style="list-style-type: none"> • The ordinary shares of the Approved NOHC are quoted on an internationally recognised securities exchange; and • The Approved NOHC undertakes to Convert NAB Capital Notes into ordinary shares in the Approved NOHC whenever NAB would otherwise have been required to deliver Ordinary Shares and upon the occurrence of an Acquisition Event with respect to the Approved NOHC. <p>If a NOHC Event occurs, with APRA’s prior written approval the Terms may be amended by NAB (and without the consent of Holders) to enable the substitution of the Approved NOHC as the issuer of ordinary shares on Conversion. The Approved NOHC will use all reasonable endeavours to procure quotation on the relevant securities exchange of all these shares at the time of Conversion.</p> <p>The occurrence of a NOHC Event does not allow NAB to elect to Convert, Redeem or Resell NAB Capital Notes.</p> <p> Holders may not have any right to vote on a NOHC Event. Where a NOHC Event is accompanied by a transfer of assets from NAB to the Approved NOHC or another subsidiary of the Approved NOHC, NAB may as a result have reduced assets to meet the claims of its creditors (including Holders) and Shareholders.</p> <p>Following the substitution of an Approved NOHC as issuer of the ordinary shares on Conversion but prior to Conversion, Holders continue to hold a note in NAB which ranks for payment of distributions and in a winding up of NAB as described in Section 2.8 and which is convertible into ordinary shares in the Approved NOHC in the same circumstances in which it would have otherwise been converted into Ordinary Shares in NAB.</p> <p>There is no restriction on an Approved NOHC declaring or paying a dividend on, or buying back or reducing capital on its ordinary shares if NAB does not pay a Distribution on a NAB Capital Note. If NAB does not pay a Distribution NAB would remain subject to the restriction on it declaring or paying dividends on Ordinary Shares or buying back or reducing capital on its Ordinary Shares as described in Section 2.1 above.</p> <p>NAB expects that the rights attaching to the Approved NOHC shares would be substantially equivalent to the rights attaching to Ordinary Shares – see Section 9.2.</p>	<p>Clause 19 of the Terms</p>

<p>In a winding up of NAB, NAB Capital Notes rank ahead of Ordinary Shares, equally with Equal Ranking Instruments (which include NAB CPS and NAB CPS II) and junior to Senior Creditors (which includes depositors). However, if a Loss Absorption Event occurs, NAB Capital Notes are liable to be Converted into Ordinary Shares or, if Conversion does not occur for any reason within the required time, Written Off, with the effect that the rights of Holders to Distributions and returns of capital will be terminated.</p>					

1 This is subject to a limit, currently fixed at \$250,000 for the aggregate of the customer's accounts with an ADI declared subject to the Financial Claims Scheme.

2 Subject to early redemption by NAB with the prior written approval of APRA.

3 NAB CPS, NAB CPS II and NAB Capital Notes are scheduled to convert into Ordinary Shares on 22 March 2021, 19 December 2022 and 23 March 2022 respectively, or on the occurrence of certain acquisition events. NAB may also be required to convert NAB CPS, NAB CPS II and NAB Capital Notes as a result of a loss absorption event. In addition, NAB CPS, NAB CPS II and NAB Capital Notes may be converted, redeemed or resold with the prior written approval of APRA. NAB CPS, NAB CPS II and NAB Capital Notes may also be written off in certain circumstances.

4 No frankable distribution is payable on the National Income Securities unless the preference shares forming part of the National Income Securities become fully paid. This is not anticipated.

5 "Solvent" is defined in the terms of the NAB Subordinated Notes. Any amount not paid under this condition accumulates without compounding and remains a debt owing to the holder until paid.

6 The NAB Subordinated Notes have been classified as Tier 2 Capital under the Basel III Prudential Standards on a transitional basis. The National Income Securities have been classified as Additional Tier 1 Capital under the Basel III Prudential Standards on a transitional basis.

7 No equivalent restriction applies if an Approved NOHC is substituted as issuer of ordinary shares on Conversion – see Section 2.9.

Melbourne VIC 3001

or,

(c) lodging them by hand at the following address:

Computershare Investor Services Pty Limited
Yarra Falls
452 Johnston Street
Abbotsford VIC 3067

Application Forms and Application Monies will not be accepted at any other address or office and will not be accepted at NAB's registered office or any other NAB office or branch or at other branches or offices of the Registrar.

Application Forms and accompanying cheques / money orders must be received at the above addresses by no later than 5.00pm (AEDT) on the Closing Date for the Securityholder Offer, which is expected to be 16 March 2015.

3.4 How to pay by BPAY

If you are an Applicant under the Securityholder Offer and you apply by using an online Application Form, you will be given a BPAY biller code and unique customer reference number for your Application once you have completed your online Application Form.

Using these BPAY details, you must:

- access your participating BPAY financial institution either through telephone or internet banking;
- select to use BPAY and follow the prompts;
- enter the supplied biller code and unique customer reference number;
- enter the total amount to be paid which corresponds to how many NAB Capital Notes you wish to apply for under each Application;
- select which account you would like your payment to come from;
- schedule your payment to occur on the same day that you complete your online Application Form. Applications without payment will not be accepted;
- record and retain the BPAY receipt number and date paid.

Please note that your bank, credit union or building society may impose a limit on the amount which you can transact on BPAY and payment cut-off times may vary between different financial institutions.

You must check with your financial institution about their BPAY closing time, to ensure that your payment will be received together with your Application Form prior to the Closing Date and time.

3.5 Application Monies and Refunds

All Application Monies received before NAB Capital Notes are issued will be held by NAB on trust in an account established solely for the purposes of depositing Application Monies received. Any interest that accrues in that account will be retained by NAB. After NAB Capital Notes are issued to successful Applicants, the Application Payments held on trust will be payable to NAB.

Where the number of NAB Capital Notes allocated is less than the number applied for, or where no allocation is made, surplus Application Monies will be refunded (without interest) as soon as practicable following finalisation of the Offer.

If the Offer does not proceed for any reason, all Applicants will have their Application Monies refunded (without interest) as soon as practicable.

3.6 ASX quotation and Holding Statements

NAB has applied for NAB Capital Notes to be quoted on ASX. Quotation of NAB Capital Notes is not guaranteed.

Deferred settlement trading of NAB Capital Notes is expected to commence on 23 March 2015 under ASX code NABPC. Trading of NAB Capital Notes on a normal settlement basis is expected to commence on 27 March 2015.

NAB has applied for NAB Capital Notes to participate in CHESSE, and if accepted, no certificates will be issued. NAB expects that Holding Statements for issuer sponsored holders and confirmations for CHESSE holders will be despatched to successful Applicants from 24 March 2015.

A Holder must determine their allocation before trading NAB Capital Notes to avoid the risk of selling NAB Capital Notes the Holder does not own.

3.7 Provision of bank account details for Distribution payments

Under the Terms, payments in respect of each NAB Capital Note will be made on the due date for payment (or if that day is not a Business Day, then the following Business Day).

In order to receive payments, Holders must notify the Registrar of an Australian dollar bank account maintained in Australia with a financial institution to which payments in respect of NAB Capital Notes may be credited. On the relevant payment date, NAB will directly credit the payment amount to the financial institution account specified by the Holder.

If you have not notified an appropriate account by close of business on the Record Date, or the transfer of any amount for payment to the credit of the nominated account does not complete for any reason, then NAB will send a notice to the address most recently notified by you advising of the uncompleted payment. In that case, the amount of the uncompleted payment will be held as a deposit in a non-interest bearing, special purpose account maintained by NAB or the Registry until the first to occur of the following:

- you nominate a suitable Australian dollar account maintained in Australia with a financial institution to which the payment may be credited;
- claims may no longer be made in respect of that amount, in which case the moneys shall be paid to and be the property of NAB; or
- NAB is entitled or obliged to deal with the amount in accordance with the law relating to unclaimed monies.

No additional interest is payable in respect of any delay in payment.

Overview of NAB

Section Four:

Overview of NAB

4.1 Overview

The Group is a financial services organisation that provides a comprehensive and integrated range of financial products and services, with over 12,700,000 customers and 42,800 employees, operating more than 1,750 stores and business banking centres globally. NAB is the holding company and main operating company of the Group.

Our main operations are based in Australia, but we also have interests in New Zealand, Asia, the United Kingdom and the United States of America.

National Australia Bank Limited is a public limited company, incorporated on June 23, 1893 in Australia, which is NAB's main domicile. Its registered office address is Level 1, 800 Bourke Street, Docklands Victoria 3008, Australia.

In Australia, the Group has now fully implemented an integrated and simplified operating model that aligns the organisation to the external environment and evolving customer needs. The model features:

- More streamlined customer management divisions focused on managing and growing customer relationships;
- A single product house to effectively coordinate and manage all product offerings and drive innovation;
- A centralised operations, shared services and transformation division to drive greater scale and efficiency, and delivery of enterprise-wide transformation; and
- Centralised support divisions to remove duplication and promote greater consistency.

In 2015, the Group will focus on the following core priorities, with the goal of improving Shareholder returns:

- Maintaining a strong Australian and New Zealand franchise with an emphasis on:
 - improving customer experience;
 - focusing in Australia on the most attractive customer segments; and
 - building a culture of accountability, performance and delivery;
- Maintaining banking essentials of balance sheet strength, risk and technology; and
- Running-off low returning assets.

As announced on October 30, 2014, the Group will endeavour to accelerate the run-off of low-returning assets, including in the United States and the United Kingdom. The Group is examining a broader range of options, including those provided by public markets, to accelerate an exit from its UK Banking business.

On October 15, 2014, the Group sold a 31.8% interest in United States-based subsidiary Great Western Bancorp, Inc. and has plans to sell 100% over time, subject to market conditions.

Section Four:

Overview of NAB

4.2 Our Services

The majority of the Group's financial services businesses operate in Australia and New Zealand, with other businesses located in Asia, the UK and the US.

The Group operates the following divisions:

Australian Banking: offers a range of banking products and services to retail and business customers, ranging from small and medium enterprises through to Australia's largest institutions. Australian Banking comprises the Personal and Business Banking franchises, Fixed Income, Currencies and Commodities (FICC), Specialised Finance, Debt Markets, Asset Servicing and Treasury.

NAB Wealth: provides superannuation, investment and insurance solutions to retail, corporate and institutional clients. NAB Wealth operates one of the largest networks of financial advisers in Australia.

NZ Banking: comprises the Retail, Business, Agribusiness, Corporate and Insurance franchises in New Zealand, operating under the Bank of New Zealand (BNZ) brand. It excludes BNZ's market operations, which form part of Australian Banking.

UK Banking: operates under the Clydesdale Bank and Yorkshire Bank brands offering a range of banking services for both personal and business customers. These services are delivered through a network of retail branches, business and private banking centres, direct banking and broker-based channels.

Commentary

Net profit attributable to owners of NAB decreased by \$60 million or 1.1% compared to the year ended 30 September 2013. This result was materially impacted by \$1,504 million taken in additional provisions relating to legacy UK conduct related matters and write-downs to the carrying value of software assets and several other tax related items. Details of these specified items and comparatives that impacted the 30 September 2013 financial year are detailed in the Annual Financial Report 2014. Excluding the specified items and foreign exchange movements, net profit attributable to owners of NAB increased by \$1,481 million or 28.8% reflecting lower charges for bad and doubtful debts, a favourable impact from the elimination of Treasury shares, favourable movements in fair value and hedge ineffectiveness, partially offset by lower revenue and higher expenses. Net profit attributable to owners of NAB (statutory net profit) is prepared in accordance with the basis of preparation outlined on page 54.

5.2 Pro-forma Consolidated Balance Sheet

The following table sets out the Group's audited consolidated balance sheet for the year ended 30 September 2014 (in the column headed 'Reported full year to 30 Sep 14'), and the consolidated pro-forma balance sheet assuming the Offer was completed at this date.

The column headed 'Pro-forma full year to 30 Sep 14' outlines the impact of \$1.25 billion of NAB Capital Notes being issued and external issue costs of \$15 million being incurred. The pro-forma consolidated balance sheet is unaudited and has been prepared in accordance with the basis of preparation outlined on page 54.

Section Five:

Financial Information

5.3 Capital Management

5.3.1 Capital Adequacy

APRA is the prudential regulator of the Australian financial services industry. It oversees banks, credit unions, building societies, general insurance and reinsurance companies, life insurance, friendly societies, and most of the superannuation industry.

The Prudential Standards aim to ensure that ADIs maintain adequate capital levels commensurate with the risks associated with their activities, with appropriate buffers to absorb unexpected losses. APRA advises the Group of its prudential capital requirements which represent the minimum ratios of regulatory capital to total risk weighted assets.

On 1 January 2013, APRA's Basel III Prudential Standards came into effect. The Basel III Prudential Standards give effect to the capital reform package released by the Basel Committee on Banking Supervision (BCBS) aimed at raising the quality and quantity of capital in the global banking system.

Broadly, the key features of this framework include:

- An increase in the amounts of capital ADIs must hold against the risks they face with minimum Common Equity Tier 1 Capital of at least 4.5% of risk weighted assets and Tier 1 Capital of at least 6.0% of risk weighted assets;
- A capital conservation buffer of 2.5% of risk weighted assets required to be made up of Common Equity Tier 1 Capital that places restrictions on capital distributions if an ADI's capital level falls within the buffer range (from 1 January 2016); and
- A countercyclical buffer of up to 2.5% of risk weighted assets that will apply when excessive credit growth and other indicators point to a system-wide build-up of risk (from 1 January 2016).

In December 2013, APRA released its framework in relation to domestic systemically important banks (D-SIBs) in Australia. NAB has been identified as a D-SIB and as a result is subject to a 1% higher loss absorbency requirement, which must be met by Common Equity Tier 1 Capital and will be implemented through an extension of the capital conservation buffer, effective 1 January 2016. The total capital conservation buffer will therefore be 3.5% of Common Equity Tier 1 Capital and the total Common Equity Tier 1 Capital requirement will be 8%.

Common Equity Tier 1 Capital comprises paid-up ordinary share capital, retained earnings plus certain other items recognised as capital. The ratio of such capital to risk weighted assets is called the Common Equity Tier 1 Capital Ratio. Additional Tier 1 Capital comprises certain securities with required loss absorbing characteristics (such as NAB Capital Notes). Together these components of capital make up Tier 1 Capital and the ratio of such capital to risk-weighted assets is called the Tier 1 Capital Ratio.

Tier 2 Capital mainly comprises of subordinated instruments. Tier 2 Capital is of a lesser quality than Tier 1 Capital, and contributes to the overall capital framework.

Common Equity Tier 1 Capital contains the highest quality and most loss absorbent components of capital, followed by Additional Tier 1 Capital and then followed by Tier 2 Capital.

The sum of Tier 1 Capital and Tier 2 Capital is called Total Capital. The ratio of Total Capital to risk-weighted assets is called the Total Capital Ratio.

APRA has provided confirmation that NAB Capital Notes, once issued, will qualify as Additional Tier 1 Capital for the purposes of NAB's regulatory capital requirements.

5.3.2 NAB's Capital Management Strategy

The Group's capital management strategy is focused on adequacy, efficiency and flexibility. The capital adequacy objective focuses on holding capital in excess of the internal risk-based assessment of required capital, meeting regulatory requirements, maintaining capital consistent with the Group's balance sheet risk appetite, and ensuring investors' expectations are met. This approach is consistent across the Group's subsidiaries.

From 1 January 2016, the Group's Common Equity Tier 1 operating target is set between 8.75% and 9.25%, based on current regulatory requirements, to reflect the D-SIB requirement of 1% announced by APRA in December 2013. The Group will continue to regularly review its operating target capital levels.

5.3.3 Illustration of pro-forma Tier 1 Capital position as at 31 December 2014 (unaudited)

The diagram shown here illustrates the pro-forma Tier 1 Capital position as at 31 December 2014 under APRA’s Basel III Prudential Standards, assuming \$1.25 billion of NAB Capital Notes were issued and external issue costs of \$15 million were incurred.

5.3.4 Illustration of NAB Common Equity Tier 1 Capital Ratio (unaudited)

The terms of NAB Capital Notes contain a Common Equity Trigger Event as required under APRA’s Basel III Prudential Standards in order to be eligible for inclusion as Additional Tier 1 Capital.

A Common Equity Trigger Event occurs when the Common Equity Tier 1 Ratio of either or both of the NAB Level 1 Group or the NAB Level 2 Group is equal to or less than 5.125% (see clause 24.1 of the Terms). Upon the occurrence of a Common Equity Trigger Event, some or all NAB Capital Notes will immediately Convert into a number of Ordinary Shares (or if they are not Converted at that time, they will be Written Off).

The NAB Level 2 Group capital ratios, which represent the capital ratios of the NAB consolidated banking group, are expected to remain lower than the capital ratios of NAB taken on a standalone basis (i.e. the NAB Level 1 Group capital ratios) and are therefore the most likely hurdle rate to result in a trigger event for NAB.

The NAB Level 2 Group Common Equity Tier 1 Ratio was 8.74% as at 31 December 2014, which is \$13.7 billion in excess of the Common Equity Tier 1 Ratio that would result in a Common Equity Trigger Event, being 5.125%.

The diagram shown here illustrates NAB’s historical Common Equity Tier 1 ratio based on APRA’s Basel III Prudential Standards.

NAB has given notice on 22 January 2015 that the TPS II will be redeemed on 23 March 2015. Based on the reported capital ratios in NAB’s Annual Financial Report 2014, the redemption of the TPS II would have reduced NAB’s Tier 1 Ratio and Total Capital Ratio by 24 basis points.

Financial Information

5.4 Funding and liquidity

The Group maintains a strong capital, funding and liquidity position in line with its ongoing commitment to balance sheet strength.

Funding

The Group employs a range of internal Board approved metrics to set its risk appetite and measure balance sheet strength. The Group continues to grow deposits, with an emphasis on funds with stable characteristics, whilst also taking into account current market conditions and funding requirements. In addition, the Group has accessed a diverse range of wholesale funding across senior and secured debt markets as well as the domestic retail hybrid market. The Group continues to explore opportunities to enhance and diversify its funding sources.

Liquidity

The Group maintains well diversified and high quality liquid asset portfolios to support regulatory and internal requirements in the various countries in which it operates. APRA finalised its liquidity standard during 2014. The qualitative aspects of this standard came into force on 1 January 2014 while compliance with the Liquidity Coverage Ratio (LCR) commenced on 1 January 2015. The availability of the Reserve Bank of Australia's Committed Liquidity Facility remains central to APRA's liquidity standard.

5.5 Impact of the Offer

The proceeds of the Offer will be used by NAB for general corporate purposes. The Offer will not have a material impact on NAB's cash flow.

5.6 Further Information

NAB is a disclosing entity for the purposes of the Corporations Act and so is subject to periodic reporting obligations under the Corporations Act and the ASX Listing Rules, including an obligation to lodge half-yearly and annual financial reports with ASIC and ASX. The Corporations Act and the ASX Listing Rules also require NAB to disclose to the market matters which could be expected to have a material effect on the price or value of NAB's securities.

Copies of:

- the First Quarter 2015 Trading Update released to the ASX on 5 February 2015;
- the Annual Financial Report 2014; and
- all documents lodged with the ASX since the date of the Annual Financial Report 2014,

can be obtained from the Shareholder Centre at www.nabgroup.com/shareholder and from www.asx.com.au.

Key Risks of NAB Capital Notes

Section Six:

Key Risks of NAB Capital Notes

This section describes key potential risks that you should consider in deciding whether to invest in NAB Capital Notes, including risks that may affect NAB's business and financial performance.

The selection of risks has been based on an assessment of a combination of the probability of the risk occurring and the impact of the risk if it did occur. There is no guarantee or assurance that the importance of different risks will not change or that other risks will not emerge.

Before applying for NAB Capital Notes, you should consider whether NAB Capital Notes are a suitable investment for you. There are risks associated with an investment in NAB Capital Notes and in NAB, many of which are outside the control of NAB and its Directors. These risks include those referred to in this section and other matters referred to in this Prospectus.

6.1 Risks associated with investing in NAB Capital Notes

6.1.1 Investments in NAB Capital Notes are not Protected Accounts under the Banking Act or any other accounts or deposit liabilities of NAB

NAB Capital Notes do not constitute deposit liabilities of NAB, are not Protected Accounts for the purposes of the Banking Act or any other accounts with NAB and are not guaranteed or insured by any government, government agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction, by any member of the Group or by any other party.

6.1.2 Distributions may not be paid

There is a risk that Distributions will not be paid. The Terms do not oblige NAB to pay Distributions.

The payment of Distributions on NAB Capital Notes is subject to the discretion of the Directors, which means they may not be paid and failure to pay a Distribution when scheduled will not constitute an event of default.

Distributions are also only payable if a Payment Condition does not exist on the Distribution Payment Date. The circumstances in which a Payment Condition will exist are described in Section 2.1. They include the cases where the payment of a Distribution will result in a breach of APRA's regulatory capital requirements as they apply to NAB, or will result in NAB becoming, or being likely to become insolvent for the purposes of the Corporations Act, where APRA otherwise objects to the payment of a Distribution, or where NAB is not permitted to pay the Distribution under the Corporations Act.

The Terms contain no events of default and accordingly, in the event that NAB does not pay a Distribution when scheduled, a Holder:

- has no right to apply for NAB to be wound up or placed in administration, or to cause a receiver or a receiver and manager to be appointed in respect of NAB; and
- will have no right of set-off and no offsetting rights or claims on NAB under the Terms.

Distributions are non-cumulative, and therefore if a Distribution is not paid then NAB has no liability to pay that Distribution and Holders have no claim or entitlement in respect of such non-payment.

If a Distribution is not paid in full on a Distribution Payment Date, subject to certain exceptions NAB cannot declare, determine to pay, or pay dividends on its Ordinary Shares or return capital (unless Holders approve the payment by Ordinary Resolution) until the next Distribution Payment Date (unless the Distribution is paid in full within 3 Business Days).

Changes in regulations applicable to NAB may impose additional requirements which prevent NAB from paying Distributions in additional circumstances.

Further, under the terms of other securities issued by NAB, including Equal Ranking Instruments, NAB may be restricted from paying Distributions if NAB does not pay distributions on those other securities. See further section 6.1.18 on page 67.

6.1.3 Changes in Distribution Rate

The Distribution Rate is calculated for each Distribution Period by reference to the Bank Bill Rate, which is influenced by a number of factors and varies over time. The Distribution Rate will fluctuate (both increasing and decreasing) over time as a result of movements in the Bank Bill Rate – see Section 2.1. As the Distribution Rate fluctuates, there is a risk that it may become less attractive when compared to the rates of return available on comparable securities or other investments issued by NAB or other entities.

NAB does not guarantee any particular rate of return on NAB Capital Notes.

6.1.4 Market price of NAB Capital Notes and Ordinary Shares

The market price of NAB Capital Notes may fluctuate due to various factors, including investor perceptions, Australian and worldwide economic conditions, interest rates, movements in foreign exchange rates, impacts of regulatory change, movements in the market price of Ordinary Shares or senior or subordinated debt, the availability of better rates of return on other securities and factors that may

affect NAB's financial performance and position. NAB Capital Notes may trade at a market price below the Face Value.

In recent years, markets have become more volatile. Volatility risk is the potential for fluctuations in the price of securities, sometimes markedly and over a short period. Investing in volatile conditions implies a greater level of volatility risk for investors than an investment in a more stable market.

You should carefully consider this additional volatility risk before deciding whether to make an investment in NAB Capital Notes.

The Ordinary Shares held as a result of any Conversion will, following Conversion, rank equally with existing Ordinary Shares. Accordingly, the ongoing value of any Ordinary Shares received upon Conversion will depend upon the market price of Ordinary Shares after the date on which NAB Capital Notes are Converted. The market price of Ordinary Shares is also subject to the factors outlined above and may also be volatile.

The market price of NAB Capital Notes (as well as the Ordinary Shares) may fluctuate as a result of the information disclosed to the market by NAB in order to comply with its continuous disclosure requirements.

6.1.5 Liquidity

There may be no liquid market for NAB Capital Notes. The market for NAB Capital Notes may be less liquid than the market for Ordinary Shares or comparable securities issued by NAB or other entities. Holders who wish to sell their NAB Capital Notes may be unable to do so at an acceptable price, or at all, if insufficient liquidity exists in the market for NAB Capital Notes. NAB Capital Notes are expected to Convert into Ordinary Shares on 23 March 2022 (subject to certain conditions being satisfied) unless NAB Capital Notes are otherwise Converted, Written Off, Redeemed or Resold on or before that date. Where NAB Capital Notes are Converted, there may be no liquid market for Ordinary Shares at the time of Conversion or the market for Ordinary Shares may be less liquid than that for comparable securities issued by other entities at the time of Conversion.

Section Six:

Key Risks of NAB Capital Notes

In addition, there is no guarantee that NAB Capital Notes will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

6.1.6 The Ordinary Share price used to calculate the Conversion Number of Ordinary Shares may be different to the market price at the time of Conversion

Upon Conversion, Holders will receive approximately \$101 worth of Ordinary Shares per NAB Capital Note (based on the VWAP during a period, usually 20 Business Days, before the Mandatory Conversion Date or other date on which NAB Capital Notes are Converted). The market price of Ordinary Shares may fluctuate due to various factors.

For a Conversion following a Loss Absorption Event, depending on the market price of Ordinary Shares at the relevant time, Holders are likely to receive significantly less than \$101 worth of Ordinary Shares per NAB Capital Note – see Sections 2.7 and 6.1.14.

The VWAP during the relevant period before the date of Conversion that is used to calculate the number of Ordinary Shares that Holders receive may differ from the Ordinary Share price on or after the date of Conversion. As a result, the market value of Ordinary Shares received upon Conversion may be greater than or less than \$101 per NAB Capital Note when they are issued or at any time after that, and could be less than the Face Value. Holders receiving Ordinary Shares on Conversion may not be able to sell those Ordinary Shares at the price on which the Conversion calculation was based, or at all.

6.1.7 Distributions may not be fully franked

NAB expects Distributions to be fully franked. However, there is no guarantee that NAB will have sufficient franking credits in the future to fully frank Distributions.

If a Distribution payment is not fully franked, then the Distribution will be adjusted to reflect the applicable franking rate (see clause 2.5 of the Terms).

6.1.8 Use of franking credits by Holders

The value and availability of franking credits to a Holder will differ depending on the Holder's particular tax circumstances. Holders should be aware that the potential value of any franking credits does not accrue at the same time as the receipt of any cash Distribution. Holders should also be aware that the ability to use the franking credits, either as an offset to a tax liability or by claiming a refund after the end of the income year, will depend on the individual tax position of each Holder. Holders should also refer to the Australian Taxation Summary in Section 7 and seek professional advice in relation to their tax position.

6.1.9 NAB Capital Notes are perpetual and Mandatory Conversion may not occur on the scheduled Mandatory Conversion Date or at all

NAB Capital Notes are expected to Convert into Ordinary Shares on 23 March 2022 (subject to certain conditions being satisfied).

However, there is a risk that Conversion will not occur because the Mandatory Conversion Conditions are not satisfied due to a large fall in the Ordinary Share price relative to the Issue Date VWAP, or where a Delisting Event applies. For example, the market price of Ordinary Shares is relevant to determining whether Conversion will occur, and the number of Ordinary Shares a Holder will receive on Conversion. Depending on the market price of Ordinary Shares at the relevant time, Conversion may not occur. The Ordinary Share price may be affected by transactions affecting the share capital of NAB, such as rights issues, placements, returns of capital, certain buy-backs and other corporate actions. The Issue Date VWAP is adjusted only for transactions by way of a reorganisation and pro rata bonus issues of Ordinary Shares as described in clauses 7.5 and 7.6 of the Terms and not for other transactions, including rights issues, placements, returns of capital, buy-backs or special dividends. The Terms do not limit the transactions which NAB may undertake with respect to its share capital and any such action may affect whether Conversion will occur and may adversely affect the position of Holders.

If Mandatory Conversion does not occur on the Scheduled Mandatory Conversion Date, Mandatory Conversion would then occur on the next Distribution Payment Date on which all of the Mandatory Conversion Conditions are satisfied unless NAB Capital Notes are otherwise Converted, Written Off, Redeemed or Resold on or before that date. If Mandatory Conversion does not occur on a possible Mandatory Conversion Date and NAB Capital Notes are not otherwise Converted, Written Off, Redeemed or Resold, Distributions may continue to be paid on NAB Capital Notes (subject to the Directors resolving to pay a Distribution and no Payment Condition existing on the relevant Distribution Payment Date(s)).

NAB Capital Notes are a perpetual instrument. If the Ordinary Share price deteriorates significantly and never recovers, it is possible that the Mandatory Conversion Conditions will never be satisfied and, if this occurs, unless NAB Capital Notes are otherwise Converted (see further sections 6.1.10 to 6.1.14 below), NAB Capital Notes will never Convert.

6.1.10 Conversion on an Acquisition Event

NAB Capital Notes are issued by NAB, which, as an ASX-listed company, may be affected by merger and acquisition activity, including the possibility of being acquired by, or merged with, another company or group of companies, potentially resulting in a change of control.

Where this corporate activity constitutes an Acquisition Event, as defined in the Terms, subject to certain conditions, NAB is required to Convert all NAB Capital Notes in accordance with clauses 5 and 7 of the Terms. Conversion may occur on dates not previously contemplated by Holders, which may be disadvantageous in light of market conditions or their individual circumstances and may not coincide with their individual preference in terms of timing. This also means that the period for which Holders will be entitled to the benefit of the rights attaching to NAB Capital Notes (such as Distributions) is unknown.

6.1.11 Conversion, Redemption or Resale at NAB's option

NAB may (subject to APRA's prior written approval) elect to Convert, Redeem or Resell some or all NAB Capital Notes on 23 March 2020 or following the occurrence of a Tax Event or Regulatory Event. In addition, NAB may also Convert some or all NAB Capital Notes on the occurrence of a Potential Acquisition Event.

Holder's have no right to request or require a Conversion, Redemption or Resale of their NAB Capital Notes.

Any Conversion, Redemption or Resale at NAB's option may occur on dates not previously contemplated by Holders, which may be disadvantageous in light of market conditions or their individual circumstances and may not coincide with their individual preference in terms of timing. This also means that the period for which Holders will be entitled to the benefit of the rights attaching to NAB Capital Notes (such as Distributions) is unknown.

The method of Conversion, Redemption or Resale chosen by NAB may be disadvantageous to Holders and may not coincide with their individual preference in terms of whether they receive Ordinary Shares or cash on the relevant date.

For example, if APRA approves an election by NAB to Redeem NAB Capital Notes, Holders will receive cash equal to \$100 per NAB Capital Note rather than Ordinary Shares and accordingly, they will not benefit from any subsequent increases in the Ordinary Share price after the Redemption occurs. In addition, where Holders receive cash on Redemption, the rate of return at which they could reinvest their funds may be lower than the Distribution Rate at the time.

Upon any Resale, it will be the Nominated Purchaser's obligation to pay the Resale Price to the Holders. NAB does not guarantee the Nominated Purchaser will pay this amount and if it does not the Holders will continue to hold NAB Capital Notes.

Where Holders receive Ordinary Shares on Conversion, they will have the same rights as other holders of Ordinary Shares, which are different to the rights attaching to NAB Capital Notes.

6.1.12 Optional Conversion, Redemption and Resale subject to certain events occurring

If NAB elects to Convert (other than where it is obliged to Convert), Redeem or Resell NAB Capital Notes, APRA's prior written approval is required. Holders should not expect that APRA will give its approval to any Conversion, Redemption or Resale.

Optional Conversion

The optional Conversion of NAB Capital Notes by NAB is also subject to the level of the Ordinary Share price on the second Business Day before the date on which NAB is to send a notice advising Holders that it wishes to Convert NAB Capital Notes (or if trading in Ordinary Shares did not occur on that date, the Business Day prior to that date on which trading in Ordinary Shares occurred). If the VWAP on that date is less than or equal to 22.50% of the Issue Date VWAP (see section 2.4), NAB is not permitted to elect to Convert NAB Capital Notes. Also, if a Delisting Event applies, NAB is not permitted to elect to Convert NAB Capital Notes.

In addition, Conversion on an Optional Conversion Date is subject to both the Second Mandatory Conversion Condition (applied as if it referred to 20.20% of the Issue Date VWAP) and the Third Mandatory Conversion Condition being satisfied in respect of the Optional Conversion Date as if the Optional Conversion Date were a possible Mandatory Conversion Date.

If the requirements for Conversion on the Optional Conversion Date are not satisfied, NAB will notify Holders and the Conversion will be deferred until the next Distribution Payment Date on which the Mandatory Conversion Conditions would be satisfied if that Distribution Payment Date were a possible Mandatory Conversion Date (with this condition applied as if the percentage of the Issue Date VWAP were 22.50% for the First Mandatory Conversion Condition and 20.20% for the Second Mandatory Conversion Condition).

Optional Redemption

The optional Redemption of NAB Capital Notes is subject to the condition

that APRA is satisfied that either NAB Capital Notes the subject of the Redemption are replaced concurrently or beforehand with a capital instrument of the same or better quality and the replacement of NAB Capital Notes is done under conditions that are sustainable for NAB's income capacity, or that the Group's capital position will remain adequate after NAB elects to Redeem NAB Capital Notes.

NAB is not permitted to elect to Redeem or Resell NAB Capital Notes on account of an Acquisition Event or a Potential Acquisition Event.

6.1.13 Other events affecting Conversion

Other events and conditions may affect the ability of Holders to trade or dispose of the Ordinary Shares issued on Conversion e.g. the willingness or ability of ASX to accept the Ordinary Shares issued on Conversion for quotation or any practical issues which affect that quotation, any disruption to the market for the Ordinary Shares or to capital markets generally, the availability of purchasers for Ordinary Shares and any costs or practicalities associated with trading or disposing of Ordinary Shares at that time.

6.1.14 Conversion on account of a Loss Absorption Event

NAB must immediately Convert NAB Capital Notes into Ordinary Shares if a Loss Absorption Event occurs. A Loss Absorption Event may occur at any time and on any day (whether or not the day is a Business Day).

Accordingly, any such Conversion on account of a Loss Absorption Event may occur on dates not previously contemplated by Holders, which may be disadvantageous in light of market conditions or their individual circumstances and may not coincide with their individual preference in terms of timing.

A Loss Absorption Event is each of:

- a Common Equity Trigger Event; and
- a Non-Viability Trigger Event.

See Section 2.7 for a description of Common Equity Trigger Events and Non-Viability Trigger Events.

Section Six:

Key Risks of NAB Capital Notes

If a Loss Absorption Event occurs:

- Conversion is not subject to the Mandatory Conversion Conditions being satisfied;
- Conversion may occur automatically without the need for any further act or step by NAB. In that case, NAB will treat a Holder in respect of its NAB Capital Notes as having been issued the Conversion Number of Ordinary Shares. NAB expects that any ASX trades in NAB Capital Notes that have not settled on the date a Loss Absorption Event occurs will continue to settle in accordance with the normal ASX T+3 settlement, although NAB expects the seller will be treated as having delivered, and the buyer will be treated as having acquired, the Conversion Number of Ordinary Shares into which NAB Capital Notes have been Converted as a result of the occurrence of the Loss Absorption Event.
- NAB may also seek a trading halt to prevent further trading in NAB Capital Notes on ASX, and if ASX permits, may refuse to register transfers of NAB Capital Notes that have not settled – this may result in disruption or failures in trading or dealings in NAB Capital Notes (which may cause a Holder to suffer loss);
- Holders will not receive prior notice of Conversion or have any rights to vote in respect of the Conversion; and
- the Ordinary Shares issued on Conversion may not be quoted at the time of issue, or at all.

If a Loss Absorption Event were to occur, depending on how much Common Equity Tier 1 Capital NAB needs, NAB may be:

- permitted to Convert only a proportion of NAB Capital Notes and other Relevant Tier 1 Capital Instruments; or
- required to either convert or write off all Relevant Tier 1 Capital Instruments (such as NAB Capital Notes).

If NAB is required to convert or write off all Relevant Tier 1 Capital Instruments (such as NAB Capital Notes), Holders should be aware that all Relevant Tier 1 Capital Instruments such as NAB Capital Notes will be converted or written off before any Relevant Tier 2 Capital Instruments are converted or written off.

All Relevant Tier 1 Capital Instruments must be converted or written off where the Loss Absorption Event is a Non-Viability Trigger Event involving a determination by APRA that a public sector injection of capital would be required.

APRA determinations in relation to Loss Absorption Events

Where NAB is permitted to convert only a proportion of NAB Capital Notes and other Relevant Tier 1 Capital Instruments following a Loss Absorption Event, NAB must endeavour to treat Holders on an approximately proportionate basis, but may discriminate to take account of the effect on marketable parcels of NAB Capital Notes and other logistical considerations, provided that nothing in the making of the selection or the adjustments is to delay or impede the Conversion taking effect.

Accordingly, should a Loss Absorption Event occur, and NAB is permitted to Convert only some and not all NAB Capital Notes, not all Holders may have their NAB Capital Notes Converted into Ordinary Shares.

In relation to Common Equity Trigger Events, see Section 5.3 for information on NAB's current level of Common Equity Tier 1 Capital. NAB's level of Common Equity Tier 1 Capital may be affected by risks associated with its business and its ability to raise and maintain levels of capital which are outside its control.

In relation to Non-Viability Trigger Events, APRA has not provided guidance as to how it would determine non-viability. Non-viability could be expected to include serious impairment of NAB's financial position and insolvency; however, it is possible that APRA's definition of non-viable may not necessarily be confined to solvency or capital measures and APRA's position on these matters may change over time. Non-viability may be significantly impacted by a number of factors, including factors which affect the business, operation and financial condition of NAB. For instance, systemic and non-systemic macroeconomic, environmental and operational factors, domestically or globally, may affect the viability of NAB.

Conversion following a Loss Absorption Event

The number of Ordinary Shares that a NAB Capital Note Holder will receive on Conversion following a Loss Absorption Event is calculated in accordance with the Conversion Number formula which provides for a calculation based on a discounted five Business Day VWAP but cannot be more than the Maximum Conversion Number. Accordingly, this is likely to result in a Holder receiving significantly less than \$101 worth of Ordinary Shares per NAB Capital Note and suffering loss as a result.

This is because:

- the number of Ordinary Shares is limited to the Maximum Conversion Number and this number of Ordinary Shares is likely to have a value of significantly less than \$101;
- the number of shares is calculated by reference to the price of Ordinary Shares on the five Business Days before the Loss Absorption Event Conversion Date which may differ from the Ordinary Share price on or after that date. The Ordinary Shares may not be listed or may not be able to be sold at prices representing their value based on the VWAP. In particular, VWAP prices will be based wholly or partly on trading days which occurred before the Loss Absorption Event; and
- as noted in Section 2.3, the Maximum Conversion Number may be adjusted to reflect a consolidation, division or reclassification of Ordinary Shares and pro rata bonus issues. However, no adjustment will be made to it on account of other transactions which may affect the price of Ordinary Shares, including for example rights issues, returns of capital, buy-backs or special dividends. The Terms do not limit the transactions that NAB may undertake with respect to its share capital and any such action may increase the risk that Holders receive only the Maximum Conversion Number and so may adversely affect the position of Holders.

Failure to Convert

If, following a Loss Absorption Event, Conversion has not been effected within 5 days of the Loss Absorption Event Conversion Date for any reason (including an Inability Event), NAB Capital Notes which would otherwise be Converted, will not be Converted but instead Written Off.

If a Write Off occurs following a Loss Absorption Event, the rights of Holders to Distributions and returns of capital will be terminated, the NAB Capital Notes that are Written Off will not be Converted, Redeemed or Resold on any subsequent date and a Holder will not have their capital repaid. Holders will suffer loss as a result.

The laws under which an Inability Event may arise include laws relating to the insolvency, winding up or other external administration of NAB. Those laws and the grounds on which a court or government authority may make orders preventing the Conversion of NAB Capital Notes may change and the change may be adverse to the interests of Holders.

6.1.15 Restrictions on rights and ranking in a winding up of NAB

NAB Capital Notes are issued by NAB under the NAB Capital Notes Deed Poll. A Holder has no claim on NAB in respect of NAB Capital Notes except as provided in the Terms and the NAB Capital Notes Deed Poll.

NAB Capital Notes are unsecured. In the event of a winding up of NAB, and assuming NAB Capital Notes have not been Converted, Redeemed or Resold and are not required to be Written Off due to a Loss Absorption Event, investors will be entitled to claim for the Face Value after payment of all claims ranking senior to NAB Capital Notes.

This is an amount for each NAB Capital Note equal to \$100.

However, where NAB Capital Notes are required to be Converted on account of a Loss Absorption Event but Conversion has not been effected within 5 days of the Loss Absorption Event Conversion Date and, accordingly, NAB Capital Notes have been Written Off (as described in Section 2.7 and clause 4.5 of the Terms), the relevant Holder's rights (including to Distributions) in relation to such NAB Capital Notes will be immediately terminated and written off (with effect from the Loss Absorption Event Conversion Date). The Holder's investment will lose all of its value and the Holder will not receive any Ordinary Shares or other compensation.

If there is a shortfall of funds on a winding up of NAB to pay all amounts ranking senior to and equally with NAB Capital Notes, Holders will not receive all or some of the Face Value.

Although NAB Capital Notes may pay a higher rate of distribution than comparable securities and instruments which are not subordinated, there is a significant risk that a Holder will lose all or some of their investment should NAB become insolvent.

6.1.16 Future issues or redemptions of securities by NAB

NAB Capital Notes do not in any way restrict NAB from issuing further securities or from incurring further indebtedness. NAB's obligations under NAB Capital Notes rank subordinate and junior in a winding up to NAB's obligations to holders of senior ranking securities and instruments, and all creditors, including subordinated creditors (other than creditors whose claims are subordinated so as to rank equally with NAB Capital Notes). Accordingly, NAB's obligations under NAB Capital Notes will not be satisfied unless it can satisfy in full all of its other obligations ranking senior to NAB Capital Notes. NAB may in the future issue securities that:

- rank for distributions or payments of capital (including on the winding up of NAB) equal with, behind or ahead of NAB Capital Notes;
- have the same or different dividend, interest or distribution rates as those for NAB Capital Notes;
- have payment tests and distribution restrictions or other covenants which affect NAB Capital Notes (including by restricting circumstances in which Distributions can be paid or NAB Capital Notes can be Redeemed or Resold); or
- have the same or different terms and conditions as NAB Capital Notes.

NAB may incur further indebtedness and may issue further securities including further Tier 1 Capital securities before, during or after the issue of NAB Capital Notes. An investment in NAB Capital Notes carries no right to participate in any future issue of securities (whether equity, Tier 1 Capital, subordinated or senior debt or otherwise) by NAB.

No prediction can be made as to the effect, if any, which the future issue of securities by NAB may have on the market price or liquidity of NAB Capital Notes or of the likelihood of NAB making payments on NAB Capital Notes. Similarly, NAB Capital Notes do not restrict any member of the Group from redeeming, buying back or undertaking a reduction of capital or otherwise repaying its other securities (whether existing securities or those that may be issued in the future).

An investment in NAB Capital Notes carries no right to be redeemed or otherwise repaid at the same time as NAB redeems, or otherwise repays, holders of other securities (whether equity, Tier 1 Capital, subordinated or senior debt or otherwise).

6.1.17 Exposure to the Group's financial performance and position

If the Group's financial performance or position declines, or if market participants anticipate that it may decline, an investment in NAB Capital Notes may decline in value. Accordingly, when you evaluate whether to invest in NAB Capital Notes you should carefully evaluate the investment risks associated with an investment in NAB – see Section 6.2.

6.1.18 The restriction on Ordinary Share dividend payments applies in limited circumstances

The restriction on dividend payments where Distributions on NAB Capital Notes are not paid only applies in respect of Ordinary Shares and not distributions in respect of any other securities, including those ranking equally with NAB Capital Notes.

Accordingly, a failure to make a scheduled payment on NAB Capital Notes may not restrict the making of payments in respect of instruments that may in the future rank equally with NAB Capital Notes.

Further, the restriction in NAB Capital Notes only applies until the next Distribution Payment Date and is subject to certain exceptions. The dates for distribution with respect to Ordinary Shares are determined by NAB in its discretion and do not bear a fixed relationship to the Distribution Payment Dates for NAB Capital Notes.

Section Six:

Key Risks of NAB Capital Notes

Accordingly, as soon as the restriction ceases to apply (as will be the case if the next scheduled Distribution on NAB Capital Notes is paid) NAB will not be restricted from paying a dividend on its Ordinary Shares.

Where an Approved NOHC is substituted as the issuer of ordinary shares on Conversion, there is no restriction on the Approved NOHC declaring or paying a dividend on, or buying back or reducing capital on, its ordinary shares if NAB does not pay a Distribution on a NAB Capital Note (see Section 6.1.23).

6.1.19 Changes to credit ratings

NAB's cost of funds, margins, access to capital markets and competitive position and other aspects of its performance may be affected by its credit ratings (including any long-term credit ratings or the ratings assigned to any class of its securities). Credit rating agencies may withdraw, revise or suspend credit ratings or change the methodology by which securities are rated. Even though NAB Capital Notes will not be rated, such changes may adversely affect the market price, liquidity and performance of NAB Capital Notes or Ordinary Shares received on Conversion.

6.1.20 Regulatory classification

APRA has provided confirmation that NAB Capital Notes qualify as Additional Tier 1 Capital under the Basel III Prudential Standards. However, if NAB subsequently determines that, as a result of a Regulatory Change, some or all NAB Capital Notes are not or will not qualify in that category of regulatory capital (and NAB did not expect this prior to the Issue Date), NAB may decide that a Regulatory Event has occurred. This will allow Conversion, Redemption or Resale (subject to certain conditions, including APRA approval) at NAB's discretion.

6.1.21 Australian tax consequences

A general outline of the tax consequences of investing in NAB Capital Notes for certain potential investors who are Australian residents for tax purposes is set out in the Australian taxation summary in Section 7. This discussion is in general terms

and is not intended to provide specific advice addressing the circumstances of any particular potential investor.

Accordingly, potential investors should seek independent advice concerning their own individual tax position.

Broadly, NAB is entitled to Convert, Redeem or Resell all or some NAB Capital Notes (subject to certain conditions, including APRA's prior written approval where required), if as a result of a change in law or practice on or after the Issue Date in Australia (which NAB did not expect at the time of issue of NAB Capital Notes), there is a more than insubstantial risk that a Distribution would not be frankable (or would only be frankable subject to requirements which the Directors determine to be unacceptable) or that NAB would be exposed to an increase in taxes or other costs, which is not insignificant, in relation to NAB Capital Notes.

See the description of a Tax Event in Section 2.4 for more information.

If the corporate tax rate was to change, the cash amount of Distributions and the amount of any franking credit would change. In this regard, the current Coalition Government's pre-election policy announcements included a proposal to reduce the corporate tax rate from 30% to 28.5% from 1 July 2015. Although their policy announcements also included a proposal to impose a 1.5% special levy from 1 July 2015 on companies with taxable income exceeding \$5 million, such a levy would not be treated as part of the corporate tax rate for franking purposes.

It remains to be seen whether legislation to reduce the corporate tax rate will actually be introduced and enacted. In this regard, on 2 February 2015, the Coalition Government announced that the paid parental leave which the levy is intended to fund will not proceed. However, the Government did not specifically comment on the status of the proposed reduction to the corporate tax rate for large businesses or the special levy. If the corporate tax rate is reduced to 28.5% from 1 July 2015, then from that time the cash amount of Distributions and the amount of any attached franking credits would change.

6.1.22 Shareholding limits

The Financial Sector (Shareholdings) Act 1998 (Cth) restricts ownership by people (together with their associates) of an Australian bank, such as NAB, to a 15% stake. A Shareholder may apply to the Australian Treasurer to extend their ownership beyond 15%, but approval will not be granted unless the Treasurer is satisfied that a holding by that person greater than 15% is in the national interest.

Mergers, acquisitions and divestments of Australian public companies listed on ASX (such as NAB) are regulated by detailed and comprehensive legislation and the rules and regulations of ASX. These provisions include restrictions on the acquisition and sale of relevant interests in certain shares in an Australian listed company under the Corporations Act and a requirement that acquisitions of certain interests in Australian listed companies by foreign interests are subject to review and approval by the Treasurer. In addition, Australian law also regulates acquisitions which would have the effect, or be likely to have the effect, of substantially lessening competition in a market.

Holders should take care to ensure that by acquiring any NAB Capital Notes (taking into account any Ordinary Shares into which they may Convert), Holders do not breach any applicable restrictions on ownership.

6.1.23 NOHC Event

As described in Section 6.1.10, certain merger and acquisition activity in relation to NAB will constitute an Acquisition Event, as defined in the Terms. In this case, subject to certain conditions, NAB is required to Convert all NAB Capital Notes in accordance with clauses 5 and 7 of the Terms.

However, certain events which would otherwise constitute Acquisition Events are categorised under the Terms as NOHC Events. Where a NOHC Event occurs and certain other conditions are satisfied, the NOHC Event will not trigger a Conversion of NAB Capital Notes. Instead, NAB will be permitted to make certain amendments to the Terms in order to substitute the Approved NOHC as the issuer of the ordinary shares issued on Conversion.

Accordingly, potential investors should be aware that, if a NOHC Event occurs and a substitution of the issuer of the ordinary shares on Conversion is effected under the Terms, Holders will be obliged to accept the Approved NOHC ordinary shares and will not receive Ordinary Shares of NAB on Conversion. Potential investors should also be aware that Holders may not have a right to vote on any proposal to approve, implement or give effect to a NOHC Event.

At this time, NAB has made no decision to implement a NOHC structure.

In the event that a NOHC Event were to occur, NAB would continue to be regulated by APRA. However, depending on the structure of the acquirer following a NOHC Event and the capital framework which APRA determines to apply to it, the composition of NAB's capital measurement levels may be affected, which in turn may affect NAB's ability to pay Distributions on NAB Capital Notes.

After a NOHC Event Holders will remain note holders in NAB with the same rights to distributions and to payment in a winding up of NAB as before the NOHC Event, but on Conversion Holders will receive ordinary shares in the Approved NOHC and not Ordinary Shares in NAB. NAB Capital Notes should remain quoted on ASX, but NAB's Ordinary Shares will cease to be quoted.

Where a NOHC Event is accompanied by a transfer of assets from NAB or a subsidiary to the Approved NOHC or another subsidiary of the Approved NOHC, NAB may as a result have reduced assets which may affect its credit rating and the likelihood Holders will receive their claims in full if NAB is wound up. Holders do not have any claim on the assets of the Approved NOHC or any other subsidiary of the Approved NOHC other than following Conversion as a holder of ordinary shares in the Approved NOHC.

6.1.24 Powers of an ADI statutory manager and APRA

In certain circumstances APRA may appoint a statutory manager to take control of the business of an ADI, such as NAB. Those circumstances are defined in the Banking Act to include:

- where the ADI informs APRA that it is likely to become unable to meet its obligations, or is about to suspend payment;
- where APRA considers that, in the absence of external support:
 - the ADI may become unable to meet its obligations;
 - the ADI may suspend payment;
 - it is likely that the ADI will be unable to carry on banking business in Australia consistently with the interests of its depositors; or
 - it is likely that the ADI will be unable to carry on banking business in Australia consistently with the stability of the financial system in Australia;
- the ADI becomes unable to meet its obligations or suspends payment; or
- where, in certain circumstances, the ADI is in default of compliance with a direction by APRA to comply with the Banking Act or regulations made under it and the Federal Court authorises APRA to assume control of the ADI's business.

The powers of an ADI statutory manager include the power to alter an ADI's constitution, to issue, cancel or sell shares (or rights to acquire shares) in the ADI and to vary or cancel rights or restrictions attached to shares in a class of shares in the ADI. The ADI statutory manager is authorised to do so despite the Corporations Act, the ADI's constitution, any contract or arrangement to which the ADI is party or the ASX Listing Rules. The statutory manager may also dispose of the whole or part of an ADI's business. In the event that a statutory manager is appointed to NAB in the future, these broad powers of an ADI statutory manager may be exercised in a way which adversely affects the rights attaching to NAB Capital Notes and the position of Holders. APRA may, in certain circumstances, require NAB to transfer all or part of its business to another entity under the Financial Sector (Business Transfer and Group Restructure) Act 1999 (Cth) ("FSBT Act").

A transfer under the FSBT Act overrides anything in any contract or agreement to which NAB is party and thus may have an adverse effect on NAB's ability to comply with its obligations under NAB Capital Notes and the position of Holders.

6.1.25 Amendment of Terms

NAB may, with APRA's prior written approval where required, amend the Terms and the NAB Capital Notes Deed Poll without the approval of Holders.

These include necessary or expedient amendments to dates and time periods to facilitate any Mandatory Conversion, Loss Absorption Event Conversion, optional Conversion, Redemption or Resale or any change which NAB considers will not be materially prejudicial to the interests of Holders as a whole. NAB may also, with APRA's prior written approval where required, amend the Terms if the amendment has been approved by a Special Resolution of Holders. Amendments under these powers are binding on all Holders despite the fact that a Holder may not agree with the amendment. APRA's prior written approval to amend the Terms is required only where the amendment may affect the eligibility of NAB Capital Notes as Additional Tier 1 Capital.

6.1.26 Holders may be subject to FATCA withholding and information reporting

It is possible that, in order to comply with FATCA, NAB (or if NAB Capital Notes are held through another financial institution, such other financial institution) may be required (pursuant to an agreement with the US Internal Revenue Service ("IRS") or under applicable law) to request certain information from Holders or beneficial owners of NAB Capital Notes, which information may be provided to the IRS, and to withhold US tax on some portion of payments made after 31 December 2016 with respect to NAB Capital Notes if such information is not provided or if payments are made to certain foreign financial institutions that have not entered into a similar agreement with the IRS (and are not otherwise required to comply with the FATCA regime under applicable laws or are otherwise exempt from complying with the requirement to enter into a FATCA agreement with the IRS). If NAB or any other person is required to withhold amounts under or in connection with FATCA from any payments made in respect of NAB Capital Notes, Holders and beneficial owners of NAB Capital Notes will not be entitled to receive any gross up or additional amounts to compensate them for such withholding.

Section Six:

Key Risks of NAB Capital Notes

This description is based on guidance issued to date by the IRS, including recently issued regulations. Future guidance may affect the application of FATCA to NAB Capital Notes.

6.2 Risks specific to the Group, including those related to general banking, economic and financial conditions

Set out below are the principal risks and uncertainties associated with the Group. These risks and uncertainties are not listed in order of significance, and in the event that one or more of these risks occur, the Group's business, operations, financial condition and future performance may be adversely impacted.

There may be other risks faced by the Group that are currently unknown or are deemed immaterial, but which may subsequently become known or become material. These may individually or in aggregate adversely impact the Group's future financial performance and position. Accordingly, no assurances or guarantees of future performance, profitability, distributions or returns of capital are given by the Group.

6.2.1 Risks specific to the banking and financial services industry

The nature and impact of these external risks are generally not predictable and are often beyond the Group's direct control.

(a) The Group may be adversely impacted by macroeconomic risks and financial market conditions.

The Group conducts business across a range of jurisdictions including Australia, New Zealand, the United Kingdom, Europe, the United States and Asia. The business activities of the Group are dependent on the level of banking and financial services and products required by its customers globally. In particular, levels of borrowing are heavily dependent on customer confidence, employment trends, market interest rates and macroeconomic and financial market conditions and forecasts.

Domestic and international economic conditions and forecasts are influenced by a number of factors such as economic growth rates, cost and availability of capital, central bank intervention, inflation and deflation rates and market volatility and uncertainty. Economic conditions may also be impacted by major shock events such as natural disasters, war and terrorism, political and social unrest, and sovereign debt restructuring and defaults.

Volatility or uncertainty in credit, currency and equity markets, and adverse economic conditions have led to, and in the future may lead to:

- Increased cost of funding or lack of available funding;
- Deterioration in the value and liquidity of assets (including collateral);
- Inability to price certain assets;
- Increased likelihood of counterparty default and credit losses (including the purchase and sale of protection as part of hedging strategies);
- Higher provisions for bad and doubtful debts;
- Mark to market losses in equity and trading positions;
- Lack of available or suitable derivative instruments for hedging purposes;
- Lower growth, business revenues and earnings. In particular, the Group's NAB Wealth business earnings are highly dependent on asset values, particularly the value of listed equities, and therefore a fall in the value of its assets under management may reduce its earnings contribution to the Group; and
- Increased cost of insurance or lack of available or suitable insurance.

The following are examples of certain macroeconomic and financial market conditions that are currently relevant to the Group and may adversely impact its financial performance and position:

- There is widespread market expectation that central banks may tighten their monetary policy to lift interest rates back to levels that appear more 'neutral' and nearer to historical norms and reduce quantitative easing. A prolonged period of low interest rates carries the risk that market participants have taken on more risk

than they expected in a 'search for yield', leaving them exposed to an earlier and more rapid than expected tightening in monetary policy. In the past, periods of tightening monetary policy in the United States have been associated with greater volatility in the volume and pricing of capital flows into emerging market economies. Several emerging market economies, as well as the economies of Australia and New Zealand, remain vulnerable to a sudden or marked change in United States interest rates.

- The economies of Australia and New Zealand are increasingly integrated with those of East Asia and there is a notable exposure in both of these economies to changes in the pace of economic growth in China. The outlook for the Chinese economy is uncertain as the government is trying to re-balance the composition of growth toward a greater contribution from domestic consumption, with less reliance on export-driven foreign consumption and internal investment.
- As the United Kingdom economy has close trade links with other Western European nations, developments in the Eurozone influence the level of demand for United Kingdom goods and services. Governments in the Eurozone are heavily indebted and uncertainty remains over the financial strength of the banking sector. Unemployment also remains exceptionally high in several Eurozone nations.
- Outside of the Eurozone, increases in the level of sovereign debt in a number of countries have generally been reflected in a downgrading in the rating of their external liabilities by the various rating agencies. Both the gross level of Japanese sovereign debt and its ratio to gross domestic product have received particular attention, and the importance of low interest rates for the sustainable funding of that debt has also been widely recognised. Chinese growth has been reliant on rapid credit growth and the resulting build-up of sovereign debt, particularly through local government financing vehicles and across the shadow banking sector, has raised concern.

(b) The Group is subject to extensive regulation. Regulatory changes may adversely impact the Group's operations, financial performance and position.

The Group is highly regulated in Australia and in the other jurisdictions in which it operates, trades or raises funds. The Group is subject to supervision by a number of regulatory authorities and industry codes of practice, which may have broad implications across the Group's businesses.

Regulations vary across jurisdictions, and are designed to protect the interests of depositors, policy holders, security holders, and the banking and financial services system as a whole. Changes to laws and regulations or changes to regulatory policy or interpretation can be unpredictable, are beyond the Group's control, and may not be harmonised across the jurisdictions in which the Group operates. Regulatory change may result in significant compliance costs, changes to corporate structure and increasing demands on management, employees and information technology systems.

Examples of current and potential regulatory changes impacting the Group are set out below.

- The BCBS's Basel III reforms are expected to be fully implemented by 2019 and are intended to strengthen the resilience of the banking sector. Implementation of these reforms will increase the quality and ratio of capital to risk weighted assets that the Group is required to maintain, will increase the quality and proportion of assets that the Group is required to hold as liquid assets, and is also expected to increase compliance costs. In Australia, APRA's revised capital requirements became effective from 1 January 2013, with additional requirements to take effect in future years as capital buffers and the leverage ratio are implemented. Revised liquidity requirements in Australia are taking effect progressively, with qualitative requirements having commenced on 1 January 2014 and liquidity coverage ratio requirements on 1 January 2015. New net stable funding ratio requirements are due to take effect from 1 January 2018.

These reforms will require the Group to hold more liquid assets and reshape the balance sheet, both in terms of how the Group is funded and how it utilises those funds. Other regulators have also implemented or are in the process of implementing Basel III and equivalent reforms. In December 2014, the BCBS released final revisions to the securitisation framework to take effect in January 2018, and a further consultation of the review of the trading book capital requirements. This may impact the amount of regulatory capital held industry wide for securitisation exposures and the trading book capital requirements for complex products respectively. However, the full impact will not be known until the BCBS requirements are implemented by APRA.

- The Group has been identified as a D-SIB under APRA's framework for D-SIBs and is therefore subject to a one per cent higher loss absorbency requirement, effective from January 2016. In addition, during 2014, APRA clarified the definition of entities to be included in the composition of a Level 2 ADI, which is expected to remove over time the capital benefit the Group gains from debt on the National Wealth Management Holdings Limited balance sheet. APRA has also now released final prudential standards associated with its framework for the supervision of conglomerate groups, including the Group. However, the implementation of the prudential standards relating to conglomerates has been deferred until the Australian Government's response to the Financial System Inquiry ('FSI') is known.
- The United States Dodd-Frank Wall Street Reform and Consumer Protection Act 2010 (the 'Dodd-Frank Act') imposes additional supervisory requirements and prudential standards on non-United States banking organisations, and their affiliates, with a United States banking presence and total global consolidated assets of at least US\$50 billion (which includes NAB). The legislation and its implementing regulations include, among other things, additional liquidity and risk management requirements, and periodic capital stress testing. The Dodd-Frank Act also contains the Volcker Rule, which prohibits proprietary trading and the sponsorship of, and investment in, hedge, private equity or other similar funds by certain foreign banking organisations like NAB. Certain requirements under the Dodd-Frank Act have yet to become effective, and their specific impact on the Group's businesses and in the markets in which it operates continues to be assessed as part of implementation of the requirements.
- Over The Counter ('OTC') derivative market reforms are being implemented in the United States through the Dodd-Frank Act, and in other countries including Australia and in Europe. During 2013, ASIC released rules and relevant regulatory guides for the licensing of derivative trade repositories. Derivative transaction reporting requirements for NAB in Australia commenced in October 2013. The reporting obligations are being phased in for various classes of entity. In early 2014, the Australian Government commenced a consultation on a central clearing mandate. The clearing mandate is not anticipated to come into force before early 2015. Australia has also committed to reforms to provide for centralised execution of standardised OTC derivatives on exchanges or electronic platforms. In Europe, the European Market Infrastructure Regulation ('EMIR') has introduced new requirements to improve transparency and reduce the risks associated with the derivatives market, which are being progressively implemented. Where there is variation in the scope and implementation timeframes for OTC reforms across jurisdictions, there may be added costs and complexity in achieving regulatory compliance for the Group.
- Legislation (referred to as 'FATCA') was passed in the United States in March 2010, which will require certain foreign financial institutions to provide information regarding United States account holders to the United States tax authorities. Non-compliance with FATCA may subject a foreign financial institution to a 30% withholding tax applied on certain amounts derived from United States sources

Section Six:

Key Risks of NAB Capital Notes

and certain payments attributable to such amounts. On 28 April 2014, the Australian Government entered into an intergovernmental agreement with the government of the United States in respect of FATCA, and has since enacted implementing legislation to give effect to the agreement. The governments of some other countries in which the Group operates have entered into or have agreed to enter into intergovernmental agreements with the government of the United States, and have enacted or are considering enacting law in respect of FATCA. Under such agreements, foreign financial institutions in such jurisdictions will generally be exempt from withholding under FATCA if they comply with requirements imposed by the relevant jurisdictions.

- The United Kingdom Financial Services (Banking Reform) Act (the 'Banking Reform Act') received Royal Assent on 18 December 2013 and has wide ranging implications, substantially enacting the recommendations of the Independent Commission on Banking. A key inclusion in the Banking Reform Act gives effect to structural reforms aimed at 'ring-fencing' retail banks of a certain size from investment and wholesale banking operations, and capitalising each separately. Retail ring-fencing must be implemented by 1 January 2019. Other key requirements include imposing higher standards of conduct on the banking industry, depositor preference in the event a bank enters insolvency, and introducing more onerous primary loss absorbing capacity requirements based on the size of the banking entity. These requirements may impact the structure and operation of the Group's United Kingdom business.
- The Australian Government's FSI released its final report in December 2014. The FSI was charged with examining how Australia's financial system could be positioned to best meet the country's evolving needs and support its economic growth. The final report made 44 recommendations for the Australian financial system. These include amending capital requirements to increase the capital levels of Australian ADIs, raising average internal ratings

based mortgage risk weights for credit risk, and implementing a framework for minimum loss absorbing and recapitalisation capacity in line with emerging international practice. The FSI has also proposed other measures to improve the resilience, efficiency and fairness of the banking system, with respect to superannuation and retirement, regulatory processes, innovation, payments and data, and measures to improve outcomes for consumers.

The Australian Government has announced a further period of consultation in relation to the recommendations, with submissions due by 31 March 2015. The implementation of any of these recommendations is a matter for Australian Government regulators to consider relevant to their mandates. The specific impact of the FSI on the Group is unclear at this stage.

- The Australian Government is also undertaking a Review of Competition Policy to ensure there is an effective competition framework that promotes a strong and innovative business sector and better outcomes for consumers across the Australian economy. The implementation of any recommendations from this review will also ultimately be a decision for the Australian Government and its agencies and the impact on the Group of this review remains unclear.

In addition to the aforementioned changes, other areas of ongoing regulatory change include additional prudential and conduct reforms, changes to accounting and reporting requirements, tax legislation, anti-money laundering / counter-terrorism financing regulations, payments, privacy laws and increased supervisory expectations around data quality and controls.

The full effect of these current and potential regulatory reforms on the Group's operations, business and prospects, or how any of the proposals discussed above will be implemented (if at all in some cases) is not known. Depending on the specific nature of any requirements and how they are enforced, they may have an adverse impact on the Group's operations, structure, compliance costs or capital requirements and ultimately its financial performance and position.

(c) The Group faces intense competition, which may adversely impact its financial performance and position.

There is substantial competition across the markets in which the Group operates. The Group faces competition from established financial services providers as well as new market entrants, including foreign banks and non-bank competitors with lower cost operating models. Increasing competition for customers can lead to compression in profit margins, increased advertising and other related expenses, decreased customer loyalty or loss of market share. As technology evolves and customer needs and preferences change, there is an increased risk of disruptive innovation or a failure by the Group to introduce new products or services to keep pace with industry developments and meet customer expectations. The Group's financial performance and position may be adversely affected by competitive market conditions and industry trends.

6.2.2 Risks specific to the Group

There are a number of risks which arise directly from the operations of the Group as a major participant in the banking and financial services industry and from the specific structure of the Group. The Group's financial performance and position have been, and in the future may continue to be, impacted by these risks.

Relative to its Australian based banking peers, the Group's business model and portfolio mix is notable for the proportion of business and commercial real estate lending and the location of banking subsidiaries in the United Kingdom and the United States. The risks specific to the Group are set out below.

(a) The Group is exposed to credit risk, which may adversely impact its financial performance and position.

Credit risk is the potential that a counterparty or customer will fail to meet its obligations to the Group in accordance with agreed terms. Lending activities account for most of the Group's credit risk, however other sources of credit risk also exist including the banking book, the trading book, and other financial instruments and loans,

as well as the extension of commitments and guarantees and the settlement of transactions.

Major sub-segments within the Group's lending portfolio include:

- Residential housing loans, which at 30 September 2014 represented approximately 57% of gross loans and acceptances.
- Commercial real estate loans, which at 30 September 2014 represented approximately 10.8% of gross loans and acceptances, with the majority of these domiciled in Australia. The Group's United Kingdom commercial real estate loan run-off portfolio continues to be managed separately from the rest of the Group's banking activities in the United Kingdom.
- The Group's United Kingdom banking business (excluding the United Kingdom's commercial real estate loan run-off portfolio), represented approximately 9% of gross loans and acceptances at 30 September 2014.

Adverse business or economic conditions, including a deterioration in property valuations, employment markets or the political environment, may result in failure by counterparties and customers to meet their obligations in accordance with agreed terms. This may adversely impact the financial performance and position of the Group.

These conditions may be prompted by events outside the Group's core markets, such as the current instability in the continental European political and financial environment. The Group's portfolio of interest-only loans may be particularly susceptible to losses in the event of a decline in residential property prices.

The Group may also be exposed to the increased risk of counterparty or customer default should interest rates rise above the record lows, or near record lows, of recent years.

The Group's strong business lending market share in Australia and New Zealand exposes it to potential losses should adverse conditions be experienced across this sector. Similarly, the Group has a large market share in the Australian and New Zealand agricultural sector (particularly, in

New Zealand, the dairy sector). As a consequence, volatility in commodity prices, climatic events, disease, introduction of pathogens and pests and other risks that may impact this sector, may have an adverse impact on the Group's financial results.

With a slowdown in mining investment and a fall in commodity prices in Australia, a number of sectors servicing the mining industry, as well as the mining industry itself, have come under pressure.

The Group provides for losses incurred in relation to loans, advances and other assets. Estimating losses incurred in the loan portfolio is, by its very nature, uncertain. The accuracy of these estimates depends on many factors, including general economic conditions, forecasts and assumptions, and involves complex modelling and judgements. If the information or the assumptions upon which assessments are made proves to be inaccurate, the provisions for credit impairment may need to be revised. This may adversely impact the Group's financial performance and position.

(b) The Group may suffer losses due to its exposure to operational risks.

Operational risk is the risk of loss resulting from inadequate internal processes and controls, people and systems or from external events. Operational risk includes legal risk but excludes strategic or reputational risk.

Operational risks are a core component of doing business as they arise from the day-to-day operational activities of the Group as well as strategic projects and business change initiatives. Given that operational risks cannot be fully mitigated, the Group determines an appropriate balance between accepting potential losses and incurring costs of mitigation.

An operational risk event may give rise to substantial losses, including financial loss, fines, penalties, personal injuries, reputational damage, loss of market share, theft of property, customer redress and litigation.

Losses from operational risk events may adversely impact the Group's financial performance and position.

Examples of operational risk events include:

- Fraudulent acts by employees, contractors and external parties seeking to misappropriate funds or gain unauthorised access to customer data;
- Systems, technology and infrastructure failures, or cyber incidents, including denial of service and malicious software attacks;
- Process errors or failures arising from human error or inadequate design of processes or controls;
- Operational failures by third parties (including off-shored and outsourced service providers);
- Weaknesses in employment practices, including those with respect to diversity, discrimination and workplace health and safety;
- Deficiencies in product design or maintenance; and
- Business disruption and property damage arising from external events such as natural disasters, biological hazards or acts of terrorism.

In addition, the Group is dependent on its ability to retain and attract key management and operating personnel. The unexpected loss of any key resources, or the inability to attract personnel with suitable experience, may adversely impact the Group's ability to operate effectively and efficiently, or to meet strategic objectives.

Models are used extensively in the conduct of the Group's business; for example, in calculating capital requirements and measuring and stressing exposures. If the models used prove to be inadequate or are based on incorrect or invalid assumptions and judgements, this may adversely affect the Group's financial performance and position.

(c) The Group may be exposed to risk from non-compliance with laws or standards which may adversely impact its reputation, financial performance and position.

The Group is exposed to compliance risk arising from failure or inability to comply with laws, regulations, licence conditions, standards and codes applicable to the Group, and

Section Six:

Key Risks of NAB Capital Notes

related internal policies. If the Group's compliance controls were to fail significantly, be set inappropriately, or not meet legal or regulatory expectations, the Group may be exposed to fines, public censure, litigation, settlements, restitution to customers, regulators or other stakeholders, or enforced suspension of operations or loss of licence to operate all or part of the Group's businesses. This may adversely impact the Group's reputation, corporate structure, financial performance and position.

The Group has ongoing discussions with key regulators on industry-wide issues and matters specific to the Group. The global banking and financial services industry is increasingly subject to information requests, scrutiny and investigations by its conduct based regulators, which have led to a number of international firms facing high profile enforcement actions, including substantial fines, for breaches of laws or regulations.

Risk may arise through inappropriate conduct by employees in breach of Group policy and evolving regulatory standards, such as selling or coercing customers into inappropriate products and services, conducting inappropriate market practices and non-adherence to fiduciary requirements. In particular, and in common with the wider United Kingdom retail banking sector, Clydesdale Bank continues to deal with complaints and redress issues arising out of historic sales of payment protection insurance, the sale of certain historic interest rate hedging products to small and medium businesses and other conduct-related matters. Since 1 April 2013, Clydesdale Bank has been regulated by the Financial Conduct Authority ('FCA') and the Prudential Regulation Authority ('PRA'). Proactive regulation of conduct related matters by the FCA may impact the manner in which the Group's United Kingdom operations deal with, and the ultimate extent of, conduct related customer redress and associated costs. For further details in relation to ongoing United Kingdom conduct matters that are material to the Group, refer to *Note 40 - Contingent liabilities and credit commitments* of the 2014 Annual Financial Report.

Provisions held in respect of conduct and litigation matters are based on a number of assumptions derived from a combination of past experience, estimated future experience, industry comparison and the exercise of subjective judgement based on, where appropriate, external professional advice. Risks and uncertainties remain in relation to these assumptions and the ultimate costs of redress to the Group. These factors mean that the eventual costs of conduct and compliance related matters may differ materially from those estimated and further provisions may be required, adversely impacting the financial performance and position of the Group.

(d) Disruption of technology systems or breaches of data security may adversely impact the Group's operations, reputation and financial position.

Most of the day-to-day operations of the Group are computer-based, and therefore the reliability and security of the Group's information technology systems and infrastructure are essential to its business. Technology risk may arise from events including a failure of these systems to operate effectively, an inability to restore or recover such systems in acceptable timeframes, a breach of data security, or other form of cyber-attack. These events may be wholly or partially beyond the control of the Group. Such events may result in disruption to operations, reputation damage and litigation, loss or theft of customer data, or regulatory investigations and penalties. This may adversely impact the Group's financial performance and position.

The rapid evolution of technology in the financial services industry and the increased expectation of customers for internet and mobile services on demand expose the Group to new challenges in these areas.

The Group processes, stores and transmits large amounts of personal and confidential information through its computer systems and networks. The Group invests significant resources in protecting the confidentiality and integrity of this information. However, threats to information security are constantly evolving and techniques used to perpetrate cyber-attacks are increasingly sophisticated. The Group may not be able to anticipate a security

threat, or be able to implement effective measures to prevent or minimise the resulting damage. An information security breach may result in operational disruption, regulatory enforcement actions, financial losses, theft of customer data, or breach of applicable privacy laws, all of which may adversely impact the Group's reputation, financial performance and position.

As with other business activities, the Group uses select external providers (both in Australia and overseas) to continue to develop and provide its technology solutions. There is increasing regulatory and public scrutiny of outsourced and off-shored activities and their associated risks, including, for example, the appropriate management and control of confidential data. The failure of any external providers to perform their obligations to the Group or the failure of the Group to appropriately manage those providers may adversely impact the Group's reputation, financial performance and position.

(e) Transformation and change programs across the Group may not deliver some or all of their anticipated benefits.

The Group is continuing to progress its enterprise-wide technology and infrastructure transformation including the upgrade of its core banking platform. It is also pursuing other operating model and process improvements. These initiatives aim to reduce operational complexity and operational risk however, due to the scale and complexity of these projects, the Group's risk profile has increased in the near future. Changes of this magnitude require the Group to invest significant management attention and resources, which may divert attention away from normal business activities and other ongoing projects. Additionally, as changes are being undertaken in an environment of economic uncertainty and increased regulatory activity and scrutiny, operational and compliance risks are magnified, which may impact the reputation and financial condition of the Group. There is also a risk that implementation may not be completed within expected timeframes or budget, or that such changes do not deliver some or all of their anticipated benefits.

(f) The Group may be exposed to losses if critical accounting judgements and estimates are subsequently found to be incorrect.

The preparation of the Group's financial statements requires management to make estimates and assumptions and to exercise judgement in applying relevant accounting policies, each of which may directly impact the reported amounts of assets, liabilities, income and expenses. Some areas involving a higher degree of judgement, or where assumptions are significant to the financial statements, include the valuation of provisions, including conduct related matters, the valuation of goodwill and intangible assets, and the fair value of financial instruments.

Effective 1 October 2014, the Group adopted the requirements of Australian Accounting Standards Board (AASB) 9 'Financial Instruments'. Refer to Note 1 – *Principal accounting policies* of the 2014 Annual Financial Report for details in relation to the impact of the application of AASB 9.

If the judgements, estimates and assumptions used by the Group in preparing its consolidated financial statements are subsequently found to be incorrect there could be a significant loss to the Group beyond that anticipated or provided for, which could have an adverse effect on the Group's reputation, results of operations, financial condition or prospects.

(g) Litigation and contingent liabilities arising from the Group's business conduct may adversely impact its reputation, financial performance and position.

Entities within the Group may be involved from time to time in legal proceedings arising from the conduct of their business. The aggregate potential liability in respect thereof cannot be accurately assessed. Any material legal proceedings may adversely impact the Group's reputation, financial performance and position.

Refer to *Note 40 - Contingent liabilities and credit commitments* of the 2014 Annual Financial Report for details in relation to the Group's material legal proceedings and contingent liabilities.

(h) Insufficient capital may adversely impact the Group's operations, financial performance and position.

Capital risk is the risk that the Group does not have sufficient capital and reserves to meet prudential standard requirements, achieve its strategic plans and objectives, cover the risks to which it is exposed or protect against unexpected losses. The Group is required in all jurisdictions in which it undertakes regulated activities to maintain minimum levels of capital and reserves relative to the balance sheet size and risk profile of its operations. Any changes, including regulatory changes arising from the Basel capital adequacy reforms, may limit the Group's ability to manage capital across the entities within the Group, or may require it to raise or use more, or higher quality, capital. Such changes may adversely impact the Group's operations, financial performance and position.

(i) The Group's funding and liquidity position may be adversely impacted by dislocation in global capital markets.

Funding risk is the risk that the Group is unable to raise short and long-term funding to support its ongoing operations, strategic plans and objectives. The Australian banking sector accesses domestic and global capital markets to help fund its businesses. Any dislocation in these funding markets or a reduction in investor appetite for holding the Group's securities, may adversely affect the Group's ability to access funds or require the Group to access funds at a higher cost or on unfavourable terms.

Liquidity risk is the risk that the Group is unable to meet its financial obligations as they fall due. These obligations include the repayment of deposits on demand or at their contractual maturity, the repayment of borrowings and loan capital as they mature, the payment of interest on borrowings and the payment of operating expenses and taxes. Any significant deterioration in the Group's liquidity position may lead to an increase in the cost of the Group's borrowings or constrain the volume of new lending. This may adversely impact the Group's profitability, financial performance and position.

(j) A significant downgrade in the Group's credit ratings may adversely impact its borrowing costs, market access and competitive position.

Credit ratings are an important reference for market participants in evaluating the Group and its products, services and securities.

Credit rating agencies conduct ongoing review activity which can result in changes to credit rating settings and outlooks for the Group or for sovereign governments in countries in which the Group conducts business. Review activity is based on a number of factors including the Group's financial strength and outlook, the assumed level of government support for the Group in a crisis and the strength of that government, and the condition of the financial services industry and of the markets generally. Credit ratings may also be affected by changes in the rating methodologies used by the agencies.

For example, in October 2014 Standard and Poor's Ratings Services revised its credit rating assessment criteria for hybrid instruments issued by banks across the Asia-Pacific region (excluding Japan), which led to a one notch downgrade of NAB's Tier 1 hybrid instruments.

A downgrade in the credit ratings within the Group or of the Group's securities, or a downgrade in the sovereign rating of one or more of the countries in which the Group operates, may increase the Group's borrowing costs or limit its access to the capital markets. A downgrade may also trigger additional collateral requirements in derivative contracts and other secured funding arrangements. A downgrade to the Group's credit ratings relative to peers could also adversely impact the Group's competitive position.

(k) Changes in interest rates may impact the Group's financial performance and position.

Interest rate risk is the risk to the Group's financial performance and position caused by changes in interest rates. As interest rates and yield curves change over time, the Group may be exposed to a loss in earnings and economic value due to the interest rate profile of its balance sheet.

Section Six:

Key Risks of NAB Capital Notes

In the banking industry, such exposure commonly arises from the mismatch between the maturity profile of a bank's lending portfolio compared to its deposit portfolio (and other funding sources). Interest rate risk also includes the risk arising out of customers' demands for interest rate-related products with various repricing profiles. It is also possible that both short and long-term interest rates may change in a way that the Group has not correctly anticipated, and this may have an adverse impact on the Group's financial performance and position.

(l) The Group's exposure to defined benefit pension fund risk may adversely impact its financial performance and position.

Defined benefit pension fund risk is the risk that, at any point in time, a pension scheme is in deficit, meaning that the assets available to the scheme are at a value below its current and future pension obligations. Changes in the level of pension deficit also result in volatility for the Group's regulatory capital position, as the deficit amount results in a direct deduction from the Group's Common Equity Tier 1 Capital.

The Group's principal exposure to defined benefit pension fund risk is in the United Kingdom, where its defined benefit scheme was closed to new members from 1 January 2004. Refer to *Note 32 – Defined benefit superannuation plan assets and liabilities* of the 2014 Annual Financial Report for the current position in relation to this scheme at 30 September 2014.

Asset values and liabilities are affected by a number of factors including the discount rate used to calculate the liability net present value, the long-term inflation assumption, actuarial assumptions (including mortality and morbidity rates) and the value of the investment portfolio.

A deficit may increase the amount that members of the Group are obliged to contribute to the scheme and adversely impact the Group's performance and position.

(m) The Group is exposed to foreign exchange and translation risk which may adversely impact its financial performance and position.

Foreign exchange and translation risk arises from the impact of currency movements on the value of the Group's cash flows, profit and loss, and assets and liabilities as a result of participation in global financial markets and international operations.

The Group's ownership structure includes investment in overseas subsidiaries and associates and exposures from known foreign currency transactions (such as repatriation of capital and dividends from off-shore subsidiaries). The Group also conducts business outside of Australia and transacts with customers, banks and other counterparties in different currencies, most frequently Australian, New Zealand and United States Dollars, British Pounds and Euros. The Group's businesses may therefore be affected by a change in currency exchange rates, a full or partial break-up of the Eurozone, or a change in the reserve status of any of these currencies. Any unfavourable movement in foreign exchange rates may adversely impact the Group's financial performance and position.

The Group's financial statements are prepared and presented in Australian Dollars, and any fluctuations in the Australian Dollar against other currencies in which the Group invests or transacts and generates profits (or incurs losses) may adversely impact its financial performance and position.

(n) A material reduction in the fair value of an equity investment held by the Group may adversely impact its financial performance and position.

The Group carries equity investments in its banking book at fair value. Fair value represents mark to market valuations derived from market prices or independent valuations and methodologies. The fair value of an equity investment may be impacted by factors such as economic, operational, currency, and market risk. A material reduction in the fair value of an equity investment in the Group's banking book may adversely impact the financial performance and position of the Group.

(o) The Group may suffer significant losses from its trading activities.

Traded market risk is the risk of losses arising from trading activities, including proprietary trading, undertaken by the Group. Losses can arise from a change in the value of positions in financial instruments or their hedges, due to adverse movements in market prices. Any significant losses from such trading activities may adversely impact the Group's financial performance and position.

(p) The Group is exposed to life insurance risk, which may adversely impact its financial performance and position.

Life insurance risk is the potential for losses when life insurance claims and other outgoings exceed those anticipated in the premiums collected and underlying investment income earned. Life insurance risk may arise due to inadequate or inappropriate underwriting, poor business claims management, product design or pricing processes or investment profit, all of which may adversely impact the financial performance and position of the Group. It also includes lapse risk, where a policy lapses before the upfront costs have been recouped from profit margins.

Provisions for mortality and morbidity claims are an estimate of the expected ultimate cost of such claims based on actuarial and statistical projections, rather than an exact calculation of liability. Provisions are affected by a range of factors, including unforeseen diseases or epidemics. Changes in any of these factors would necessitate a change in estimates of projected ultimate cost. Losses may occur when the experience of mortality and morbidity claims compares adversely to that assumed when pricing life insurance policies.

The Australian life insurance industry, in which the Group is a participant, is currently experiencing poor lapse and claims experience and lower underlying investment income. This may continue to adversely impact the Group's financial performance and position.

(q) Damage to the Group's reputation may adversely impact its financial performance and position.

The Group's reputation may be damaged by the actions, behaviour or performance of the Group, its employees, affiliates, suppliers, counterparties or customers, or the financial services industry generally. A risk event, such as a compliance breach or an operational or technology failure, may adversely affect the perceptions of the Group held by the public, Shareholders, investors, customers, regulators or ratings agencies. The risk event itself may expose the Group to direct losses as a result of litigation, fines and penalties, remediation costs or loss of key personnel as well as potential impacts to NAB's share price. Reputational damage may adversely impact the Group's ability to attract and retain customers or employees in the short and long-term and the ability to pursue new business opportunities. It may result in a higher risk premium being applied to the Group, and also impact the cost of funding, its operations, or its financial condition.

(r) Failure to sell down underwriting risk may result in losses to the Group.

As financial intermediaries, members of the Group underwrite or guarantee many different types of assets, risks and outcomes, including listed and unlisted debt, equity-linked and equity securities. The underwriting obligation or guarantee may be over the pricing and placement of these securities and the Group may therefore suffer losses if it fails to sell down some or all of this risk to other market participants.

(s) Certain strategic decisions, including acquisitions or divestments, may adversely impact the Group's financial performance and position.

There is a risk that the assumptions on which the Group's strategic decisions are based are, or may prove to be, incorrect, that the conditions underpinning those strategic decisions may change, or that execution of the Group's strategic initiatives proves ineffective.

The Group regularly examines a range of corporate opportunities (including acquisitions, joint ventures

and divestments) and evaluates these opportunities against strategic priorities and risk appetite and considers their ability to enhance the Group's financial performance, position or prospects.

Any corporate opportunity that is pursued may change the Group's risk profile and capital structure. If an acquisition is funded by the issuance of additional equity, it may be dilutive to existing Shareholders. Changes to the Group's risk profile or capital structure may contribute to negative sentiment or a negative impact on the Group's credit ratings. Risks associated with the execution of a transaction may result from an over-valuation of an acquisition or joint venture, or an under-valuation of a divestment or joint venture. Risks may also arise through the Group's integration or separation of a business including failure to realise expected synergies, loss of customers, disruption to operations, application of additional regulation, diversion of management resources or higher than expected costs. Once commenced or executed, corporate actions or other strategic initiatives may be unable to be reversed. These factors may adversely impact the Group's financial performance and position.

(t) A failure of the Group's risk management framework may adversely impact its financial performance and position.

The Group operates within a Risk Management Framework comprising systems, structures, policies, processes and people that identify, measure, evaluate, monitor, report and mitigate risks.

As with any risk management strategy, there is no guarantee that this framework is sufficient to mitigate known risks or to address or rapidly adapt to unanticipated existing, changing or emerging risks. As such, perceived or actual ineffectiveness or inadequacies in the Risk Management Framework and its implementation may adversely impact the Group's reputation, financial performance and position.

Australian Taxation Summary

The Directors
National Australia Bank Limited
Level 1, 800 Bourke Street
Docklands VIC 3008

17 February 2015

Dear Directors

Australian tax consequences of investing in NAB Capital Notes

We have been instructed by National Australia Bank Limited (“**NAB**”) to prepare a tax summary for inclusion in the Prospectus dated on or about 17 February 2015 in relation to the issue of NAB Capital Notes.

1 Scope

This letter provides a summary of the Australian income tax, capital gains tax (“**CGT**”), goods and services tax (“**GST**”) and stamp duty consequences for investors who are Australian tax residents, acquire NAB Capital Notes through initial subscription under this Prospectus and who hold their NAB Capital Notes on capital account for tax purposes (“**Resident Holders**”).

This summary does not consider the tax consequences which may arise for Holders who are in the business of trading in securities or otherwise hold NAB Capital Notes as trading stock or revenue assets for tax purposes, or for any Holders who are non-residents for Australian tax purposes.

This summary is based on the Australian tax law and administrative practice in force as at the date of this Prospectus. It is necessarily general in nature and is not intended to be definitive or exhaustive of the issues that may arise for Holders. Accordingly, each Holder should seek their own tax advice that is specific to their particular circumstances.

The representatives of Greenwood & Herbert Smith Freehills involved in preparing this tax summary are not licensed to provide financial product advice in relation to dealing in securities. Accordingly, Greenwood & Herbert Smith Freehills does not seek to recommend, promote or otherwise encourage any party to participate in the issue of NAB Capital Notes. Potential investors should consider seeking advice from a suitably qualified Australian Financial Services Licence holder before making any investment decision. Potential investors should also note that tax is only one of the matters that may need to be considered.

Unless otherwise defined, capitalised terms in this letter have the same meaning as in the Prospectus and the NAB Capital Notes Terms.

Greenwood & Herbert Smith Freehills has given its consent to the inclusion of this letter in the Prospectus.

2 Anticipated Class Ruling – applicable to certain Holders

NAB has applied to the Australian Taxation Office (“**ATO**”) for a class ruling (“**Class Ruling**”) confirming certain tax consequences for Resident Holders. The Class Ruling will not become operative until it is published in the Government Gazette.

When issued, copies of the Class Ruling will be available for download from the ATO’s website (www.ato.gov.au) and from NAB’s website (www.nab.com.au).

It is expected that, when issued, the Class Ruling will:

- only be binding on the Commissioner of Taxation (“**Commissioner**”) if the Offer is carried out in the specific manner described in the Class Ruling;
- only apply to Holders who are Australian tax residents, acquire their NAB Capital Notes by initial subscription under the Prospectus and hold them on capital account for tax purposes (i.e. Resident Holders, as defined above). Accordingly, the Class Ruling will not apply to Holders who hold their NAB Capital Notes as trading stock or revenue assets or who are non-residents for Australian tax purposes;
- only rule on the tax laws as at the date the Class Ruling is issued;
- not consider the tax implications of a Redemption or Resale of NAB Capital Notes;
- not consider the tax treatment of Distributions received by partnerships or trustee investors; and
- not consider the tax implications for Resident Holders for whom gains and losses from NAB Capital Notes are subject to the taxation of financial arrangement (“**TOFA**”) rules in Division 230 of the *Income Tax Assessment Act 1997* (Cth) (“**Tax Act**”) (see section 4.7 of this letter). Division 230 will generally not apply to the financial arrangements of individuals, unless an election has been made for those rules to apply.

You should also be aware that the Class Ruling will not mean that the ATO guarantees or endorses the commercial viability of investing in NAB Capital Notes.

3 Tax consequences expected to be addressed in the Class Ruling

Subject to the exceptions noted below, it is expected that the following tax consequences for Resident Holders will be addressed in the Class Ruling.

Section Seven:

Australian Taxation Summary

3.1 Status of NAB Capital Notes for tax purposes

Although not expected to be specifically addressed in the Class Ruling, NAB Capital Notes should be characterised as non-share equity interests for Australian income tax purposes. This means that Distributions on the NAB Capital Notes should be treated as “non-share dividends” that are frankable, as outlined in section 3.2 below.

The Class Ruling will confirm that NAB Capital Notes are not “traditional securities” for tax purposes. The consequence of this is that gains and losses on NAB Capital Notes for Resident Holders should be subject to the capital gains tax rules, as summarised further below, rather than being subject to the specific rules that apply to “traditional securities”.

3.2 Distributions and gross-up for franking credits

Distributions paid on NAB Capital Notes must be included in the assessable income of a Resident Holder.

Provided they are a “qualified person” in relation to a Distribution (see section 4.1 below), a Resident Holder must also “gross-up” a Distribution – i.e. include the amount of any franking credits attached to the Distribution in their assessable income – and will be entitled to a tax offset for those franking credits.

To the extent that the tax offsets attributable to franking credits attached to Distributions exceeds a Resident Holder’s income tax liability for an income year, the excess tax offset may be refundable to a Resident Holder that is an individual or a complying superannuation entity.

It is anticipated that the Commissioner will not seek to apply any of the anti-avoidance provisions in the tax law to deny the whole or any part of the imputation benefits received by Resident Holders in relation to Distributions.

3.3 CGT cost base and acquisition date for NAB Capital Notes

Each Resident Holder’s CGT cost base (or reduced cost base) for each NAB Capital Note they acquire should include the \$100 Issue Price of the NAB Capital Note. Although not expected to be addressed in the Class Ruling, the cost base (or reduced cost base) for each NAB Capital Note should also include certain non-deductible incidental costs (e.g. brokerage or advisory fees) associated with acquiring and/or disposing of NAB Capital Notes.

The cost base (or reduced cost base) will be relevant in determining a Resident Holder’s capital gain (or capital loss) on a subsequent disposal of NAB Capital Notes.

Each NAB Capital Note will be taken to have been acquired by a Resident Holder on the date that the NAB Capital Notes are allotted to that Resident Holder (i.e. the Issue Date).

3.4 Conversion of NAB Capital Notes

Under specific capital gains tax provisions in the Tax Act dealing with convertible interests, any gain or loss that would arise for a Resident Holder on Conversion of their NAB Capital Notes should be disregarded. The consequence of this is that the gain or loss on Conversion is effectively deferred, with a Resident Holder’s cost base in the Ordinary Shares acquired on Conversion reflecting the Resident Holder’s cost base in their NAB Capital Notes.

For CGT purposes, Resident Holders will be taken to have acquired the Ordinary Shares on the date of the Conversion (and not on the Issue Date of the NAB Capital Notes).

3.5 Conversion of NAB Capital Notes into ordinary shares in a NOHC

In the event that an Approved NOHC becomes the ultimate holding company of the NAB Group, the NAB Capital Notes Terms may be amended to substitute the Approved NOHC as the issuer of ordinary shares in the event of a Conversion of NAB Capital Notes.

Such an amendment to the NAB Capital Notes Terms should not result in Resident Holders realising a capital gain or capital loss provided they do not receive any proceeds (and do not incur any incidental costs) as a result.

No capital gain or capital loss should arise for Resident Holders where, on a subsequent Conversion of NAB Capital Notes, they receive shares in the Approved NOHC (in substitution for Ordinary Shares in NAB), due to the specific rules in the Tax Act that deal with convertible interests. The consequence of this is that the gain or loss on Conversion is effectively deferred, with a Resident Holder’s cost base in the Approved NOHC shares acquired on Conversion reflecting the Resident Holder’s cost base in their NAB Capital Notes.

For CGT purposes, Resident Holders will be taken to have acquired the Approved NOHC shares on the date of the Conversion (and not on the Issue Date of the NAB Capital Notes).

Resident Holders will be required to apportion their original cost base (or reduced cost base) for their NAB Capital Notes across all of the Approved NOHC shares that they acquire on Conversion.

3.6 Writing Off

In certain circumstances, NAB Capital Notes may be Written Off (rather than Converted) following a Loss Absorption Event. Writing Off NAB Capital Notes would involve a Resident Holder's rights under the NAB Capital Notes being terminated for no consideration. A CGT event will happen for Resident Holders if NAB Capital Notes are Written Off.

It is anticipated that the Class Ruling will confirm that, for the purposes of determining whether a Resident Holder makes a capital gain or capital loss from that CGT event happening on a Write Off, a Resident Holder will be taken to have nil capital proceeds, on the basis that they will receive no consideration and the NAB Capital Notes will have a market value of nil at that time. In that case, Resident Holders should make a capital loss equal to the reduced cost base of their Written Off NAB Capital Notes.

4 Other tax consequences for Resident Holders not expected to be addressed in the Class Ruling

The following tax consequences for Resident Holders are not expected to be addressed in the Class Ruling.

4.1 Qualification for franking credits on Distributions – “qualified person”

As noted in section 3.2 above, a Resident Holder is only required to “gross up” a Distribution for attached franking credits, and is only entitled to a tax offset, if the Resident Holder is a “qualified person” in relation to that Distribution.

A Resident Holder will be a “qualified person” if the “holding period” rule is satisfied in respect of the Distribution.

In relation to the holding period rule, where there have been no “related payments”, the “primary qualification period” applies with the consequence that a Resident Holder must have held NAB Capital Notes “at risk” for a continuous period of at least 90 days (excluding the days of acquisition and disposal) within a period beginning on the day after the date on which the Resident Holder acquired the NAB Capital Notes and ending on the 90th day after the date on which the NAB Capital Notes became ex-Distribution.

Where there have been “related payments”, the “secondary qualification period” applies with the consequence that in respect of each Distribution a Resident Holder is required to hold NAB Capital Notes “at risk” for at least 90 days (excluding the days of acquisition and disposal) within a period beginning 90 days before and ending 90 days after the date on which NAB Capital Notes became ex-Distribution in relation to that particular Distribution.

Broadly speaking, the related payments rule would apply where a Resident Holder makes a payment which passes the benefit of a Distribution to another person.

Alternatively, a Resident Holder who is an individual will automatically be taken to be a qualified person in relation to Distributions if the total amount of their franking tax offsets for an income year (from all sources) is \$5,000 or less, unless they are subject to the “related payments” rule in respect of a Distribution.

In determining whether a Resident Holder has held their NAB Capital Notes “at risk”, all “positions” in respect of NAB Capital Notes must be taken into account in identifying the Holder's “net position”, to determine whether there has been a material diminution of risk. In this regard, the Resale facility will not represent a separate “position” in relation to NAB Capital Notes and therefore will not affect a Resident Holder's ability to satisfy the “at risk” requirement. It is anticipated that the Class Ruling will address this particular issue.

4.2 Sale of NAB Capital Notes

A sale of NAB Capital Notes by a Resident Holder on the ASX will give rise to a capital gain if the sale proceeds exceed the Resident Holder's CGT cost base of the NAB Capital Notes. Conversely, a capital loss will result if the sale proceeds are less than the Resident Holder's reduced cost base.

If NAB Capital Notes have been held for at least 12 months prior to the sale (excluding the days of acquisition and disposal), a Resident Holder (other than a company) may be entitled to CGT discount treatment in respect of any capital gain arising on disposal of NAB Capital Notes, such that a percentage of the gain is not included in their assessable income. The discount percentage is applied to the amount of the capital gain after offsetting any current year or carried forward capital losses. The discount percentages are 50% for Resident Holders who are individuals and trusts and 33 $\frac{1}{3}$ % for Resident Holders that are complying superannuation entities.

Companies are generally not entitled to the CGT discount.

4.3 Redemption or Resale of NAB Capital Notes

NAB may elect to Resell NAB Capital Notes in certain circumstances. For each NAB Capital Note subject to a Resale, a Resident Holder will receive the Resale Price in cash (which is equal to the Issue Price) from the Nominated Purchaser. A Resale will constitute a disposal of NAB Capital Notes by the Resident Holder for CGT purposes. Accordingly, a Resident Holder may realise

Section Seven:

Australian Taxation Summary

a capital gain or capital loss on such disposal to the extent that the Resale proceeds are greater or less than the Resident Holder's cost base or reduced cost base for the NAB Capital Notes. A Resident Holder (other than a company) may be entitled to CGT discount treatment for any capital gain, in the manner discussed in section 4.2 above.

NAB may also elect to Redeem NAB Capital Notes in certain circumstances, in which case NAB must pay a cash amount equal to the Redemption Price in respect of each NAB Capital Note. The Redemption proceeds (i.e. an amount equal to Face Value) should not be treated as a dividend to the extent to which they are debited against an amount standing to the credit of NAB's non-share capital account, provided that NAB gives the Resident Holder a notice specifying the amount paid up on each NAB Capital Note to be Redeemed. Redemption of NAB Capital Notes will constitute a disposal of NAB Capital Notes for CGT purposes, and the CGT consequences would be similar to those for a Resale described above.

4.4 Pay-as-you-go withholding tax

Resident Holders may, if they choose, notify NAB of their tax file number ("**TFN**"), Australian Business Number ("**ABN**"), or a relevant exemption from withholding tax with respect to Distributions.

In the event that NAB is not so notified, tax will be automatically deducted at the highest marginal tax rate (including Medicare Levy) from the cash amount of the unfranked part (if any) of the Distributions. The rate of withholding is currently 49%, including a Temporary Budget Repair Levy of 2%, which applies until 30 June 2017.

NAB is required to withhold and remit to the ATO such tax until such time as it receives the relevant TFN, ABN or exemption notification. Resident Holders will be able to claim a tax credit/rebate (as applicable) in their tax returns in respect of any tax withheld on Distributions.

4.5 Goods and services tax

Resident Holders should not be liable for GST in respect of acquiring NAB Capital Notes, or the disposal or Conversion of NAB Capital Notes.

Resident Holders who are registered for GST are unlikely to be entitled to an input tax credit for any GST paid in respect of costs associated with acquiring NAB Capital Notes (e.g. advisory fees).

4.6 Stamp duty

Resident Holders should not be liable for stamp duty on the issue, sale, transfer or Conversion of NAB Capital Notes under applicable stamp duty law in each State and Territory of Australia, provided that they do not hold or acquire an interest of 50% or more in NAB (aggregating interests of associated persons and interests acquired under associated transactions).

4.7 Taxation of Financial Arrangements

The TOFA rules are contained in Division 230 of the Tax Act. The TOFA regime generally applies to a taxpayer's "financial arrangements" (as defined) where the taxpayer exceeds certain asset/turnover thresholds (and unless an exception applies).

For Resident Holders that are individuals, the TOFA regime should generally not apply to their investment in NAB Capital Notes.

Further, for Resident Holders that are not individuals (e.g. companies or complying superannuation entities), the TOFA regime should generally not apply in respect of their investment in NAB Capital Notes, even if they exceed the relevant asset/turnover thresholds, unless certain specific elective regimes under TOFA have been elected into by the Resident Holder.

However, the TOFA rules are complex and Resident Holders should, if relevant, seek their own tax advice regarding how they will apply to their investment in NAB Capital Notes.

Yours faithfully

Section Eight:

Key People, Interests and Benefits

8.2 Interests and benefits

8.2.1 Directors

The Directors' relevant interests in NAB as at the date of the Original Prospectus are detailed in the following table:

Director	Number of Ordinary Shares	Number of performance options over Ordinary Shares	Number of performance rights over Ordinary Shares	National Income Securities
Michael Chaney	28,373			
Andrew Thorburn	90,175		129,474	
David Armstrong ¹	6,000			
Daniel Gilbert ²	16,190			1,253
Peeyush Gupta	2,000			
Kenneth Henry	2,000			
Geraldine McBride	2,000			
Paul Rizzo	5,824			
Jillian Segal	14,836			180
John Waller	4,000			
Anthony Yuen	5,059			

Notes:

¹ Mr Armstrong also has an interest in 900 units of NAB CPS II.

² Mr Gilbert also has an interest in 2,000 NAB Subordinated Notes.

The directors from time-to-time invest in various debentures, registered schemes and securities offered by NAB and certain subsidiaries of NAB. The level of interests held directly by directors as at the date of the Original Prospectus are shown above.

The Directors (and their related parties) may acquire NAB Capital Notes offered under this Prospectus subject to the ASX Listing Rules (including any waivers as described in Section 9).

Other than as set out in this Prospectus, no Director or proposed Director holds, at the time of lodgement of this Prospectus with ASIC, or has held in the two years before lodgement of this Prospectus with ASIC, an interest in:

- the formation or promotion of NAB;
- the Offer; or
- any property acquired or proposed to be acquired by NAB in connection with the formation or promotion of NAB or the Offer.

Other than as set out in this Prospectus, at the time of lodgement of this Prospectus with ASIC, no one has paid or agreed to pay any amount, and no one has given or agreed to give any benefit, to any Director or proposed Director:

- to induce that person to become, or qualify as, a Director; or
- for services provided by that person in connection with the formation or promotion of NAB or the Offer.

The Constitution contains provisions about the remuneration of the Directors. As remuneration for their services as Directors, the non-executive Directors are paid an amount of remuneration determined by the Board, subject to a maximum annual aggregate amount determined by Shareholders in a general meeting. The maximum annual aggregate amount approved is \$4,500,000.

Each Director may also be paid additional remuneration for performance of additional services and is entitled to reimbursement of reasonable out-of-pocket expenses. The remuneration of the Managing Director and CEO is fixed by the Board. The remuneration may consist of salary, bonuses or any other elements but must not be a commission on or percentage of operating revenue.

8.2.2 Interests of Advisers

NAB has acted as the Arranger for the Offer, and each of NAB, Deutsche Bank, Evans & Partners, J.P. Morgan and Westpac Institutional Bank have acted as Joint Lead Managers to the Offer, and JBWere Limited, Macquarie Equities Limited and Ord Minnett Limited have acted as Co-Managers to the Offer, in respect of which they will receive fees from NAB. The fees include an arranger fee payable to the Arranger, and the following fees payable to each Joint Lead Manager:

- a selling fee of 1% of the amount equal to the Face Value multiplied by the number of NAB Capital Notes issued to that Joint Lead Manager and its affiliates under the Broker Firm Offer ("**Selling Fee**"); and
- a joint lead manager fee of 0.5% of the amount equal to the Face Value multiplied by the number of NAB Capital Notes issued to that Joint Lead Manager and its affiliates under the Broker Firm Offer ("**JLM Fee**").

The Arranger will also be paid an institutional selling fee.

Under the terms of the OMA (see also Section 9.3), the Joint Lead Managers may pay fees on behalf of NAB to financial services licensees and representatives ("**Brokers**") for procuring subscriptions of NAB Capital Notes by their clients, among other things.

Under the OMA, the amount of the fee payable to a Broker by a Joint Lead Manager may not exceed the amount of the Selling Fee, unless that Broker is an affiliate of the Joint Lead Manager or a Broker approved by NAB, in which case the amount of the fee payable to that Broker by a Joint Lead Manager may not exceed the aggregate of the amount of the Selling Fee and the JLM Fee received by the Joint Lead Manager from NAB as described above.

Brokers may in turn rebate fees to other Brokers for procuring applications for NAB Capital Notes by their clients, among other things. The amount of the fee paid to a Broker by another Broker may not exceed the amount of the Selling Fee.

Ernst & Young has provided services in relation to the Offer. In respect of this work, Ernst & Young will be paid approximately \$129,025 (excluding disbursements and GST) for work performed by it up until the date of the Original Prospectus. Further amounts may be paid to Ernst & Young in accordance with its time-based charges.

King & Wood Mallesons has acted as Australian legal adviser to NAB in relation to the Offer, assisting with the due diligence and verification program and performing due diligence on required legal matters. In respect of this work, NAB estimates that it will pay approximately \$310,000 (excluding disbursements and GST) to King & Wood Mallesons for work up to the date of the Original Prospectus. Further amounts may be paid to King & Wood Mallesons under its normal time-based charges.

Greenwoods & Herbert Smith Freehills has acted as Australian taxation adviser to NAB in relation to the terms and conditions of NAB Capital Notes in connection with the Offer and has provided the Australian Taxation Summary contained in Section 7. In respect of this work, NAB estimates that it will pay approximately \$90,000 (excluding disbursements and GST) to Greenwoods & Herbert Smith Freehills for work up to the date of the Original Prospectus. Further amounts may be paid to Greenwoods & Herbert Smith Freehills under its normal time-based charges.

Except as set out in this Prospectus, no person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Prospectus, a promoter of NAB or broker to the Offer:

- holds, at the time of lodgement of this Prospectus with ASIC, or has held in the two years before lodgement of this Prospectus with ASIC, an interest in:
 - the formation or promotion of NAB;
 - the Offer; or

Section Eight: Key People, Interests and Benefits

- any property acquired or proposed to be acquired by NAB in connection with the formation or promotion of NAB or the Offer; or
- has paid or agreed to pay any amount, and no one has given or agreed to give any benefit for services provided by that person, in connection with the formation or promotion of NAB or the Offer.

8.3 Expenses of the Offer

Assuming the Offer raises \$1.25 billion, then the net proceeds of the Offer are expected to be \$1.235 billion and the total external expenses of the Offer are expected to be \$15 million. The total expenses of the Offer have been, or will be, borne by NAB.

Other Information

Section Nine:

Other Information

9.1 Rights and liabilities attaching to NAB Capital Notes

Appendix A sets out the rights and liabilities attaching to NAB Capital Notes. Further rights and liabilities attaching to NAB Capital Notes may also arise under the Corporations Act, the ASX Listing Rules and other laws.

9.2 Rights and liabilities attaching to Ordinary Shares

On conversion, holders of NAB Capital Notes will receive Ordinary Shares. The Constitution sets out the rights and liabilities that attach to Ordinary Shares. Investors who wish to inspect the Constitution may do so at the registered address of NAB, or by requesting a copy as provided under “Availability of documents” in Section 9.7.

These rights and liabilities are also regulated by the Corporations Act, ASX Listing Rules and the general law.

This section is a non-exhaustive summary of the main rights attaching to Ordinary Shares. They are as follows:

- the right to one vote per fully paid Ordinary Share at general meetings of NAB (or a fraction of a vote in proportion to the amount paid up on that Ordinary Share);
- the right to transfer the Ordinary Shares, in accordance with the Constitution;
- subject to the rights of holders carrying preferred rights, the right to receive dividends in proportion to the amount paid up on that Ordinary Share, if and when the Directors determine to pay them;
- the right to receive information required to be distributed under the Corporations Act and ASX Listing Rules; and
- subject to the rights of holders carrying preferred rights, the right to participate in a surplus of assets on a winding up of NAB.

NAB’s ability to pay a dividend may be restricted by Australian law and by the terms of prior ranking securities.

9.3 Summary of the Offer Management Agreement

NAB has entered into an Offer Management Agreement (“**OMA**”) with the Arranger and the Joint Lead Managers (together, in this section, the “**JLMs**”).

Under the OMA, NAB has agreed to conduct the Offer in accordance with this Prospectus, the OMA, its Constitution, and all applicable laws, and the JLMs have agreed to use reasonable endeavours to procure applications for NAB Capital Notes.

The fees payable to the JLMs are set out in Section 8.2.2.

9.3.1 Representations, warranties and undertakings

NAB gives various warranties, representations and undertakings to the JLMs, including that the documents issued or published by or on behalf of NAB in respect of the Offer comply with all applicable laws, including the Corporations Act and ASX Listing Rules.

NAB has undertaken that it will not and will procure that members of the Group do not, without the prior written consent of the JLMs, allot or agree to allot, or announce an issue of, or indicate in any way that it may or will allot, any ASX listed hybrid, debt or preference securities in Australia with Tier 1 or Tier 2 Capital status before that date which is 60 days after the settlement date detailed in the OMA (but in the case of Tier 2 Capital, that undertaking only applies to allotments or issues to retail investors). This undertaking does not apply to the Offer, an employee share or option plan, a bonus share plan, a dividend reinvestment plan or an underwriting of a dividend reinvestment plan, a share purchase plan or underwriting of a share purchase plan or in accordance with the terms of issue of securities or financial products on issue as at the date of the OMA.

9.3.2 Termination events

Each JLM may terminate the OMA after the occurrence of any one or more of certain events, including (the following non-exhaustive list of events):

- ASIC issues a stop order or similar proceeding in relation to the Prospectus;
- ASX does not grant its approval for official quotation of NAB Capital Notes, or the approval is subsequently withdrawn, qualified (other than in respect of the customary conditions) or withheld;
- a supplementary prospectus is required under section 719 of the Corporations Act (other than this Prospectus);
- either of the All Ordinaries Index of ASX or the S&P/ASX 200 (“**Relevant Index**”):
 - closes on three consecutive business days at a level that is 10% or more below the level of the Relevant Index as at the close of business on the Business Day before the date of the OMA (“**Starting Level**”); or
 - closes at a level that is 10% or more below the Starting Level at any time in the period of 2 Business Days prior to the settlement date detailed in the OMA; or
 - closes at a level that is 15% or more below the Starting Level;
- NAB’s credit rating in respect of its long term senior debt is downgraded;
- certain breaches of the OMA;
- the Ordinary Shares or any of NAB’s other listed securities are delisted or suspended from quotation;
- NAB withdraws the Prospectus or the Offer other than in accordance with the OMA;
- NAB repays any application monies or gives Applicants the right to withdraw their applications in accordance with the Corporations Act; and
- an event of insolvency occurs with respect to certain material Group members.

Some of these events will only give rise to a right to terminate if the Joint Lead Manager has reasonable grounds to believe that the event has or is likely to have a material adverse effect on the success, marketing, promotion or settlement of the Offer or that the event is likely to give rise to a liability of that JLM. If this occurs, the JLM terminates (or each JLM) will no longer be a lead manager and it will be relieved of its obligations under the OMA.

Under the OMA, if a JLM terminates, the JLM must give notice in writing to NAB and each of the other JLMs. If a JLM terminates, the remaining JLMs (other than the Arranger) may elect to assume the rights and obligations of the terminating JLM in agreed proportions by providing NAB with written notice.

NAB indemnifies the JLMs and their affiliates and representatives (each an “**Indemnified Party**”) against liabilities arising in connection with the OMA, except to the extent that those liabilities resulted from the fraud, recklessness, wilful misconduct or negligence of, or material breach of the OMA by, the Indemnified Party (except to the extent any such conduct is caused, induced or contributed to by NAB or its directors, employees or advisers, and in certain other circumstances).

9.4 Reporting and disclosure obligations

NAB is a disclosing entity for the purposes of the Corporations Act and is subject to regular reporting and disclosure obligations. Under its obligations under the Corporations Act and ASX Listing Rules, NAB prepares yearly and half yearly financial statements, reports on its operations during the relevant accounting period and receives an audit from its auditor.

These documents as well as other documents lodged with ASIC may be obtained from ASIC.

Under the ASX Listing Rules, NAB must notify ASX immediately of any information concerning it of which it becomes aware, which a reasonable person would expect to have a material effect on the price or value of its quoted securities.

Subject to certain exceptions, NAB must ensure that ASX is continuously notified of information about specific events and matters as they arise so that ASX can make the information available to the Australian securities market.

The Australian Federal Government consulted in late 2012 on draft proposals to strengthen APRA’s crisis management powers. One of the proposals is to grant APRA the power to direct entities not to disclose materially sensitive information

to the market for a limited period in crisis situations. This is designed to promote financial stability. The Australian Federal Government is yet to release an official response to the consultation process.

9.5 ASIC and ASX Relief

NAB has received ASIC relief in relation to section 713 of the Corporations Act and Class Order 00/195 – to permit NAB to issue a transaction-specific prospectus in relation to NAB Capital Notes and Ordinary Shares.

ASX has classified NAB Capital Notes as both “equity securities” and “convertible debt securities” for the purposes of the ASX Listing Rules and has confirmed that:

- the Terms are appropriate and equitable for the purposes of ASX Listing Rule 6.1;
- NAB Capital Notes are not preference securities for the purposes of ASX Listing Rules 6.4, 6.5, 6.6 and 6.7;
- the “Payment Condition”, potential exercise of limited amendment powers, and a Write Off following a Loss Absorption Event does not amount to a removal of a right to a Distribution for the purposes of Listing Rule 6.10;
- the divestment of NAB Capital Notes from Holders as a result of Conversion, Redemption or Resale is appropriate and equitable for purposes of Listing Rule 6.12;
- under Listing Rule 7.1B.1, ASX does not object to NAB calculating the number of NAB Capital Notes that may be issued without prior Shareholder approval by notionally converting NAB Capital Notes into Ordinary Shares based on the market price of Ordinary Shares at the time of issue of NAB Capital Notes;
- the issue of ordinary shares on conversion of NAB Capital Notes would fall under Listing Rule 7.2 (exception 4);
- Listing Rule 10.11 has been waived to the extent necessary to permit Directors and certain related persons (being the spouses, parents, children and associates of Directors) to participate in the Offer, without Shareholder approval, up to a

maximum of 0.2% of the total number of NAB Capital Notes issued under the Offer collectively provided that:

- the participation of the Directors and certain related persons in the Offer is on the same terms and conditions as applicable to other subscribers for NAB Capital Notes;
- NAB releases the terms of the waiver to the market when it announces the Offer; and
- when NAB Capital Notes are issued, NAB announces to the market the total number of NAB Capital Notes issued to Directors and their related persons in aggregate;
- the issue of Ordinary Shares on Conversion of NAB Capital Notes would fall within Listing Rule 10.12 (exception 7);
- the record date to identify persons entitled to receive Distributions on NAB Capital Notes must be 8 calendar days before the relevant Distribution Payment Date; and
- the timetable for the Offer is acceptable.

ASX has also provided in principle approval of the quotation of NAB Capital Notes and has agreed to allow NAB Capital Notes to trade on a deferred settlement basis for a short time following the issue of NAB Capital Notes (subject to certain conditions).

Section Nine:

Other Information

9.6 Consents to be named

Except as set out below, each of the parties named below as consenting parties:

- has given and has not, before lodgment of this Prospectus with ASIC, withdrawn its written consent to be named in this Prospectus in the form and context in which it is named;
- has not made any statement in this Prospectus or any statement on which a statement made in this Prospectus is based; and
- to the maximum extent permitted by law, expressly disclaims and takes no responsibility for any statements in or omissions from this Prospectus.

Greenwoods & Herbert Smith Freehills has given and has not, before the lodgment of this Prospectus with ASIC, withdrawn its written consent to be named in this Prospectus as Australian tax adviser and for the inclusion of statements by it, consisting of the Australian taxation summary in Section 7 in the form and context in which it appears in Section 7.

Ernst & Young has given and has not before the lodgment of this Prospectus with ASIC, withdrawn its written consent to be named in this Prospectus as auditor.

9.7 Availability of documents

During the Offer Period NAB will provide a copy of any of the following documents to any person upon their request:

- the annual financial report for the year ended 30 September 2014 lodged with ASIC by NAB (also available at www.asx.com.au or at www.nabgroup.com/annualreport);
- any continuous disclosure notices given by NAB since the lodgment of the annual financial report for the year ended 30 September 2014 and before lodgment of this Prospectus with ASIC (also available at www.asx.com.au or at www.nabgroup.com);
- the Constitution (also available at www.nabgroup.com)

To request a copy of any of the above documents, send your written request to:

9.8 Personal information

If you lodge an Application, NAB (or the Registrar as NAB's agent) will collect your personal information for the purposes of:

- processing your Application;
- administering your NAB Capital Notes; and
- letting you know about products or services from across the Group

that might serve your financial, e-commerce and lifestyle needs or promotions or other opportunities in which you may be interested.

Company and tax laws require some of the information to be collected. You may choose not to provide your personal information or to limit the information you provide, in which case NAB may not be able to process your Application, administer your NAB Capital Notes, or make payments to you.

NAB may disclose this information for these purposes to its subsidiaries and relevant organisations involved in providing, managing or administering your product or service such as third party suppliers, other Group organisations, loyalty and affinity partners, printers, posting services, call centres, and our advisers. We run our business in Australia and overseas, so we might need to share some of your information with organisations outside Australia. You can view a list of countries the Group discloses personal information to at www.nab.com.au/privacy/overseas-countries-list/.

If you used a financial adviser who recommended your investment in NAB Capital Notes (as indicated on your Application Form), NAB may disclose your personal information to that adviser and their service providers.

Where personal information is disclosed NAB will seek to ensure that the information is held, used or disclosed consistently with the Privacy Act 1988 (Cth) and any other applicable privacy laws and codes.

You can ask us to access information that we hold about you or to correct information we hold about you. In addition, if you have a complaint about a privacy issue, please tell us about it. For more information on access, corrections or complaint handling, please see our privacy policy www.nab.com.au/privacy or by calling 13 22 65 and asking us for a copy.

- acknowledged that if you are not Issued any NAB Capital Notes or Issued fewer NAB Capital Notes than the number that you applied and paid for as a result of the scale back, all or some of your Application Monies (as applicable) will be refunded to you (without interest) as soon as practicable after the Issue Date.

9.10 Meetings

The NAB Capital Notes Deed Poll includes provisions for convening meetings of the Holders to consider any matter affecting their interests, including any variation of the Terms. Any action which affects the eligibility of NAB Capital Notes as Additional Tier 1 Capital of NAB cannot be sanctioned or approved by Holders without the prior written approval of APRA.

An Ordinary Resolution or a Special Resolution passed at a meeting of the Holders duly called and held under the meeting provisions will be binding on all the Holders whether or not present at the meeting. Each Holder will be entitled to one vote on a show of hands. On a poll, each Holder will be entitled to one vote for each NAB Capital Note with respect to which it is the registered holder.

A Holder has no entitlement to attend or vote at a general meeting of NAB or to receive a copy of the NAB annual report or other financial information sent to holders of Ordinary Shares.

Appendix A

Terms of NAB Capital Notes

issued by National Australia Bank Limited
(ABN 12 004 044 937)

Appendix A:

Terms of NAB Capital Notes

1 Form and Issue Price

1.1 Form

The NAB Capital Notes are fully paid mandatorily convertible subordinated perpetual debt securities in the form of unsecured notes issued by NAB (**NAB Capital Notes** or **Notes**). NAB Capital Notes are issued in registered form by entry in the Register. They may be Redeemed, Converted or Resold by NAB according to these Terms.

1.2 Face Value and Issue Price

The **Face Value** and **Issue Price** of each NAB Capital Note is A\$100.

1.3 CHESS

The NAB Capital Notes will be registered in CHESS. While the NAB Capital Notes remain in CHESS:

- (a) the rights and obligations of a person holding the NAB Capital Notes; and
- (b) all dealings (including transfers, transmissions and payments) in relation to the NAB Capital Notes within CHESS,

will be subject to and governed by the rules and regulations of CHESS (but without affecting any provisions in these Terms which affect the eligibility of the NAB Capital Notes as Additional Tier 1 Capital).

No certificates will be issued to Holders unless NAB determines that certificates should be available or if certificates are required by any applicable law or directive.

1.4 Quotation

NAB agrees to use all reasonable endeavours to procure that the NAB Capital Notes are quoted on ASX until all NAB Capital Notes have been Converted or Redeemed.

1.5 Independent obligations

Each entry in the Register constitutes a separate and individual acknowledgement to the relevant Holder of the obligations of NAB to the relevant Holder under these Terms. Without prejudice to any provision requiring a Special Resolution or an Ordinary Resolution, the Holder

to whom those obligations are owed is entitled to enforce them without having to join any other Holder or any predecessor in title of a Holder.

1.6 Nature of obligations

The NAB Capital Notes do not constitute deposit liabilities of NAB and are not protected accounts for the purposes of the Banking Act. In addition, the NAB Capital Notes are not guaranteed or insured by any government, Government Agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction, by any member of the Group or by any other person.

2 Distributions

2.1 Entitlement to Distributions

Subject to clause 2.6 of these Terms, each NAB Capital Note entitles each person who is the Holder on a Record Date to receive on the Distribution Payment Date a cash distribution (**Distribution**) calculated according to the formula set out in clause 2.4.

2.2 Distribution Payment Dates

Subject to these Terms, NAB shall pay a Distribution in respect of a NAB Capital Note in arrears on the following dates (each a **Distribution Payment Date**):

- (a) each 23 March, 23 June, 23 September and 23 December commencing on 23 June 2015 until (but not including) the date on which the NAB Capital Note is Converted or Redeemed in accordance with these Terms; and
- (b) each date on which a Conversion, Redemption or Resale of that NAB Capital Note occurs in accordance with these Terms.

If a Distribution Payment Date is a day which is not a Business Day, then the Distribution Payment Date is the next Business Day.

2.3 Record Dates

A Distribution is only payable on a Distribution Payment Date to those persons registered as Holders on the Record Date for that Distribution.

2.4 Calculation of Distribution on NAB Capital Notes

The Distribution payable in respect of each NAB Capital Note on a Distribution Payment Date is calculated in accordance with the following formula:

$$\text{Distribution} = \frac{\text{Distribution Rate} \times \text{A\$100} \times \mathbf{N}}{365}$$

where **N** is the number of days in the Distribution Period.

The **Distribution Rate** (expressed as a percentage per annum) in respect of a NAB Capital Note for a Distribution Period is the rate calculated according to the following formula:

Distribution Rate =

$$(\text{Bank Bill Rate} + \text{Margin}) \times (1 - \text{Tax Rate})$$

where:

Bank Bill Rate (expressed as a percentage per annum) means, for a Distribution Period, the average mid-rate for bills of a term of 90 days which average rate is displayed on Reuters page BBSW (or any page which replaces that page) on:

- (a) in the case of the first Distribution Period, the Issue Date; and
- (b) in the case of any other Distribution Period, the 1st Business Day of that Distribution Period;

or if there is a manifest error in the calculation of that average rate or that average rate is not displayed by 10.30am on that date, the rate specified in good faith by NAB at or around that time on that date having regard, to the extent possible, to:

- (c) the rates otherwise bid and offered for bank bills of a term of 90 days or for bank funds of that tenor displayed on Reuters page BBSW (or any page which replaces that page) at that time on that date; and
- (d) if bid and offer rates for bank bills of a term of 90 days are not otherwise available, the rates otherwise bid and offered for bank funds of that tenor at or around that time on that date,

Appendix A:

Terms of NAB Capital Notes

(and provided that where a NAB Capital Note is Resold on a day which is not a scheduled quarterly Distribution Payment Date, the Bank Bill Rate for the Distribution Period commencing on the Resale Date in respect of the Resold Note is the Bank Bill Rate for the Distribution Period preceding the Resale Date);

Margin (expressed as a percentage per annum) means, for a NAB Capital Note, the margin specified in, or determined in accordance with, the Bookbuild; and

Tax Rate means the Australian corporate tax rate applicable to the franking account of NAB on the relevant Distribution Payment Date (expressed as a decimal).

2.5 Franking adjustments

If a Distribution is not franked to 100% under Part 3-6 of the Tax Act (and any provisions that revise or replace that Part), the Distribution will be calculated according to the following formula:

$$\text{Distribution} = \frac{D}{1 - [\text{Tax Rate} \times (1 - F)]}$$

Where:

D means the Distribution calculated under clause 2.4;

Tax Rate has the meaning given in clause 2.4; and

F means the applicable Franking Rate.

2.6 Conditions to payment of Distributions

A Distribution will be paid only if:

- (a) the Directors in their sole discretion resolve to pay the relevant Distribution on the relevant Distribution Payment Date; and
- (b) a Payment Condition does not exist on the relevant Distribution Payment Date.

2.7 Distributions are non-cumulative

Distributions are non-cumulative. If all or any part of a Distribution is not paid in full because of the restrictions in clause 2.6 or for any other reason:

- (a) NAB has no liability to pay the unpaid amount of the Distribution;
- (b) Holders have no claim or entitlement in respect of such non-payment; and
- (c) such non-payment does not constitute an event of default.

No interest accrues on any unpaid Distributions and the Holder has no claim or entitlement in respect of interest on any unpaid Distributions.

2.8 Restrictions in the case of non-payment

Subject to clause 2.9, if a Distribution on a NAB Capital Note has not been paid in full (**Relevant Distribution**) on a Distribution Payment Date (**Relevant Distribution Payment Date**) for any reason (including because of the restrictions in clause 2.6), NAB must not, unless approved by an Ordinary Resolution, until and including the Distribution Payment Date following the Relevant Distribution Payment Date:

- (a) declare, determine to pay or pay any Ordinary Share Dividend; or
- (b) undertake any Buy-Back or Capital Reduction,

unless the Relevant Distribution is paid in full within 3 Business Days of the Relevant Distribution Payment Date.

2.9 Exceptions to restrictions

The restrictions in clause 2.8 do not apply:

- (a) in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors or consultants of NAB or any member of the Group;
- (b) in connection with NAB or any of its Controlled Entities purchasing shares in NAB:
 - (i) in connection with transactions for the account of customers of NAB or customers of any of its Controlled Entities; or
 - (ii) subject to APRA's prior written approval, in connection with the distribution or trading of shares in NAB in the ordinary course of business; or

- (c) to the extent that at the time a Distribution has not been paid on the Relevant Distribution Payment Date, NAB is legally obliged to pay on or after that date an Ordinary Share Dividend or is legally obliged to complete on or after that date a Buy-Back or Capital Reduction.

2.10 Notification of Distribution, Distribution Rate and other items

- (a) In respect of each Distribution Period, NAB must:
 - (i) determine the Distribution Rate and the Distribution for that Distribution Period in respect of any NAB Capital Note; and
 - (ii) notify the Registrar and ASX as soon as practicable after its determination but, in any event, no later than the 4th Business Day of the Distribution Period.
- (b) NAB must notify the Registrar and ASX at least 5 Business Days before the relevant Record Date (or, if later, as soon as it decides not to pay a Distribution or as soon as a Payment Condition exists) if payment of the Distribution will not be made because of clause 2.6.
- (c) NAB may amend its calculation or determination of any date, rate or amount (or make appropriate alternative arrangements by way of adjustment) including as a result of the extension or reduction of the Distribution Period or calculation period without prior notice but must notify the Registrar and ASX promptly after doing so.

3 Mandatory Conversion on Mandatory Conversion Date

3.1 Mandatory Conversion

Subject to clauses 4 and 5, on the Mandatory Conversion Date NAB must Convert all (but not some) NAB Capital Notes on issue at that date into Ordinary Shares in accordance with clause 7 and this clause 3.

3.2 Mandatory Conversion Date

The **Mandatory Conversion Date** will be the first to occur of the following dates (each a **Relevant Mandatory Conversion Date**) on which the Mandatory Conversion Conditions are satisfied:

- (a) 23 March 2022 (the **Scheduled Mandatory Conversion Date**); or
- (b) the first Distribution Payment Date after the Scheduled Mandatory Conversion Date (a **Subsequent Mandatory Conversion Date**).

3.3 Mandatory Conversion Conditions

The **Mandatory Conversion Conditions** for each Relevant Mandatory Conversion Date are:

- (a) the VWAP on the 25th Business Day immediately preceding (but not including) the Relevant Mandatory Conversion Date (the **First Test Date**, provided that if no trading in Ordinary Shares took place on that date, the First Test Date is the first Business Day before the 25th Business Day immediately preceding (but not including) the Relevant Mandatory Conversion Date on which trading in Ordinary Shares took place) is greater than 56% of the Issue Date VWAP (the **First Mandatory Conversion Condition**);
- (b) the VWAP during the period of 20 Business Days on which trading in Ordinary Shares took place immediately preceding (but not including) the Relevant Mandatory Conversion Date is greater than 50.51% of the Issue Date VWAP (the **Second Mandatory Conversion Condition**); and

- (c) no Delisting Event applies in respect of the Relevant Mandatory Conversion Date (the **Third Mandatory Conversion Condition** and together with the First Mandatory Conversion Condition and the Second Mandatory Conversion Condition, the **Mandatory Conversion Conditions**).

3.4 Non-Conversion Notices

if:

- (a) the First Mandatory Conversion Condition is not satisfied in relation to a Relevant Mandatory Conversion Date, NAB will give notice to Holders between the 25th and the 21st Business Day before the Relevant Mandatory Conversion Date; or
- (b) the Second Mandatory Conversion Condition or the Third Mandatory Conversion Condition is not satisfied in relation to a Relevant Mandatory Conversion Date, NAB will give notice to Holders on or as soon as practicable after the Relevant Mandatory Conversion Date,

(each such notice a **Non-Conversion Notice**) that Mandatory Conversion will not (or, as the case may be, did not) occur on the Relevant Mandatory Conversion Date.

4 Mandatory Conversion on Loss Absorption Event

4.1 Loss Absorption Event

A **Loss Absorption Event** is each of:

- (a) a Common Equity Trigger Event; and
- (b) a Non-Viability Trigger Event.

4.2 Common Equity Trigger Event

- (a) A **Common Equity Trigger Event** occurs when either or both of the Common Equity Tier 1 Ratio in respect of the NAB Level 1 Group and the NAB Level 2 Group as determined by NAB or APRA at any time is equal to or less than 5.125%.
- (b) NAB must immediately notify APRA in writing if it makes a determination under clause 4.2(a).

- (c) If a Common Equity Trigger Event occurs, NAB must immediately convert into Ordinary Shares or write off:

- (i) all Relevant Tier 1 Capital Instruments; or
- (ii) a proportion of the Relevant Tier 1 Capital Instruments if APRA is satisfied that conversion or write off of that proportion will have the result that each of the Common Equity Tier 1 Ratio in respect of the NAB Level 1 Group and the Common Equity Tier 1 Ratio in respect of the NAB Level 2 Group is at a percentage above 5.125% determined by NAB for that ratio.

4.3 Non-Viability Trigger Event

- (a) A **Non-Viability Trigger Event** means APRA has provided a written determination to NAB that the conversion into Ordinary Shares or write off of Relevant Tier 1 Capital Instruments in accordance with their terms or by operation of law is necessary because:

- (i) without the conversion or write off, APRA considers that NAB would become non-viable; or
- (ii) without a public sector injection of capital into, or equivalent capital support with respect to, NAB, APRA considers that NAB would become non-viable.

- (b) If a Non-Viability Trigger Event occurs, NAB must immediately convert into Ordinary Shares or write off:

- (i) all Relevant Tier 1 Capital Instruments; or
- (ii) where the Non-Viability Trigger Event occurs under clause 4.3(a)(i), and APRA is satisfied that conversion or write off of a proportion of Relevant Tier 1 Capital Instruments will be sufficient to ensure that NAB will not become non-viable, that proportion of Relevant Tier 1 Capital Instruments.

Appendix A:

Terms of NAB Capital Notes

4.4 Loss Absorption Event Conversion

- (a) On the date on which a Loss Absorption Event occurs (the **Loss Absorption Event Conversion Date**) NAB must immediately determine:
- (i) the number of NAB Capital Notes that will Convert and the number of other Relevant Tier 1 Capital Instruments which will convert into Ordinary Shares or be written off (in accordance with clause 4.2 or clause 4.3, as applicable); and
 - (ii) the identity of Holders whose NAB Capital Notes will Convert on the Loss Absorption Event Conversion Date and in making that determination may make any decisions with respect to the identity of the Holders at that time as may be necessary or desirable to ensure Conversion occurs in an orderly manner, including disregarding any transfers of NAB Capital Notes that have not been settled or registered at that time.
- (b) If NAB is permitted, in accordance with this clause 4, to convert into Ordinary Shares a proportion of NAB Capital Notes and other Relevant Tier 1 Capital Instruments, NAB must endeavour to select the NAB Capital Notes of Holders to be Converted on an approximately proportionate basis among all Holders, but may make adjustments among Holders to take account of the effect on marketable parcels and other logistical considerations, provided always that nothing in the making of the selection or the adjustments is to delay or impede the Conversion taking effect on the Loss Absorption Event Conversion Date.
- (c) Despite any other provision in these Terms, on the Loss Absorption Event Conversion Date the relevant number (as determined under this clause 4.4) of NAB Capital Notes will Convert immediately and irrevocably.
- (d) A Loss Absorption Event occurs immediately on the day when NAB determines or is notified by APRA of the event whether or not the day is a Business Day and NAB must perform the obligations in respect of it on that day accordingly.

- (e) None of the following shall prevent, impede or delay the Conversion of NAB Capital Notes as required by this clause 4.4:
- (i) any failure to convert into Ordinary Shares or write off, or delay in the conversion into Ordinary Shares or write off of, other Relevant Tier 1 Capital Instruments;
 - (ii) any failure or delay in giving a Loss Absorption Event Notice; and
 - (iii) any failure or delay in quotation of the Ordinary Shares to be issued on Conversion.
- (f) From the Loss Absorption Event Conversion Date NAB shall treat the Holder in respect of its NAB Capital Notes as the holder of the Conversion Number of Ordinary Shares and will take all such steps, including updating any register, required to record the Conversion.

APRA has stated that it will not approve partial conversion or partial write-off in those exceptional circumstances where a public sector injection of funds is deemed necessary.

4.5 Write Off following failure to Convert

If Conversion has not been effected within five days after the Loss Absorption Event Conversion Date for any reason (including an Inability Event), then Conversion will not occur and each NAB Capital Note of a Holder which, but for this clause 4.5, would be required to be Converted, will be Written Off with effect on and from the Loss Absorption Event Conversion Date.

Written Off means that, in respect of a NAB Capital Note and a Loss Absorption Event Conversion Date:

- (a) the NAB Capital Note will not be Converted in respect of the Loss Absorption Event Conversion Date and will not be Converted, Redeemed or Resold under these Terms on any subsequent date;
- (b) the relevant Holders' rights (including to payments of Distributions and Face Value) in relation to such Note are immediately and irrevocably

terminated and written-off with effect on and from the Loss Absorption Event Conversion Date and without any requirement for the approval of Holders.

4.6 Loss Absorption Event Notice

As soon as practicable following the occurrence of a Loss Absorption Event, NAB must give notice of the Loss Absorption Event (a **Loss Absorption Event Notice**) to the Registrar, ASX and the Holders which states the Loss Absorption Event Conversion Date, the number of NAB Capital Notes Converted or Written Off and the relevant number of Relevant Tier 1 Capital Instruments converted into Ordinary Shares or written off.

4.7 Priority of Conversion obligations

- (a) Conversion on account of the occurrence of a Loss Absorption Event is not subject to the matters described in clause 3.3 as Mandatory Conversion Conditions.
- (b) Conversion required on account of a Loss Absorption Event takes place on the date, and in the manner, required by clause 4.4, notwithstanding any other provision for Conversion, Redemption or Resale in these Terms.
- (c) In the event of any conflict between the requirements of clauses 4.3 and 4.2, clause 4.3 prevails.

5 Mandatory Conversion on Acquisition Event

5.1 Conversion on occurrence of Acquisition Event

If an Acquisition Event occurs, NAB must Convert all (but not some only) NAB Capital Notes on the Acquisition Conversion Date by notice (an **Acquisition Conversion Notice**) to the Registrar, ASX and the Holders in accordance with this clause 5 and clause 7.

5.2 Acquisition Conversion Notice

Subject to clause 5.3, NAB must give an Acquisition Conversion Notice to the Registrar, ASX and the Holders as soon as practicable and in any event within 10 Business Days after becoming aware of an Acquisition Event.

An Acquisition Conversion Notice must specify:

- (a) the details of the Acquisition Event to which the Acquisition Conversion Notice relates;
- (b) the date on which Conversion is to occur (the **Acquisition Conversion Date**), which must be:
 - (i) the Business Day prior to the date reasonably determined by NAB to be the last date on which holders of Ordinary Shares are likely to be able to participate in the bid or scheme concerned or such other earlier date as NAB may reasonably determine having regard to the timing for implementation of the bid or scheme concerned; or
 - (ii) such later date as APRA may require; and
- (c) whether any Distribution will be paid in respect of the NAB Capital Notes on the Acquisition Conversion Date.

5.3 Where Acquisition Conversion Notice not required

Notwithstanding any provision of clause 5.1 or clause 5.2, NAB is not required to give an Acquisition Conversion Notice if either or both of the Optional Conversion Restrictions would apply (reading those restrictions as if a reference to an Optional Conversion Notice were a reference to an Acquisition Conversion Notice). In those circumstances, clause 5.4 will apply.

5.4 Deferred Conversion on Acquisition Event

If clause 5.3 applies or NAB has given an Acquisition Conversion Notice but, if the Acquisition Conversion Date were a Relevant Mandatory Conversion Date for the purposes of clause 3.2, either the Second Mandatory Conversion Condition (applied as if it referred to 20.20% of the Issue Date VWAP) or the Third Mandatory Conversion Condition would not be satisfied in respect of that date, then notwithstanding any other provision of these Terms (but without limitation to the operation of clause 4.7):

- (a) the Acquisition Conversion Notice, if given, is taken to be revoked and

Conversion will not occur on the Acquisition Conversion Date specified in the Acquisition Conversion Notice;

- (b) NAB will notify the Holders as soon as practicable that Conversion will not (or, as the case may be, did not) occur (a **Deferred Acquisition Conversion Notice**); and
- (c) NAB must, unless clause 5.3 then applies, give an Acquisition Conversion Notice (or, as the case may be, a new Acquisition Conversion Notice) on or before the 25th Business Day prior to the immediately succeeding Distribution Payment Date which is at least 25 Business Days after the date on which the Deferred Acquisition Conversion Notice was given.

The Acquisition Conversion Notice given in accordance with paragraph (c) above must comply with the requirements in clause 5.2.

If this clause 5.4 applies but:

- (i) clause 5.3 applies in respect of the Distribution Payment Date referred to in paragraph (c) such that no Acquisition Conversion Notice (or, as the case may be, no new Acquisition Conversion Notice) is given under this clause 5.4; or
- (ii) an Acquisition Conversion Notice (or, as the case may be, a new Acquisition Conversion Notice) is given under this clause 5.4 but, if the Acquisition Conversion Date specified in the Acquisition Conversion Notice were a Relevant Mandatory Conversion Date for the purpose of clause 3.2, either the Second Mandatory Conversion Condition (applied as if it referred to 20.20% of the Issue Date VWAP) or the Third Mandatory Conversion Condition would not be satisfied in respect of that date,

then this clause 5.4 will be reapplied in respect of each subsequent scheduled quarterly Distribution Payment Date until a Conversion occurs.

6 Optional Conversion

6.1 Optional Conversion by NAB

NAB may, with APRA's prior written approval, by notice to the Registrar, ASX and the Holders (an **Optional Conversion Notice**) elect to Convert:

- (a) all or some NAB Capital Notes on an Optional Conversion Date following the occurrence of a Tax Event or a Regulatory Event;
- (b) all or some NAB Capital Notes on an Optional Conversion Date following the occurrence of a Potential Acquisition Event; or
- (c) all or some NAB Capital Notes on 23 March 2020.

Holders should not expect that APRA's approval will be given for a Conversion of NAB Capital Notes under these Terms.

6.2 When an Optional Conversion Notice may be given

An Optional Conversion Notice under this clause 6 may be given:

- (a) in the case of clause 6.1(a), on any day following the occurrence of the Tax Event or Regulatory Event (as applicable) provided that an Optional Conversion Notice cannot be given in the period of 20 Business Days preceding (and not including) a Relevant Mandatory Conversion Date where the First Mandatory Conversion Condition has been met in respect of that Relevant Mandatory Conversion Date;
- (b) in the case of clause 6.1(b), on any day following the occurrence of the Potential Acquisition Event;
- (c) in the case of clause 6.1(c), no earlier than 50 Business Days and no later than 25 Business Days before 23 March 2020.

Subject to clause 4.7, an Optional Conversion Notice once given is irrevocable.

Appendix A:

Terms of NAB Capital Notes

6.3 Contents of Optional Conversion Notice

An Optional Conversion Notice must specify:

- (a) in the case of clause 6.1(a) or clause 6.1(b), the details of the Tax Event, Regulatory Event or Potential Acquisition Event to which the Optional Conversion Notice relates;
- (b) the date on which Conversion is to occur (the **Optional Conversion Date**) which:
 - (i) in the case of a Tax Event or a Regulatory Event, is the Next Distribution Payment Date, unless NAB determines an earlier date having regard to the best interests of Holders as a whole and the relevant event; or
 - (ii) in the case of a Potential Acquisition Event, is:
 - (A) the Business Day prior to the date reasonably determined by NAB to be the last date on which holders of Ordinary Shares can participate in the bid or scheme concerned; or
 - (B) such other earlier date as NAB may reasonably determine having regard to the timing for implementation of the bid or scheme concerned; or
 - (C) such later date as APRA may require; or
 - (iii) in the case of clause 6.1(c), is 23 March 2020;
- (c) if less than all NAB Capital Notes are subject to Conversion, the proportion of the NAB Capital Notes that are to be Converted; and
- (d) whether any Distribution will be paid in respect of the NAB Capital Notes to be Converted on the Optional Conversion Date.

6.4 Restrictions on election of Conversion

NAB may not elect to Convert the NAB Capital Notes under this clause 6 if:

- (a) on the 2nd Business Day before the date on which an Optional

Conversion Notice is to be sent by NAB (or, if trading in Ordinary Shares did not occur on that date, the last Business Day prior to that date on which trading in Ordinary Shares occurred) (the **Non-Conversion Test Date**) the VWAP on that date is less than or equal to 22.50% of the Issue Date VWAP (the **First Optional Conversion Restriction**); or

- (b) a Delisting Event applies in respect of the Non-Conversion Test Date (the **Second Optional Conversion Restriction** and together with the First Optional Conversion Restriction, the **Optional Conversion Restrictions**).

6.5 Deferred Conversion on Optional Conversion Date

If NAB has given an Optional Conversion Notice but, if the Conversion Date were a Relevant Mandatory Conversion Date for the purposes of clause 3.2, either the Second Mandatory Conversion Condition (applied as if it referred to 20.20% of the Issue Date VWAP) or the Third Mandatory Conversion Condition would not be satisfied in respect of that date, then, notwithstanding any other provision of these Terms:

- (a) the Optional Conversion Date will be deferred until the first Distribution Payment Date on which the Mandatory Conversion Conditions (applied as if the percentage of the Issue Date VWAP were 22.50% for the First Mandatory Conversion Condition and 20.20% for the Second Mandatory Conversion Condition) would be satisfied if that Distribution Payment Date were a Relevant Mandatory Conversion Date for the purposes of clause 3.2 (the **Deferred Conversion Date**);
- (b) NAB must Convert the NAB Capital Notes on the Deferred Conversion Date (unless the NAB Capital Notes are Converted, Written Off, Redeemed or Resold earlier in accordance with these Terms); and
- (c) until the Deferred Conversion Date, all rights attaching to the NAB Capital Notes will continue as if the Optional Conversion Notice had not been given.

NAB will notify the Holders on or as soon as practicable after an Optional Conversion Date in respect of which this clause 6.5 applies that Conversion did not occur on that Conversion Date.

7 Conversion mechanics

7.1 Conversion

If NAB elects to Convert NAB Capital Notes (with APRA's prior written approval) or must Convert NAB Capital Notes in accordance with these Terms, then, subject to this clause 7, the following provisions shall apply:

- (a) each Holder will be issued a number of Ordinary Shares for each NAB Capital Note that is being Converted on the Conversion Date equal to the Conversion Number, where the **Conversion Number** is the lesser of the number calculated according to the following formula and the Maximum Conversion Number:

Face Value

99% x **VWAP**

where:

VWAP (expressed in dollars and cents) means the VWAP during the VWAP Period;

Maximum Conversion Number means a number calculated according to the following formula:

$$\text{Maximum Conversion Number} = \frac{\text{Face Value}}{\text{(Issue Date VWAP x Relevant Fraction)}}$$

where:

Relevant Fraction means:

- (A) if Conversion is occurring on a Mandatory Conversion Date, 0.5; and
 - (B) if Conversion is occurring for any other reason, 0.2.
- (b) each Holder's rights (including to payment of Distributions, other than the Distribution if any, payable on a Conversion Date that is not a Loss

Absorption Event Conversion Date) in relation to each NAB Capital Note that is being Converted will be immediately and irrevocably terminated for an amount equal to the Face Value of that NAB Capital Note and NAB will apply the Face Value by way of payment for subscription for the Conversion Number of Ordinary Shares to be issued under clause 7.1(a). Each Holder is taken to have irrevocably directed that any amount payable under this clause 7.1(b) is to be applied as provided for in this clause 7.1(b) and no Holder has any right to payment in any other way;

- (c) if the total number of Ordinary Shares to be issued to a Holder in respect of their aggregate holding of NAB Capital Notes upon Conversion includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded; and
- (d) the rights attaching to the Ordinary Shares issued upon Conversion do not take effect until 5.00pm Sydney time on the Mandatory Conversion Date, Acquisition Conversion Date or the Optional Conversion Date (as the case may be) or, in the case of a Conversion on the Loss Absorption Event Conversion Date, the time at which such Conversion occurs on that date. At that time:
 - (i) all other rights conferred or restrictions imposed on that NAB Capital Note under these Terms will no longer have effect (except for rights relating to a Distribution which has been determined to be payable on a Conversion Date (that is not a Loss Absorption Event Conversion Date), which rights will continue); and
 - (ii) the Ordinary Shares issued upon the Conversion will rank equally with all other Ordinary Shares.

7.2 Adjustments to VWAP

For the purposes of calculating the VWAP in these Terms:

- (a) where, on some or all of the Business Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or

entitlement and NAB Capital Notes will Convert into Ordinary Shares after the date those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the Business Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount (the **Cum Value**) equal to:

- (i) (in case of a dividend or other distribution), the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Tax Act;
- (ii) (in the case of any other entitlement that is not a dividend or other distribution under clause 7.2(a)(i) which is traded on ASX on any of those Business Days), the volume weighted average sale price of all such entitlements sold on ASX during the VWAP Period on the Business Days on which those entitlements were traded; or
- (iii) (in the case of any other entitlement which is not traded on ASX during the VWAP Period), the value of the entitlement as reasonably determined by the Directors; and
- (b) where, on some or all of the Business Days in the VWAP Period, Ordinary Shares have been quoted on ASX as ex dividend or ex any other distribution or entitlement, and NAB Capital Notes will Convert into Ordinary Shares in respect of which the relevant dividend or other distribution or entitlement would be payable, the VWAP on the Business Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

7.3 Adjustments to VWAP for divisions and similar transactions

- (a) Where during the relevant VWAP Period there is a change in the number of Ordinary Shares on issue as a result of a Reorganisation, in calculating the VWAP for that VWAP Period the VWAP on each Business Day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reorganisation basis shall be adjusted by the following formula:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

B means the aggregate number of Ordinary Shares immediately after the Reorganisation.

- (b) Any adjustment made by NAB in accordance with clause 7.3(a) will be effective and binding on Holders under these Terms and these Terms will be construed accordingly. Any such adjustment must be promptly notified to the Holders.

7.4 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP, adjustments to the VWAP will be made in accordance with clauses 7.2 and 7.3 during the VWAP Period for the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

- (a) may be made in accordance with clauses 7.5 to 7.7 (inclusive); and
- (b) if so made, will correspondingly:
 - (i) affect the application of the Mandatory Conversion Conditions and the Optional Conversion Restrictions; and
 - (ii) cause an adjustment to the Maximum Conversion Number.

Appendix A:

Terms of NAB Capital Notes

7.5 Adjustments to Issue Date VWAP for bonus issues

- (a) Subject to clause 7.5(b), if NAB makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted in accordance with the following formula:

$$V = V_0 \times \frac{RD}{RD + RN}$$

where:

V means the Issue Date VWAP applying immediately after the application of this formula;

V₀ means the Issue Date VWAP applying immediately prior to the application of this formula;

RD means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue; and

RN means the number of Ordinary Shares issued pursuant to the bonus issue.

- (b) Clause 7.5(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of clause 7.5(a), an issue will be regarded as a pro rata issue notwithstanding that NAB does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing NAB is not in contravention of the ASX Listing Rules.
- (d) No adjustments to the Issue Date VWAP will be made under this clause 7.5 for any offer of Ordinary Shares not covered by clause 7.5(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by clause 7.5(a) shall not in any way restrict NAB

from issuing Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

7.6 Adjustment to Issue Date VWAP for divisions and similar transactions

- (a) If at any time after the Issue Date there is a change in the number of Ordinary Shares on issue as a result of a Reorganisation, NAB shall adjust the Issue Date VWAP by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reorganisation by the following formula:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

B means the aggregate number of Ordinary Shares immediately after the Reorganisation.

- (b) Any adjustment made by NAB in accordance with clause 7.6(a) will be effective and binding on Holders under these Terms and these Terms will be construed accordingly.
- (c) Each Holder acknowledges that NAB may consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

7.7 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of clauses 7.5 and 7.6, no adjustment shall be made to the Issue Date VWAP where such adjustment (rounded if applicable) would be less than one percent of the Issue Date VWAP then in effect.

7.8 Announcement of adjustments

NAB will notify the Registrar, ASX and the Holders (an **Adjustment Notice**)

of any adjustment to the Issue Date VWAP under this clause 7 within 10 Business Days of NAB determining the adjustment.

7.9 Ordinary Shares

Each Ordinary Share issued or arising upon Conversion ranks equally with all other fully paid Ordinary Shares.

7.10 Foreign Holders

Where NAB Capital Notes held by a Foreign Holder are to be Converted, unless NAB is satisfied that the laws of the Foreign Holder's country of residence permit the issue of Ordinary Shares to the Foreign Holder (but as to which NAB is not bound to enquire), either unconditionally or after compliance with conditions which NAB in its absolute discretion regards as acceptable and not unduly onerous, the Ordinary Shares which the Foreign Holder is obliged to accept will be issued to a nominee (which must not be NAB or any Related Entity of NAB) but otherwise in accordance with clause 7.1 and on terms that, at the first reasonable opportunity to sell the Ordinary Shares, the nominee will arrange for their sale and pay to the relevant Foreign Holder on a date determined by the nominee a cash amount equal to the Attributable Proceeds of the relevant Foreign Holder. The issue of Ordinary Shares to the nominee will satisfy all obligations of NAB in connection with the Conversion, the NAB Capital Notes will be deemed Converted and will be dealt with in accordance with clause 7.1 and, on and from the issue of Ordinary Shares, the rights of a Holder the subject of this clause 7.10 are limited to its rights in respect of the Ordinary Shares or the Attributable Proceeds as provided in this clause 7.10.

If Conversion is occurring because of the occurrence of a Loss Absorption Event and the Conversion has not been effected within five days after the Loss Absorption Event Conversion Date for any reason (including an Inability Event), then clause 4.5 will apply.

7.11 Listing Ordinary Shares issued on Conversion

NAB shall use all reasonable endeavours to list the Ordinary Shares issued upon Conversion of NAB Capital Notes on ASX.

7.12 Failure to Convert (other than on account of a Loss Absorption Event)

If on a Conversion Date (other than a Loss Absorption Event Conversion Date), an Ordinary Share is not issued or delivered in respect of a NAB Capital Note, that NAB Capital Note remains on issue (and will continue to entitle the Holder to Distributions in accordance with clause 2) until the Ordinary Share is issued to the Holder (which date shall be the Conversion Date in respect of that NAB Capital Note) or the NAB Capital Note is Redeemed (which date shall be the Redemption Date in respect of that NAB Capital Note) or Resold (which date shall be the Resale Date in respect of that NAB Capital Note), and a Holder shall have no claim in respect of that failure other than for specific performance of the obligation to issue or deliver the Ordinary Shares. This clause 7.12 does not affect the obligation of NAB to issue or deliver the Ordinary Shares when required in accordance with these Terms.

7.13 Conversion where the Holder does not wish to receive Ordinary Shares

If NAB Capital Notes of a Holder are required to be Converted and the Holder has notified NAB that it does not wish to receive Ordinary Shares as a result of Conversion, which notice may be given by the Holder at any time on or after the Issue Date and no less than 15 Business Days prior to the Conversion Date then, on the Conversion Date, the Holder's rights (including to payment of Distributions) in relation to each such NAB Capital Note being Converted are immediately and irrevocably terminated in accordance with clause 7.1(b) and NAB will issue the Conversion Number of Ordinary Shares to a nominee (which must not be NAB or any Related Entity of NAB) but otherwise in accordance with clause 7.1 and on terms that, at the first reasonable opportunity to sell the Ordinary Shares, the nominee will arrange for their sale and pay to the relevant Holder on a date determined by the nominee a cash amount equal to the Attributable Proceeds of the relevant Holder. The issue of Ordinary Shares to the nominee will satisfy all obligations of NAB in connection with the Conversion, the NAB Capital Note will be deemed Converted and will be dealt with in accordance with clause 7.1

and, on and from the issue of Ordinary Shares, the rights of a Holder the subject of this clause 7.13 are limited to its rights in respect of the Ordinary Shares or the Attributable Proceeds as provided in this clause 7.13.

If Conversion is occurring because of the occurrence of a Loss Absorption Event and the Conversion has not been effected within five days after the Loss Absorption Event Conversion Date for any reason (including an Inability Event), then clause 4.5 will apply.

8 Optional Redemption

8.1 Optional Redemption by NAB

NAB may, with APRA's prior written approval, by notice to the Registrar, ASX and the Holders (an **Optional Redemption Notice**), elect to Redeem:

- (a) all or some NAB Capital Notes on a Redemption Date following the occurrence of a Tax Event or a Regulatory Event; or
- (b) all or some NAB Capital Notes on 23 March 2020.

Holders should not expect that APRA's approval will be given for any Redemption of NAB Capital Notes under these Terms.

8.2 When Optional Redemption Notice may be given

An Optional Redemption Notice under this clause 8 may be given:

- (a) in the case of clause 8.1(a), on any day following the occurrence of the Tax Event or Regulatory Event (as applicable) provided that an Optional Redemption Notice cannot be given in the period of 20 Business Days preceding (and not including) a Relevant Mandatory Conversion Date where the First Mandatory Conversion Condition has been met in respect of that Relevant Mandatory Conversion Date; and
- (b) in the case of clause 8.1(b), no earlier than 50 Business Days and no later than 15 Business Days before 23 March 2020.

Subject to clause 4.7, an Optional Redemption Notice once given is irrevocable.

8.3 Contents of Optional Redemption Notice

An Optional Redemption Notice must specify:

- (a) in the case of clause 8.1(a), the details of the Tax Event or Regulatory Event to which the Optional Redemption Notice relates;
- (b) the date on which Redemption is to occur (the **Redemption Date**), which:
 - (i) in the case of a Tax Event or a Regulatory Event, is the Next Distribution Payment Date, unless NAB determines an earlier Redemption Date having regard to the best interests of Holders as a whole and the relevant event; or
 - (ii) in the case of clause 8.1(b), 23 March 2020;
- (c) if less than all NAB Capital Notes are subject to Redemption, the proportion of the NAB Capital Notes that are to be Redeemed; and
- (d) whether any Distribution will be paid in respect of the NAB Capital Notes to be Redeemed on the Redemption Date.

8.4 Restrictions on election by NAB of Redemption

NAB may only elect to Redeem the NAB Capital Notes if APRA is satisfied that either:

- (a) NAB Capital Notes the subject of the Redemption are replaced concurrently or beforehand with a capital instrument of the same or better quality and the replacement of the instrument is done under conditions that are sustainable for NAB's income capacity; or
- (b) the Group's capital position will remain adequate after NAB elects to Redeem the NAB Capital Notes.

Appendix A:

Terms of NAB Capital Notes

9 Redemption mechanics

9.1 Redemption mechanics to apply to Redemption

If, subject to APRA's prior written approval and compliance with the conditions in clause 8.4, NAB elects to Redeem a NAB Capital Note in accordance with these Terms, the provisions of this clause 9 apply to that Redemption.

9.2 Redemption

NAB Capital Notes will be redeemed by payment on the Redemption Date of an amount equal to the Face Value to the Holder.

9.3 Effect of Redemption on Holders

On the Redemption Date the only right Holders will have in respect of NAB Capital Notes will be to obtain the Face Value payable in accordance with these Terms and any Distribution NAB has determined is payable on that date. Upon payment of the Face Value, all other rights conferred, or restrictions imposed, by NAB Capital Notes will no longer have effect.

10 Optional Resale

10.1 Optional Resale by NAB

NAB may, with APRA's prior written approval, by notice to the Registrar, ASX and the Holders (an **Optional Resale Notice**), elect to Resell:

- (a) all or some NAB Capital Notes on a Resale Date following the occurrence of a Tax Event or a Regulatory Event; or
- (b) all or some NAB Capital Notes on 23 March 2020.

Holders should not expect that APRA's approval will be given for any Resale of NAB Capital Notes under these Terms.

10.2 When Optional Resale Notice may be given

An Optional Resale Notice under this clause 10 may be given:

- (a) in the case of clause 10.1(a), on any day following the occurrence of the Tax Event or Regulatory Event (as applicable) provided that an Optional Resale Notice cannot be

given in the period of 20 Business Days preceding (and not including) a Relevant Mandatory Conversion Date where the First Mandatory Conversion Condition has been met in respect of that Relevant Mandatory Conversion Date; or

- (b) in the case of clause 10.1(b), no earlier than 50 Business Days and no later than 15 Business Days before 23 March 2020.

Subject to clause 4.7, an Optional Resale Notice once given is irrevocable.

10.3 Contents of Optional Resale Notice

An Optional Resale Notice must specify:

- (a) in the case of clause 10.1(a), the details of the Tax Event or Regulatory Event to which the Optional Resale Notice relates;
- (b) the date on which Resale is to occur (the **Resale Date**), which:
 - (i) in the case of a Tax Event or a Regulatory Event, is the Next Distribution Payment Date, unless NAB determines an earlier Resale Date having regard to the best interests of Holders as a whole and the relevant event; or
 - (ii) in the case of clause 10.1(b), 23 March 2020;
- (c) if less than all NAB Capital Notes are subject to Resale, the proportion of the NAB Capital Notes that are to be Resold;
- (d) the identity of the Nominated Purchasers for that Resale and the Resale Price; and
- (e) whether any Distribution will be paid in respect of the NAB Capital Notes to be Resold on the Resale Date.

11 Resale mechanics

11.1 Resale mechanics

If NAB elects to Resell NAB Capital Notes in accordance with these Terms, the provisions of this clause 11 apply to that Resale.

11.2 Appointment of Nominated Purchaser

NAB must appoint one or more Nominated Purchasers for the Resale on such terms as may be agreed between NAB and the Nominated Purchasers. If NAB appoints more than one Nominated Purchaser in respect of a Resale, all or any of the NAB Capital Notes held by a Holder which are being Resold may be purchased by any one or any combination of the Nominated Purchasers, as determined by NAB for the Resale Price.

11.3 Identity of Nominated Purchasers

NAB may not appoint a person as a Nominated Purchaser unless that person is not NAB or any Related Entity of NAB.

11.4 Irrevocable offer to sell NAB Capital Notes

Each Holder on the Resale Date is taken irrevocably to offer to sell NAB Capital Notes the subject of an Optional Resale Notice to the Nominated Purchaser or Nominated Purchasers on the Resale Date for the Resale Price.

11.5 Effect of Resale

On the Resale Date subject to payment by the Nominated Purchaser of the Resale Price to the Holders, all right, title and interest in such NAB Capital Notes (excluding the right to any Distribution payable on that date) will be transferred to the Nominated Purchaser free from Encumbrances.

11.6 Effect of failure by Nominated Purchaser or Nominated Purchasers to pay

If a Nominated Purchaser does not pay the Resale Price to the Holders on the Resale Date (a **Defaulting Nominated Purchaser**):

- (a) the Optional Resale Notice as it relates to the Defaulting Nominated Purchaser will be void;
- (b) NAB Capital Notes will not be transferred to the Defaulting Nominated Purchaser on the Resale Date; and
- (c) Holders will continue to hold the NAB Capital Notes referable to the Defaulting Nominated Purchaser until they are otherwise Redeemed, Converted or Resold in accordance with these Terms.

12 General provisions relating to optional Conversion, Redemption and Resale

12.1 Treatment of Holders

At any time that NAB may elect for the NAB Capital Notes to be Converted, Redeemed or Resold, NAB may specify which of Conversion, Redemption and Resale applies to a particular NAB Capital Note. Without limitation to the foregoing:

- (a) NAB may select any one or more of Conversion, Redemption or Resale to apply to the NAB Capital Note held by a Holder; and
- (b) NAB may select a different combination of Conversion, Redemption and Resale in respect of NAB Capital Notes held by different Holders,

but otherwise NAB must endeavour to treat Holders in approximate proportion to their holdings of NAB Capital Notes (except that NAB may discriminate to take account of the effect on marketable parcels and other logistical considerations).

12.2 Holder acknowledgements relating to Conversion

Each Holder irrevocably:

- (a) upon Conversion of NAB Capital Notes in accordance with these Terms, consents to becoming a member of NAB and agrees to be bound by the Constitution, in each case in respect of the Ordinary Shares issued on Conversion;
- (b) acknowledges and agrees that it is obliged to accept Ordinary Shares upon a Conversion notwithstanding anything that might otherwise affect a Conversion of NAB Capital Notes including:
 - (i) any change in the financial position of NAB since the Issue Date;
 - (ii) any disruption to the market or potential market for the Ordinary Shares or to capital markets generally; or

- (iii) any breach by NAB of any obligation in connection with the NAB Capital Notes;
- (c) acknowledges and agrees that:
 - (i) where clause 4.4 applies:
 - (A) there are no other conditions to a Loss Absorption Event occurring as and when provided in clauses 4.2, 4.3 and 4.4;
 - (B) Conversion must occur immediately on the Loss Absorption Event and that may result in disruption or failures in trading or dealings in the NAB Capital Notes;
 - (C) it will not have any rights to vote in respect of any Loss Absorption Event Conversion; and
 - (D) the Ordinary Shares issued on Loss Absorption Event Conversion may not be quoted at the time of issue, or at all;
 - (ii) the only conditions to a Mandatory Conversion are the Mandatory Conversion Conditions;
 - (iii) the only conditions to a Conversion under clause 5 or a Conversion under clause 6 are the conditions expressly applicable to such Conversion as provided in clauses 5 and 6 of these Terms and no other conditions or events will affect Conversion;
 - (iv) clause 4.5 is a fundamental term of the NAB Capital Notes and where this applies, no other conditions or events will affect its operation; and
 - (v) a Holder has no right to request a Conversion, Redemption or Resale of any NAB Capital Note or to determine whether (or in what combination) NAB Capital Notes are Converted, Redeemed or Resold; and
- (d) agrees to provide to NAB any information necessary to give effect to a Conversion and, if applicable, to surrender any certificate relating to NAB Capital Notes on the occurrence of the Conversion.

13 Title and transfer

13.1 Title

Title to a NAB Capital Note passes when details of the transfer are entered in the Register.

13.2 Register conclusive as to ownership

Entries in the Register in relation to a NAB Capital Note constitute conclusive evidence that the person so entered is the absolute owner of the NAB Capital Note subject to correction for fraud or error.

13.3 Non-recognition of interests

Except as required by law or directive and as provided in these Terms, NAB and the Registrar must treat the person whose name is entered in the Register as the holder of a NAB Capital Note as the absolute owner of that NAB Capital Note.

No notice of any trust, Encumbrance or other interest in, or claim to, any NAB Capital Notes will be entered in the Register. Neither NAB nor the Registrar need take notice of any trust, Encumbrance or other interest in, or claim to, any NAB Capital Notes, except as ordered by a court of competent jurisdiction or required by law, and no trust, Encumbrance or other interest in, or claim to, any NAB Capital Notes will in any way affect any provision of these Terms (including without limitation any transfer of the NAB Capital Notes contemplated by this clause 13).

This clause 13.3 applies whether or not a payment has been made when scheduled on a NAB Capital Note and despite any notice of ownership, trust or interest in the NAB Capital Note.

13.4 Joint Holders

Where two or more persons are entered in the Register as joint Holders of a NAB Capital Note, they are taken to hold the NAB Capital Note as joint tenants with a right of survivorship, but the Registrar is not bound to register more than three persons as joint Holders of a NAB Capital Note.

Appendix A:

Terms of NAB Capital Notes

13.5 Dealings in whole

At all times, the NAB Capital Notes may be held or transferred only in whole NAB Capital Notes.

13.6 Transfer

Subject to the ASX Listing Rules, the NAB Capital Notes will be transferable only in accordance with these Terms and the rules and regulations of CHESS.

13.7 Instruments of transfer

A Holder may transfer a NAB Capital Note:

- (a) by a proper transfer according to the rules and regulations of CHESS;
- (b) by a proper transfer under any other computerised or electronic system recognised by the Corporations Act;
- (c) under any other method of transfer which operates in relation to the trading of securities on any securities exchange outside Australia on which the NAB Capital Notes are quoted or which is applicable to NAB; or
- (d) by any proper or sufficient instrument of transfer of marketable securities under applicable law.

13.8 Transfer on the occurrence of certain events

The Registrar must register a transfer of a NAB Capital Note to or by a person who is entitled to make or receive the transfer as a consequence of:

- (a) death, bankruptcy, liquidation or winding up of a Holder; or
- (b) a vesting order by a court or other body with power to make the order,

on receipt of evidence of entitlement that the Registrar or NAB requires.

13.9 Power to refuse to register

If permitted by the ASX Listing Rules, NAB may:

- (a) request any applicable CS Facility Operator to apply a holding lock to prevent a transfer of NAB Capital Notes from being registered on the CS Facility's Subregister; or
- (b) refuse to register a transfer of NAB Capital Notes to which paragraph (a) does not apply.

13.10 Obligation to refuse to register

NAB must:

- (a) request any applicable CS Facility Operator to apply a holding lock to prevent a transfer of NAB Capital Notes from being registered on the CS Facility's Subregister; or
- (b) refuse to register a transfer of NAB Capital Notes to which paragraph (a) does not apply: if:
 - (c) the ASX Listing Rules require NAB to do so; or
 - (d) the transfer is in breach of the ASX Listing Rules.

13.11 Written notice to holder of holding lock or refusal

If in the exercise of its rights under clause 13.9 or clause 13.10, NAB requests the application of a holding lock to prevent a transfer of NAB Capital Notes or refuses to register a transfer of NAB Capital Notes, NAB must give written notice of the request or refusal to the holder of the NAB Capital Notes, the transferee and the broker lodging the transfer, if any. Failure to give such notice does not invalidate NAB's decision.

14 Payments

14.1 Payments to Holders

Each payment in respect of a NAB Capital Note will be made to the person that is recorded in the Register as the Holder of that NAB Capital Note as at 7:00pm on the Record Date for that payment.

14.2 Payments to accounts

Payments will be made by crediting on the relevant payment date the amount due to an Australian Dollar bank account maintained in Australia with a financial institution, specified by the Holder to the Registrar by close of business on the Record Date for that payment.

14.3 Uncompleted payments

If:

- (a) a Holder has not notified the Registrar by close of business on the Record Date of an Australian Dollar bank account maintained in Australia with a financial institution to which payments in respect of the NAB Capital Note may be credited; or
- (b) the transfer of any amount for payment to the credit of the nominated account does not complete for any reason,

NAB will send a notice to the address most recently notified by the Holder advising of the uncompleted payment. In that case, the amount of the uncompleted payment will be held as a deposit in a non-interest bearing, special purpose account maintained by NAB or the Registrar until the first to occur of the following:

- (i) the Holder nominates a suitable Australian Dollar account maintained in Australia with a financial institution to which the payment may be credited;
- (ii) claims may no longer be made in respect of that amount, in which case the monies shall be paid to and be the property of NAB; or
- (iii) NAB becomes entitled or obliged to deal with the amount in accordance with the law relating to unclaimed monies.

No interest is payable in respect of any delay in payment.

14.4 Time limit on claims

A claim against NAB for a payment under a NAB Capital Note is void unless made within 5 years from the date on which payment first became due.

14.5 Rounding

For the purposes of any calculations required under these Terms:

- (a) all percentages resulting from the calculations must be rounded, if necessary, to the nearest one hundred thousandth of a percentage point (with 0.000005 per cent being rounded up to 0.00001 per cent);
- (b) all figures must be rounded to four decimal places (with halves being rounded up); and
- (c) all amounts that are due and payable in respect of a Holder's aggregate holding of NAB Capital Notes must be rounded to the nearest cent (with halves being rounded up).

14.6 Joint Holders

A payment to any one joint Holder of a NAB Capital Note will discharge NAB's liability in respect of the payment.

14.7 No set-off

A Holder does not have any right to set-off any amounts owing to it by NAB in connection with the NAB Capital Notes against any amount owing by it to NAB in connection with the NAB Capital Notes or otherwise.

NAB does not have any right to set-off any amounts owing to it by a Holder against any amount owing by it to the Holder in connection with the NAB Capital Notes.

14.8 Payments subject to law

All payments are subject to applicable law, but without prejudice to the provisions of clause 15.

14.9 Payments on Business Days

If a payment:

- (a) is due on a NAB Capital Note on a day which is not a Business Day, then the due date for payment will be postponed to the next day that is a Business Day; or
- (b) is to be made to an account on a Business Day on which banks are not open for general banking business in the place in which the account is located, then the due date for payment will be the next day on which banks are open for general banking business in that place,

and in either case, the Holder is not entitled to any additional payment in respect of that delay.

Nothing in this clause 14.9 applies to any payment referred to in clause 7.1(b) on a Loss Absorption Event Conversion Date.

15 Taxation**15.1 Withholdings and deductions**

All payments in respect of NAB Capital Notes must be made without any withholding or deduction in respect of Taxes, unless the withholding or deduction is required by law or permitted by this clause 15.

15.2 FATCA

NAB, in its absolute discretion, may withhold or deduct from payments or from the issue of Ordinary Shares to a Holder where it is required to do so under or in connection with FATCA, or where it has reasonable grounds to suspect that the Holder or a beneficial owner of NAB Capital Notes may be subject to FATCA, and may deal with such payment, the issue of Ordinary Shares and the Holder's NAB Capital Notes in accordance with FATCA.

NAB, in its absolute discretion, may require information from the Holder to be provided to the IRS or any other relevant authority, to determine the applicability of any withholding under or in connection with FATCA.

15.3 No gross up

If any withholding or deduction arises under or in connection with applicable law or FATCA, NAB will not be required to pay any further amounts or issue any further Ordinary Shares on account of such withholding or deduction or otherwise reimburse or compensate, or make any payment to, a Holder or a beneficial owner of NAB Capital Notes for or in respect of any such withholding or deduction and it will be taken to have made the payment or issue of Ordinary Shares to the Holder in full by accounting for the withholding or deduction to the relevant revenue authority and paying the balance to the Holder.

15.4 Tax file number

NAB will deduct tax from payments of Distributions on the NAB Capital Notes at the highest marginal tax rate plus the highest medicare levy if an Australian resident investor or a non-resident investor carrying on business in Australia at or through a permanent establishment of the non-resident in Australia has not supplied an appropriate tax file number, Australian Business Number or exemption details.

16 Ranking and subordination**16.1 Ranking of Distributions**

NAB Capital Notes rank in respect of payment of Distributions:

- (a) in priority to Ordinary Shares;
- (b) equally and without any preference amongst themselves and all Equal Ranking Instruments; and
- (c) junior to the claims of all Senior Creditors.

16.2 Ranking in a winding up

- (a) If an order is made by a court of competent jurisdiction in Australia (other than an order successfully appealed or permanently stayed within 30 days), or an effective resolution passed, for the winding up of NAB in Australia, the NAB Capital Notes are redeemable for their Face Value in accordance with this clause 16.2.
- (b) In a winding up of NAB in Australia, a NAB Capital Note confers upon the Holder, subject to clauses 4.4 and 4.5, the right to payment in cash of the Face Value on a subordinated basis in accordance with clause 16.2(c), but no further or other claim on NAB in the winding up of NAB in Australia.
- (c) Holders will rank for payment of the Face Value in a winding up of NAB in Australia:
 - (i) in priority to Ordinary Shares;
 - (ii) equally among themselves and with the claims of all Equal Ranking Instruments; and

Appendix A:

Terms of NAB Capital Notes

(iii) junior to the claims of all Senior Creditors with respect to priority of payment in a winding up in that:

- (A) all claims of Senior Creditors must be paid in full (including in respect of any entitlement to interest under section 563B of the Corporations Act) before the claims of Holders are paid; and
- (B) until the Senior Creditors have been paid in full, the Holders must not claim in the winding up of NAB in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive,

so that the Holder receives, for each NAB Capital Note it holds, an amount equal to the amount it would have received if, in the winding up of NAB, it had held an issued and fully paid Preference Share.

- (d) Nothing in clause 16.2:
 - (i) creates a charge or security interest on or over any right of the Holder; or
 - (ii) requires the consent of any Senior Creditor to any amendment of these Terms made in accordance with clause 18.

16.3 Agreements of Holders as to subordination

Each Holder irrevocably agrees that:

- (a) clause 16.2 is a debt subordination for the purposes of section 563C of the Corporations Act;
- (b) it does not have, and waives to the maximum extent permitted by law, any entitlement to interest under section 563B of the Corporations Act to the extent that a holder of a Preference Share would not be entitled to such interest;

(c) not to exercise any voting or other rights as a creditor in the winding up of NAB in any jurisdictions:

- (i) until after all Senior Creditors have been paid in full; or
- (ii) otherwise in a manner inconsistent with the subordination contemplated by clause 16.2;
- (d) that it must pay or deliver to the liquidator any amount or asset received on account of its claim in the winding up of NAB in respect of a NAB Capital Note in excess of its entitlement under clause 16.2; and
- (e) that the debt subordination effected by clause 16.2 is not affected by any act or omission of NAB or a Senior Creditor which might otherwise affect it at law or in equity.

16.4 Further agreements of Holders

Each Holder irrevocably acknowledges and agrees:

- (a) a Holder has no right to apply for NAB to be wound up, or placed in administration, or to cause a receiver, or a receiver and manager, to be appointed in respect of NAB merely on the grounds that NAB does not or is or may become unable to pay a Distribution when scheduled in respect of NAB Capital Notes; and
- (b) these Terms contain no events of default. Accordingly (but without limitation) failure to pay in full, for any reason, a Distribution on a scheduled Distribution Payment Date will not constitute an event of default.

16.5 Unsecured

NAB Capital Notes are unsecured.

17 Meetings of Holders and voting rights

17.1 Meetings of Holders

Meetings of Holders may be held in accordance with the Meetings Provisions. A meeting may consider any matter affecting the interests of Holders, including any amendment to these Terms proposed by NAB in accordance with clause 18.

17.2 Voting rights

A NAB Capital Note does not entitle its Holder to vote at a general meeting of NAB.

18 Amendment of these Terms

18.1 Amendments without consent

- (a) Subject to complying with all applicable laws, to clause 18.1(c) and to obtaining APRA's prior written approval where required in accordance with clause 18.4, NAB may without the authority, assent or approval of the Holders, amend these Terms and the NAB Capital Notes Deed Poll if NAB is of the opinion that the amendment:
 - (i) is of a formal, minor or technical nature;
 - (ii) is made to cure any ambiguity or correct any manifest error;
 - (iii) is necessary or expedient for the purpose of enabling the NAB Capital Notes to be listed or to remain listed on a stock exchange or lodged in a clearing system or to remain lodged in a clearing system or to be offered for sale or for subscription under the laws for the time being in force in any place;
 - (iv) is necessary or expedient for the purpose of complying with the provisions of any statute, the requirements of any statutory authority, ASX Listing Rules or the listing or quotation requirements of any securities exchange on which NAB may propose to seek a listing or quotation of the NAB Capital Notes;
 - (v) is necessary and appropriate to effect the substitution under clause 19;
 - (vi) is made to amend any date or time period stated, required or permitted in connection with any Conversion, Redemption or Resale (including, without limitation, when the proceeds of Redemption are to be reinvested in a new security to be issued by NAB or a member of the Group);

(vii) is made to:

- (A) amend the terms of the NAB Capital Notes to align them with any Relevant Tier 1 Capital Instruments issued after the Issue Date; or
- (B) amend the definition of Relevant Tier 1 Capital Instruments on account of the issue after the Issue Date of capital instruments of any member of the Group; or

(viii) is not materially prejudicial to the interests of Holders as a whole.

For the purposes of determining whether the amendment is not materially prejudicial to the interests of Holders as a whole, the taxation and regulatory capital consequences to Holders (or any class of Holders) and other special consequences which are personal to a Holder (or any class of Holders) do not need to be taken into account.

- (b) Subject to complying with all applicable laws and clause 18.1(c) and with APRA's prior written approval where required in accordance with clause 18.4, NAB may without the authority, assent or approval of the Holders, amend these Terms if NAB is of the reasonable opinion that the amendment is necessary and appropriate to effect the substitution of an Approved NOHC as issuer of the Ordinary Shares on Conversion in the manner contemplated by these Terms including without limitation amendments and additions to effect a substitution in accordance with clause 19.
- (c) If NAB considers that the amendment will be materially prejudicial to the interests of Holders as a whole, the amendment may only be made if it has been approved by a Special Resolution of Holders. In considering the rights of Holders as a whole NAB need not take into account the taxation and regulatory capital consequences to Holders (or

any class of Holders) or other special consequences which are personal to a Holder (or any class of Holders).

18.2 Amendment with consent

Without limiting clause 18.1, NAB may amend or add to these Terms if the amendment or addition has been approved by a Special Resolution of Holders. An amendment or addition to these Terms which in any way affects the eligibility of the NAB Capital Notes as Additional Tier 1 Capital cannot be approved by Holders under this clause 18 without the prior written approval of APRA.

18.3 Notification of amendment to APRA

NAB will promptly notify APRA of any amendments made in accordance with this clause 18.

18.4 Requirement for APRA approval

A requirement in this clause 18 for an amendment to be made with APRA's prior written approval applies only where the amendment may affect the eligibility of NAB Capital Notes as Additional Tier 1 Capital.

18.5 Meaning of amend and amendment

In this clause 18, **amend** includes modify, cancel, alter or add to and **amendment** has a corresponding meaning.

19 Substitution

19.1 Substitution of Approved NOHC as issuer of Ordinary Shares

Where:

- (a) NAB proposes to implement a NOHC Event involving an Approved NOHC; and
- (b) the Approved NOHC agrees for the benefit of Holders:
 - (i) to deliver fully paid ordinary shares in its capital under all circumstances when NAB would otherwise have been required to deliver Ordinary Shares and upon the occurrence of an Acquisition Event with respect to

the Approved NOHC, subject to the same terms and conditions as set out in these Terms (with all necessary modifications); and

- (ii) to use all reasonable endeavours and furnish all such documents, information and undertakings as may be reasonably necessary in order to procure quotation of all ordinary shares in the capital of the Approved NOHC issued under these Terms (with all necessary modifications) on the securities exchange on which the other ordinary shares in the capital of the NOHC are quoted at the time of a Conversion,

NAB may give a notice (an **Approved NOHC Substitution Notice**) to the Holders (which, if given, must be given as soon as practicable before the NOHC Event and in any event no later than 10 Business Days before the NOHC Event occurs) specifying the amendments to these Terms which will be made in accordance with clause 19.2 to effect the substitution of an Approved NOHC as the issuer of ordinary shares on Conversion (the **Approved NOHC Substitution Terms**). An Approved NOHC Substitution Notice, once given, is irrevocable. If NAB gives an Approved NOHC Substitution Notice to Holders in accordance with clause 19.4, the Approved NOHC Substitution Terms will have effect on and from the date specified in the Approved NOHC Substitution Notice. No proposal to implement a NOHC shall prevent, impede or delay a Conversion required on account of a Loss Absorption Event.

19.2 Amendment without consent for substitution of an Approved NOHC

Subject to complying with all applicable laws and with APRA's prior written approval, if the circumstances described in clauses 19.1(a) and 19.1(b) apply, without the authority, assent or approval of Holders, NAB may give an Approved NOHC Substitution Notice which:

- (a) amends the definition of "Conversion" such that, unless APRA otherwise agrees, on the date NAB Capital Notes are to be Converted:

Appendix A:

Terms of NAB Capital Notes

- (i) each NAB Capital Note that is being Converted will be automatically transferred by each Holder free from Encumbrance to the Approved NOHC (or another member of the Group which is a holding company of NAB) (the **Transferee**) on the date the Conversion is to occur;
- (ii) each Holder (or in the circumstances contemplated in clause 7.10 or 7.13, the nominee) will be issued a number of ordinary shares in the capital of the Approved NOHC equal to the Conversion Number; and
- (iii) as between NAB and the Transferee, each NAB Capital Note held by the Transferee as a result of the transfer will be automatically Converted into Ordinary Shares, in a number such that the total number of Ordinary Shares held by the Transferee increases by the number which equals the number of ordinary shares in the capital of the Approved NOHC issued by the Approved NOHC to Holders on Conversion; and
- (b) makes such other amendments as in NAB's reasonable opinion are necessary and appropriate to effect the substitution of an Approved NOHC as the provider of the ordinary shares on Conversion in the manner contemplated by these Terms, including without limitation:
 - (i) amendments and additions to the definition of "Group", "Acquisition Event", "Common Equity Trigger Event", "Non-Viability Trigger Event", "Loss Absorption Event", "Regulatory Event", "Tax Event" and "Mandatory Conversion";
 - (ii) where the terms upon which the Approved NOHC acquires NAB are such that the number of ordinary shares in the capital of the Approved NOHC on issue immediately after the substitution differs from the number of Ordinary Shares on issue immediately before the substitution (not involving any cash payment, or other

distribution (or compensation) to or by the holders of any such shares), an adjustment to any relevant VWAP or Issue Date VWAP consistent with the principles of adjustment set out in clause 7;

- (iii) amendments to the mechanics for adjusting the Conversion Number; and
- (iv) any term defining the rights of Holders if the Conversion is not effected which is appropriate for the NAB Capital Notes to remain as Tier 1 Capital.

19.3 Further substitutions

After a substitution under clause 19.1, the Approved NOHC may, without the consent of the Holders, effect a further substitution in accordance with clause 19.1 (with necessary changes).

19.4 Notice to Holders

NAB or the Approved NOHC must notify the Registrar, ASX and the Holders of the particulars of any substitution according to clause 19.1 or clause 19.3 in writing as soon as practicable after the substitution.

19.5 Acknowledgement of Holders

Each Holder irrevocably acknowledges and agrees that an Approved NOHC may in accordance with these Terms be substituted for NAB as issuer of the Ordinary Shares on Conversion and that if such a substitution is effected, the Holder is obliged to accept ordinary shares in that Approved NOHC on a Conversion, and will not receive Ordinary Shares in NAB.

20 Further issues and no other rights

20.1 Further issues permitted

Each of the following is expressly permitted and authorised by these Terms:

- (e) A reference to a statute, ordinance, code or other law includes regulations and other instruments under it and consolidations, amendments, re-enactments or replacements of any of them.
- (f) Other than in relation to a Loss Absorption Event and a conversion on a Loss Absorption Event Conversion Date and other than as

otherwise specified in these Terms, if an event under these Terms must occur on a stipulated day which is not a Business Day, then the stipulated day will be taken to be the next Business Day.

- (g) A reference to dollars, AUD, A\$, \$ or cents is a reference to the lawful currency of Australia.
- (h) Calculations, elections and determinations made by or on behalf of NAB under these Terms are binding on Holders in the absence of manifest error.
- (i) Any provisions which refer to the requirements of APRA or any other prudential regulatory requirements will apply only if NAB is an entity, or the holding company of an entity, or is a direct or indirect subsidiary of an entity (including a NOHC), subject to regulation and supervision by APRA at the relevant time.
- (j) Any provisions which require APRA’s consent or approval will apply only if APRA requires that such consent or approval be given at the relevant time.
- (k) Any provisions in these Terms requiring the prior approval of APRA for a particular course of action to be taken do not imply that APRA has given its consent or approval to the particular action as of the Issue Date. Where under these Terms, APRA approval is required, for any act to be done or not done, that term does not imply that APRA approval has been given as at the Issue Date.
- (l) The terms “holding company”, “wholly-owned subsidiary” and “subsidiary”, when used in these Terms have the meaning given in the Corporations Act.
- (m) A reference to a party to an agreement or deed includes a reference to a replacement or substitute of the party according to that agreement or deed.

Appendix A:

Terms of NAB Capital Notes

- (o) The words “includes” or “including”, “for example” or “such as” do not exclude a reference to other items, whether of the same class or genus or not.
- (p) Words importing any gender include all other genders.
- (q) The terms takeover bid, relevant interest, scheme of arrangement, buy-back, related body corporate and on-market buy-back when used in these Terms have the meaning given in the Corporations Act.
- (r) A reference to any term defined by APRA (including, without limitation, “Additional Tier 1 Capital”, “Common Equity Tier 1 Capital”, “Level 1”, “Level 2”, “Prudential Capital Requirements”, “Tier 1 Capital” and “Total Capital”) shall, if that term is replaced or superseded in any of APRA’s applicable prudential regulatory requirements or standards, be taken to be a reference to the replacement or equivalent term.
- (s) A reference to a term defined by the ASX Listing Rules or the ASX Operating Rules shall, if that term is replaced in those rules, be taken to be a reference to the replacement term.
- (t) If the principal securities exchange on which Ordinary Shares are listed becomes other than ASX, unless the context otherwise requires a reference to ASX shall be read as a reference to that principal securities exchange and a reference to the ASX Listing Rules, ASX Operating Rules or any term defined in any such rules, shall be read as a reference to the corresponding rules of that exchange or corresponding defined terms in such rules (as the case may be).
- (u) Where NAB is required to give or serve a notice by a certain date under these Terms, NAB is required to despatch the notice by that date (including at NAB’s discretion, by posting or lodging notices with a mail house) and delivery or receipt (or deemed delivery) is permitted to occur after that date.
- (v) Where a Holder is required to give or deliver a notice to NAB by a certain date under these Terms, the notice must be received by NAB by that date.
- (w) A reference to time is to Melbourne time.

24.3 Inconsistency with ASX Listing Rules

So long as NAB Capital Notes are quoted on ASX, these Terms as they relate to those NAB Capital Notes are to be interpreted in a manner consistent with applicable ASX Listing Rules, except to the extent that an interpretation consistent with the ASX Listing Rules would affect the eligibility of NAB Capital Notes as Additional Tier 1 Capital.
